REPORT

ON THE

PROGRESS OF SETTLEMENT OPERATIONS

IN THE

NORTH-WESTERN PROVINCES,

DURING THE

YEAR 1875-76.

No. 461 of 1876.

FROM

C. H. T. CROSTHWAITE, Esq.,
Offg. Secy. to the Board of Revenue, N.-W. Provinces,

To

B. W. COLVIN, Esq.,

Offg. Secy. to Government, N.-W. Provinces.

DATED ALLAHABAD, THE 30TH NOVEMBER, 1876.

SIR,

DEPARTMENT I.

ETTLEMENT OF LAND
REVENUE.

Present: H. S. Reid, Esq. I AM desired by the Senior Member to submit, for the information and orders of His Honor the Lieutenant-Governor, the accompanying report on the progress of settlement operations during the year ending 30th June, 1876.

2. The divisional reports were received from the Commissioners on the dates noted below:—

Date of receipt of divisional reports.

 Meerut
 ...
 ...
 14th August.

 Kumaun
 ...
 ...
 11th ditto.

 Rohilkhand
 ...
 ...
 21st ditto.

 Agra
 ...
 ...
 24th ditto.

 Allahabad
 ...
 ...
 28th September.

 Benares
 ...
 14th August.

3. During the year under notice the following changes took place in the staff of the Settlement Department:—

Changes among Officers during the year.

The services of Mr. S. O. B. Ridsdale, Settlement Officer of Hamírpur, were placed at the disposal of the Government of India for employment in the Assam Commission, and Mr. W. E. Neale, who had just then returned from furlough, was appointed in his place.

- Mr. G. Butt, late Assistant Settlement Officer of Shahjahanpur, was on his return from furlough posted in the same capacity to Agra. He was afterwards transferred to Cawnpore in the room of Mr. Evans, who went on furlough. He has since been deputed to enquire into the condition of the deteriorated villages in the Farukhabad, Mainpuri, and Etah districts.
- Mr. A. M. Markham was appointed additional Settlement Officer of Allahabad, with a view to push on the record work, which was in a backward state. He has since resigned the appointment.
- Mr. J. S. Porter, Deputy Commissioner of Lalitpur, was appointed Settlement Officer of Jhansi. But the work entrusted to him is of a special nature, and not

connected with a regular revision of settlement. He has since been succeeded by Mr. J. LaTouche.

Alteration in Appendices explained.

4. The statements accompanying the present report are similar to those appended to the report for the previous year. Some few alterations have been made in the column headings of the statements as directed in para. 2 of Government order No. 463A., dated 29th March, 1876. The map column has been omitted from Appendix II. as the progress in this branch of the work is now separately noticed. In Appendix IV., an additional column has been inserted to show the date from which the new revenue of each pargana took effect.

An extra column has also been added to Appendix VI. to show the charges in each district from the commencement of operations.

The figures exhibited in the present statements and those entered in the appendices to the previous report do not always agree. The variations in the pargana areas are due to errors detected in the course of examination and testing by the Settlement Department. Discrepancies of this sort will always occur until the parganas are assessed and the records have been filed.

The number of maháls differs in some cases from that hitherto shown owing to partition and union, and mistakes made by Settlement Officers in their former returns.

Notice of operations.

- 5. The operations of the year will be noticed under the following five heads:-
- (1.) Measurement.

(4.) Judicial work.

(2.) Inspection.

(5.) Records.

(3.) Assessment.

I .- Measurement.

6. Two districts only remain under survey, Moradabad and Bánda. In the former, the Ganges khadir of pargana Hasanpur has been purposely left until the season of 1876-77, in order that the survey may immediately precede the Settlement Officer's inspection. It will be finished in the present cold season. The survey of Bánda will most probably occupy another two years.

Progress of survey.

7. The progress in survey is shown below: -

	Dist	trict.	4	Area sur- veyed du- ring year.	Remaining.	Name of officer conducting survey.
Moradabad Agra Binda Hamirpur Azamgarh			•••	535,454 185,952 391,+69 155,364 184,899	96,000 1,127,606 	Captain Barron. Mr. E. S. T. Johnson, Colonel Anderson. Mr. R. Smart. Mr. W. Lane.
		Total		1,402,338	1,223,606	

Survey of permanently settled districts.

8. The survey of the permanently settled parganas in Azamgarh, which was commenced in the previous year, was completed last season. The question of making a cadastral survey of the other permanently settled districts is for the present in abeyance. A brief account of the preliminary steps that were taken towards that object up to the time that orders were received to stop the work, is given in the abstract of district reports.

11.-Inspection.

9. The area inspected for assessment purposes during the year was 2,136,282 acres, of which 1,611,368 acres are in districts under professional survey, and 524,914 acres in districts the measurements of which were carried out by the Scttlement Department. It has already been explained in the report for last year that in the districts under professional survey inspection work cannot be begun until the maps have been supplied to Scttlement Officers by the Survey Department. During the year the area for which maps were furnished was 2,139,985 acres.

10. The following table shows the progress in inspection work up to the 30th June last:

	}		Area for	A				
District.	; } ! !	Area sur- veyed.	which maps have been supplied.	In past year.	During year.	Total.	Percentage of column 6 to column 3

- 11. The inspection of pargana Kashipur has been finished, as also that of the remaining parganas in Cawnpore, Fatehpur, and Allahabad. Inspection work in Azamgarh was completed last year. The area shown as remaining in Appendices I. and III. is that of the permanently settled parganas. In the remaining districts, Bánda excepted, more than half the available area has been inspected, while in Muttra and Agra not much remains to be done. The settlement work is rather behind the survey in Bánda. It is probable that many of the maps were received at a late period of the year. Mr. Cadell could hardly have inspected a larger area than he has done. He states in his report that the settlement is keeping up with the survey. He has been asked to explain how this can be if his inspection has only covered 44 per cent. of the area for which maps have been delivered. The areas inspected by Messrs. Ridsdale and Smeaton are large. In Fatehpur, Cawnpore, and Allahabad, the year's work completed the inspection of the district.
- 12. Fair progress has been made in this branch of the work in all the districts with the exception of Agra, Bánda, and Hamírpur.

Mr. Smith was unable to submit any rent-rate reports within the year owing to press of work in connection with the closing of the Aligarh settlement. But shortly after the close of the year, the reports for parganas Itimadpur, Firozabad, and Bah Pináhat were received by the Board, and the rent-rates have been sanctioned. The report for Fatchabad has just been submitted. The rent-rate reports of two more of the remaining five parganas of the district have been promised by Mr. Smith in February next.

13. Mr. Ridsdale submitted the report for paragana Hamírpur before leaving for Assam. The one for Samerpur was also written by him, but was forwarded to the Board after his departure. The report for pargana Maudha, which is under Mr. Cadell's charge, is promised soon. Its submission has been delayed owing partly to other work, and partly because Mr. Cadell was anxious to master the circumstances of the Banda district before committing himself to the assessment of Maudha, which is of a character cognate to that of Banda. In this he acted judiciously. On the receipt of the Maudha report, the Senior Member proposes to address Government on the subject.

III.—Assessment.

Progress in assessment

14. The following table shows the progress in assessment work up to the close of 1875-76. The names of those parganas the assessments of which were declared within the year are shown in italics. The parganas marked with a star are those the rent-rate reports of which have been received since the close of the year under report:—

(a)		

15. The result of the assessments declared during the year has been an increase of Rs. 2,11,378 to the land revenue.

Fiscal results.

16. The number of cases, original and on appeal, instituted and decided, is shown in Appendix V., and is also separately noticed in the district notes. Altogether 103,006 original cases and 2,358 appeals came up for trial, of which 87,135, or 84 per cent. of the former, and 1,918, or 81 per cent. of the latter were disposed of.

IV .- Judicial work.

17. During the year the remaining records of the Aligarh District were filed in the Collector's office.

V.-Records.

The progess made in other districts will be considered separately under the following heads:—

1. Maps.

4. Khewat.

2. Khasra.

5. Wajibularz.

3. Jamabandi.

18. The Government is aware from the note submitted with my No. 1572, dated 26th August, 1875, that the village maps of the districts which have been professionally surveyed are being reproduced by the photozincographic process under the

1. Мара.

- 2. Etáwah.
- 3. Etah.
- 5. Fatchpur.
- 6. Allahabad.

Aligarh.
 Mainpuri.

superintendence of the Surveyor General at Calcutta. The maps of the first three districts noted on the margin are being drawn for lithography in the Board's office, and those of the five last by the Settlement Officers. In the remaining districts of the North-Western Provinces no measures have yet been

taken for the reproduction of the maps.

						1,352	
			945			2,526	
•••	•••	•••	755	916		916	
	Total	•••	7,849	13,962	1,709	12,253	
	ur)	*** **** *** *** *** *** *** *** *** *** *** ***	ur)	District. villages. ur) 181 2,846 726 1,462 434 945 945 755	District. Number of villages. sheets or village plans. ur) 2,446 3,763 726 1,669 1,462 3,002 434 1,352 945 2,950 945 916	District. Number of villages. sheets or village plans.	

(a) Note. The two parganas shown in Appendix III. as remaining are permanently settled.

Little has been done, because the establishment necessary and the plans required for the work have not yet been got together. It is expected that the arrangements will be completed in January next, and an annual outturn of 3,200 sheets in editions of 50 each may then be expected.

20. The work under the immediate supervision of the Board's office relates_to the following three districts:—

Farukhabad; Etáwah; Etah;—

the maps of which are traced in this office and lithographed at the Government Press. During the year of report the Press could not keep up with the work, and the Board had to employ private presses to print the maps which had been drawn on transfer paper, and would have been spoiled by delay. This measure was sanctioned by Government in letter No. 781A., dated 23rd May, 1876, (Revenue Department).

21. The subjoined table shows what has been done towards tracing and lithographing the maps of the three districts up to the present time:—

		Number of villages of	Number of	Number of maps sent to	Number of	Number remaining		
District		which maps are required.	maps traced	Press to be lithographed.	maps printed.	To be traced.	To be printed.	
Farukhabad Etáwah Etah		1,789 1,542 1,527	1,201 680 1,082	1,009 650 878	992 514 862	588 862 445	797 1,028 665	
Total	•••	4,858	2,063	2,532	2,368	1,895	2,490	

22. The expenditure in tracing in the Board's office has been Rs. 10,068, being at the rate of Rs. 3-6-5 per map (not sheet).

The cost has been enhanced by the necessity of tracing again many of the copies which had been allowed to remain for a long time in the Government Press and had become unfit to print from.

23. In Aligarh, Mainpuri, Cawnpore, Allahabad, and Fatchpur, the maps have been drawn on transfer paper by the Settlement Officers. The progress made in these districts has been as follows:—

	· — · · =	Number of villages of	Number of	Number of naps sent to	Number of	Number remaining		
District.			maps traced.	Government Press to be lithographed.	maps printed	To be traced.	To be printed.	
Aligarh Mainpuri Cawnpore Fatchpur Allahabad		1,809 1,433 2,088 1,626 3,987	894 982 748 1,626 2,536	894 982 711 1,626 2,745	453 982 648 958 2,225	915 451 1,340 1,451	1,356 451 1,4.0 668 1,762	
Total	•••	10,943	6,786	6,958	5,266	4,157	5,677	

Progress has been impeded both in the Board's and the Settlement Offices by the necessity, mentioned above, of re-tracing maps which had been kept in the Press until the ink dried. The maps were traced faster than they could be printed with the means at the disposal of the Superintendent. The number of presses has now been increased and the work is going on satisfactorily. The maps are lithographed in editions of twenty-five copies.

24. The establishments entertained for drawing the maps on transfer paper and the probable cost of completing the work in the eight districts in which it has been undertaken, were reported to Government in my No. $\frac{118}{XL\cdot 18}$, dated 13th April, 1876,

25. The next record is the khasra. The progress made in the preparation of this paper is shown in the following statement for each district:-

	Con	pleted in	rough.	First f	air copy 1	prepared.	Copied.			
District.	Total requir- ed.	Incom- plete.	Percentage incom- plete.	Total required	Incom- plete.	Percentage incom- plete.	Total required.	Incom- plete.	Percentage incom- plete.

Total	25,820	4,345	16	26,479	11,129	42	28,655	14,086	49	

26. A comparison of this statement with that given in para. 14 of last year's report will show at once what advance has been made. There now remain

to be prepared in rough 16 per cent. against 19 per cent. last year.

to be faired to be copied 42 49

53

Of the districts mentioned as backward in last year's report, Cawnpore and Fatehpur have made up their lost ground considerably. Allahabad has advanced in copying, but not in fairing. In the other districts as much has been done as was possible considering the stage of the work.

27. The progress made in the preparation of the jamabandi is similarly shown in the following statement:-

3. The Jamabandi.

53

67

Considering the stage at which the Allahabad settlement has now arrived, and that only one tahsil remains to be assessed, it is disappointing to find this important record still so much in arrears.

29. The subjoined table shows the arrears in the knewat work:—

		1	n rough.		First fai	r copy p	repared.		Copied.

The arrears in the khewat as compared with those in 1874-75 are

to be prepared in rough 20 per cent. against 34 per cent.

to be faired 5369 " "

to be copied 59 79

It is noticeable how far ahead some of the most recent settlements are in the preparation of this important record, in comparison with those that have been long in progress, especially Muttra and Hamirpur, as compared with Fatehpur and Allahabad, Allahabad is especially backward. I am to refer to my letter No. 840N., dated 29th July, 1876, to the address of Government.

5. The Wajibularz.

The last record is the wajibularz. The following statement shows the number remaining incomplete in each district :-

		n rough.		First fair copy prepared.			Copied.		
District.	Total required	Incomplete.	Per- cent- age incom- plete.	Total required.	Incomplete.	Per- cent- age incom- plete.	Total required.	Incom- plete.	Per- cent- age incom plete.

^{32.} The arrears in this record as compared with those of last year are as follows:-

to be prepared in rough 18 per cent. against 37 per cent. last year.

5665 to be faired ,,

62 76 to be copied

The progress in Cawnpore and Fatehpur is good. In comparing the figures of Azamgarh with those shown in last year's report, it must be noted that the present statements include the permanently settled parganas which have since come under settlement for the preparation of records.

33. The settlement of the following parganas was declared to be closed by Notification under section 37, Act XIX. of 1873, during the year:—

Settlements closed with in the year.

34. The preceding review of the settlement operations of the past year will, the Senior Member trusts, satisfy His Honor the Lieutenant-Governor that the officers of the Settlement Department have fully maintained their reputation. Where honest hard work has been the rule, it is not possible to single out individual officers for special commendation.

The Senior Member commends the Settlement Officers whose work he has supervised to the favourable notice of IIis Honor, as well as the Assistant Settlement Officers and Deputy Collectors whose work has been well spoken of by the officers under whom they served during the year under review.

I have the honour to be,

SIR,

Your most obedient Servant,

C. H. T. CROSTHWAITE,

Officiating Secretary.

Concluding remarks.

ABSTRACT OF DISTRICT REPORTS.

MEERUT DIVISION.

ALIGARH.

Area 1,957 square miles,
,, surveyed 1,957 ,, ,,
,, inspected 1,957 ,, ,,
,, assessed 1,957 ,, ,,

Officers.
Mr. W. H. Smith, Settlement Officer of Agra, in

charge.
Pandit Ajudhiya Parshad, Deputy Collector. THE settlement of the remaining portion of this district was closed in October, 1875. With the exception of a few traces of village maps, no record work of any description remained unfinished at the close of the year under report. All the cases and appeals were also disposed of.

The cost of the settlement has been Rs. 4,66,376-2-6 since its commencement.

The final report was submitted to Government with my No. 583N., dated 9th June, 1875.

ROHILKHAND DIVISION.

MORADABAD AND KASHIPUR.

Area 2,576 square miles.
, surveyed 2,426 , ,
, inspected 1,538 , ,
, assessed 882 , ,

(a.) Moradabad.—The survey of the whole district has virtually been completed.

Inspection work is also well up. Including Káshipur, the outturn of the past year was 419,888 acres. The new assessments of parganas Thakurdwára and Bilári were declared and came into force from 1284 Fasli. The result of the revision has been an increase of Rs. 92,638 to the revenues of the two parganas. There remain only three parganas to be assessed, of which the rent-rate report for pargana Sambhal has since been received and sanctioned by the Board. All enhancement and commutation cases instituted after declaration of the new jamas were disposed of within the year, and to a great extent were settled amicably by the Settlement Officer's influence.

The whole of the new records for pargana Moradabad, with the exception of those relating to the city, have been deposited in the Collector's office, and both the patwaris and the tahsil have been supplied with copies. The Senior Member is satisfied with the arrangements made by the Settlement Officer for maintaining the records of the other parganas up to date.

During the year the new arrangement of patwáris' circles was completed for parganas Moradabad, Thakurdwára, and Bilári.

Case work was somewhat heavy; 14,939 suits came up for disposal, of which 13,440 were disposed of during the year. Only two decisions were given ex-parte, which is satisfactory. Besides the above, there were 329 appeals, of which 257 were disposed of before the year closed.

The charges were Rs. 1,65,699-8-1 during the year, and Rs. 4,86,572-7-0 up to June, 1876.

Mr. Smeaton speaks well of the efficient assistance rendered him by his suborditane Officers.

Officers.

Mr. D. M. Smeaton, Scttlement Officer, in charge. Mr. R. T. Wyer, Assistant Settlement Officer.

Maulvi Imam-ud-din, Munshi Dabi Parshad, Munshi Rám Sahai, Deputy Collectors. (b). Káshipur.—The survey of Káshipur was completed last year, and all the maps have been delivered to the Settlement Department. The pargana was inspected during the year by the Settlement Officer. Deputy Collector Imam-ud-din has been put in charge of the record work of the pargana, and the arrangement is found to answer well. Hardly any record work in the rough remains unfinished. Final fairing cannot be commenced until the assessment has been declared.

Of the 1,166 suits instituted within the year, 752, or 64 per cent., were disposed of. No cases were decided *ex-parte*.

The charges during the year have been Rs. 11,053-2-1 and Rs. 11,469-12-1 since the commencement of operations.

The Settlement Officer speaks well of the Deputy Collectors' services.

AGRA DIVISION.

MUTTRA (INCLUDING JALESAR).

```
Area ... ... 1,629 square miles,

,, surveyed 1,629 ,, ,,

,, inspected 1,408 ,, ,,

,, assessed 997 ,, ,,
```

The cadastral survey of this district has been completely finished.

Two tahsils, viz., Chata and Kosi, were inspected during the year. Only one tahsil now remains, which will probably be finished this cold season.

The new assessments of Mahában and Muttra were given out during the year. The result of the revision is a net increase of revenue of Rs. 67,391. Mr. McConaghey hopes to submit the rent reports of the two tabsils inspected within the year in the present cold season.

With few exceptions, the rough records for the whole district have been completed. In tahsils Jalesar and Sadabad fairing work is progressing steadily.

Case work has been exceptionally heavy. To a great extent this has been due to the prevalence of bhyachara tenures in Kosi and Châta, and to the imperfect condition of the patwaris' papers in those tahsils. Out of 21,609 cases for trial, 17,111 were disposed of, and 4,498 were pending at the close of the year. Appeals were also numerous.

The total cost of settlement operations has been Rs. 4,95,321-12-4, of which Rs. 1,33,459-5-9 were expended during the year.

Mr. McConaghey acknowledges the efficient assistance he has received from Mr. Whiteway, the Assistant Settlement Officer, and from the Uncovenanted Deputy Collectors.

AGRA.

```
Area ... ... 1,862 square miles.
" surveyed 1,862 " "
" inspected 1,210 " "
" assessed Nil.
```

The survey of the district was completed during the year. Work was commenced in November, 1872, and has occupied altogether $3\frac{1}{2}$ years.

Nearly all the maps have also been supplied by the Survey Department.

Inspection work is well up. Of the 287,583 acres inspected in 1875-76, 197,103 acres were done by Mr. Smith, and the remainder by Mr. Benson.

Rent-rate reports for parganas Itimadpur and Firozabad were submitted during the year, and the one for Pináhat subsequent to June, 1876. The report for Fatehabad has also just been received.

Officers.

Mr. M. A. McConaghey, Settlement Officer. Mr. R. S. Whiteway, Assistant Settlement Officer, Munshi Ali Muhammad, Munshi Inam-ulla, and Pandit Debi Diu, Deputy Collectors.

Officers.

Mr. W. H. Smith, Settlement Officer.
Mr. W. B. Benson, Assistant Settlement Officer.
Munshi Guru Saran Dasand Pandit Adinath Tiwari,
Deputy Collectors.

The records of the first six tahsils in Appendix I. have been completed as far as it was possible to complete them before assessment. In the remaining three record work has only lately commenced.

Mr. Smith has explained in a separate communication to the Board the arrangements made by him for maintaining the settlement papers up to date in cases where assessment has not immediately followed the preparation of the records.

Case work was not so heavy in this district as in Muttra. There were altogether 8,590 original suits and 254 appeals for disposal during the year. Of these 5,765 of the former and 165 of the latter were disposed of.

The cost of settlement has been Rs. 3,39,504-7-2 since commencement of operations, and Rs. 1,09,890-7-0 during the year under report.

Mr. Smith testifies to the efficient aid rendered to him by the Assistant Settlement Officer, Mr. Benson, and by the two Deputy Collectors.

ALLAHABAD DIVISION.

CAWNPORE.

... 2,337 square miles. surveyed 2,337 inspected 2.337 assessed 1,994

Measurements were completed prior to the year under report.

The small area remaining to be inspected at the end of the previous year was finished last cold season, and with it the inspection of the whole district has been completed.

During the year the remaining portion of pargana Derapur (known as Sikandra) and the whole of Bhognipur were assessed. Pargana Ghátampur is the only one remaining. It will be assessed in the present cold season, the rent-rate report having just been received by the Board.

The preparation of the records has proceeded satisfactorily. The work has been systematized, arrears wiped off, and such regular progress obtained that its completion by the end of next cold season may be anticipated. During the year the complete papers for 630 villages have been deposited in the Collector's office.

Case work has been nearly as heavy as in Moradabad. Out of 14,534 suits and 244 appeals for disposal, 13,172 of the former and 230 of the latter were disposed of. There were no cases decided ex-parte.

The cost of settlement in this district has been Rs. 1,16,846-10-10 during the year, and Rs. 5,60,001-13-5 since the commencement of operations.

Mr. Evans, Settlement Officer, went on furlough in April last, since which time the whole work of the district has devolved on Mr. Wright. Mr. Butt was appointed in Mr. Evans' place, but he has since been deputed on special work.

Mr. Wright speaks favourably of Deputy Collectors Bihari Lal and Ajudhia Parshad.

FATEHPUR.

Area ... 1,631 square miles, surveyed 1.631 inspected 1,631 ,, assessed 1,146

Measurements were completed before the year began, and the whole district has also been inspected for assessment purposes.

Four parganus were assessed during the year, and the assessment of two tahsils alone remains to complete the district. The rent-rate reports of these are promised this cold season.

Officers.

Mr. F. N. Wright, Settlement Officer, in charge.
Mr. H. F. Evans, Assistant Settlement Officer, (gone on furlough). Bihari Lal, Sheo Sahai, and Ajudhia Parshad, De-

puty Collectors.

Officers.

Mr. A. B. Patterson, Settlement charge. Mr. E. Alexander, Assistant Settlement Officer. Muhammad Ismael and Muhammad Sanaulla, Deputy Collectors.

There has been no increase of revenue up to the present in Fatehpur. The revision of settlement has resulted in a net decrease of Rs. 67,412.

Record work is keeping pace with assessment. In four tahsils the first fair copy of the several papers has been finished. Copying work is also well up, the records of tahsils Fatchpur and Kora have been filed, and those of two others were ready to be filed; but owing to want of room in the Collector's office, their transfer to him was deferred until after the rains.

Case work has been almost as heavy as in Cawnpore. Out of 14,504 suits for disposal, 13,448 were decided during the year. Appeals were also numerous, but at the close of the year only 77 were pending.

The charges have been Rs. 1,23,395-11-6 during 1875-76, and Rs. 4,71,922-0-11 from the commencement of operations.

Mr. Patterson speaks highly of the assistance rendered by Mr. Alexander, Assistant Settlement Officer, and by the Deputy Collectors.

BANDA.

Area 3,032 square miles
,, surveyed 1,270 ,, ,,
,, inspected 424 ,, ,,
,, assessed Nil. ,, ,,

The progress in survey has been satisfactory, the area measured having been 391,169 acres during, and 813,370 acres up to the close of, the year under report. It is anticipated that the remaining area will occupy about two years.

Maps have been supplied for 613,994 acres, and the inspection of 271,310 acres representing one entire pargana and a portion of another has been completed.

Assessment work has not yet been commenced in this district, but Mr. Cadell hopes to assess pargana Bánda in the present year. The rent-rate report of pargana Maudha has been written by him, but it has not yet been received by the Board.

The records are sufficiently advanced.

Case work was very light in this district.

The cost of settlement during the year has been Rs. 1,05,633-5-2, and Rs. 1,51,923-13-11 since its commencement.

सन्यमव जयन

Mr. Cadell has been perfectly satisfied with the manner in which the Officers subordinate to him have worked.

HAMIRPUR.

```
Area ... ... 2,370 square miles.
,, surveyed 2,370 ,, ,,
,, inspected 1,588 ,, ,,
,, assessed Nil. ,, ,,
```

The survey of the district was completed during the year.

All the maps have also been received from the Survey Department. The maps for the small area shown as remaining were sent in subsequent to the close of the year. The Surveyor's duties therefore as regards this district have practically terminated.

The portions of parganas Ráth and Jalálpur remaining at the end of last year were inspected during the past season, as also a part of pargana Panwári Jaitpur.

Mr. Smith, the Assistant Settlement Officer, inspected pargana Rúth in detail, and the work was rapidly gone over again by Mr. Ridsdale. Mr. Smith also inspected a portion of pargana Panwari, comprising 23,730 acres. This area is lumped with that of Jaitpur, as the two parganas were amalgamated during the year. It will, however.

Officers.
Mr. A. Cadell, Settlement Officer, in charge.
Mr. H. B. Finlay, Assistant Settlement Officer.
Janki Parshad, Deputy
Collector.

Officers.
Mr. S. O. B. Ridsdale,
Settlement Officer, (since
transferred to Assam).
Mr. W. E. Neale, Settlement Officer.
Mr. H. V. Smith, Assistant Settlement Officer.
Inaiat Ali, Deputy Col
lector.

be necessary for Mr. Neale to re-inspect Jalalpur. Mr. Ridsdale had not time to frame any rates for that pargana prior to his departure.

No assessments were given out during the year, but the rent-rate reports of parganas Hamírpur and Samerpur were received and are under consideration.

Record work is as far advanced as can be expected, though in parganas Jalalpur and Ráth there are still many mahals for which this work is incomplete.

Case work was not very heavy; 6,270 cases and 29 appeals came before the Settlement Courts for disposal, of which all but 871 of the former and three of the latter were disposed of within the year.

Inclusive of cadastral survey expenditure the charges were Rs. 1,06,697-0-3 during the year, and Rs. 2,36,652-12-6 since the commencement of operations.

ALLAHABAD.

Area 2,888 square miles,
,, surveyed 2,888 ,,
,, inspected 2,888 ,,
,, assessed 2,179 ,,

Officers.
Mr F. W. Porter, Settlement Officer.
Muhammad Mohsin
Khan, Mir Zahld Hussain, and Paudit Kashi
Nath, Deputy Collectors.

Measurements have been long since completed, and the 109,204 acres reported last year as remaining to be inspected have been completed in the past season.

The assessments of pargana Arail and Kawai were given out during the year. There remain therefore the whole of Khairagarh and eight villages of the Mirzapur district to complete this description of work.

In regard to the record of this district some correspondence has already passed-(1.) Mr. Markham's report No. 350, dated 25th between the Board and Government, and I am desired to submit the letters marginally noted for His Honor's perusal.

port No. 350, dated 25th July 1876. (2.) Commissioner's let-

(2.) Commissioner's letter with Mr. Porter's explanation No. 363, dated 3rd August.

The judicial work of this district was not unusually heavy. Out of 9,931 suits which came up for disposal, 8,299, or 83 per cent., were decided within the year.

Of the 312 appeals disposed of, §ths were heard by Mr. Porter and the remainder by Mr. Markham.

The cost of this settlement is the heaviest in the Division. The expenditure was Rs. 1,29,547-8-4 in the year, and Rs. 8,84,434-3-8 from the commencement of operations. To a great extent this large expenditure is due to the frequent changes of Settlement Officers, which more than anything else has tended to delay the settlement.

Both Mr. Porter and Mr. Markham speak well of Deputy Collector Muhammad Mohsin's services.

BENARES DIVISION.

ΛZAMGARΠ.

Area 2,542 square miles.

" surveyed 2,542 " "
" inspected 2,143 " "
" assessed 2,143 " "

The work in this district consists of two portions, the one relating to the parganas temporarily settled, and the other to parganas Sikandarpur and Bhadaun, which are permanently settled.

In regard to the former there is little calling for notice. All the parganas have been assessed and but little record work remains.

Officers.
Mr. J. R. Reid, Settlement Officer, in charge.
Mr. J. Vaughan, and
Munshi Nazir Ahmad, Deputy Collectors.

Appendix II. shows that there are still 2,284 Volume I. to be filed. But the records of which the volumes will be composed have nearly all been faired. In fact there is, the Settlement Officer states, "little or no fairing or copying work to speak of." The bulk of the remaining work consists of the final comparing and passing of the faired records. On the whole the progress in this part of the work is satisfactory. Mr. J. Reid hopes to complete the whole of the records by December next.

Next, with respect to the two permanently settled parganas. Their survey was completed in the year under report, and maps for 498 villages furnished by the Survey Department.

The fact of the Survey Department having taken two seasons to survey the parganas has to a great extent retarded the completion of the original records, which might otherwise have been prepared and attested by March next. This delay will probably tend to prolong settlement operations for another financial year, viz., that of 1877-78.

Case work was not so heavy as last year. Out of 8,647 suits no less than 8,025 were disposed of within the year in addition to 104 appeals.

The cost of settlement has been Rs. 7,27,823-0-6 since the commencement of operations, and Rs. 1,10,872-4-7 during the year under report.

CADASTRAL SURVEY OF THE PERMANENTLY SETTLED DISTRICTS.

The following is a resumé of the work done in the permanently settled districts of Jaunpur, Benares, and Gházipur, which it was intended to survey with a view to the preparation of a correct record of rights.

Jaunpur.—Work was begun in this district on the 14th September, 1875, and closed on the 29th February, 1876.

The boundaries of tahsil Machlishahr containing 634 villages were demarcated, and all disputes connected therewith settled: 3,491 pillars have been erected at undisputed and 242 at disputed points. In tahsil Mariáhu the boundaries of 146 villages have been marked off and earthen pillars put up.

Benares.—Little or nothing had been done in this district when orders were received to stop the work.

Gházipur.—The whole of the Zamaniah tahsíl, with the exception of 16 low land villages, was demarcated and got ready for the Surveyor. In tahsíl Muhammadabad the boundaries of 377 villages were completely and of 125 partially demarcated.

The collections from zemindars in this district towards defraying the cost of boundary work amounted to Rs. 7,750-9-5, of which Rs. 5,458-7-3 were spent in the purchase of stone and erection of pillars. The Board have directed the Collector to recover any sums that may be due from zemindars whose villages have been demarcated, and to hold the collections for the present in deposit.

The following statement shows the cost incurred in each district in carrying out the preliminary operations:—

ORDERS OF GOVERNMENT.

No. 164A. of 1877.

FROM

THE OFFG. SECRETARY TO GOVERNMENT,
NORTH-WESTERN PROVINCES,

Tо

THE OFFG. SECY. TO THE BOARD OF REVENUE,
NORTH-WESTERN PROVINCES.

Dated Camp, Saháranpur, the 2nd February, 1877.

SIR,

REVENUE

I am directed to acknowledge your letter No. 461, dated the 30th November, 1876, submitting the Board's review of the progress of settlement work in the year ending the 30th June, 1876, and in reply to communicate the following remarks.

2. The following table, compiled from Appendix III. of the report, shows the progress which has been made in 1875-76, and the work which still remains to be done, under the heads of measurement, inspection and assessment:—

Distri	ct.		Area measured in 1875-76.	Area remaining for measurement.	Area inspected in 1875-76.	Arca remaining for inspection.	Area assessed in 1875-76.	Area remaining for assessment.
			Acres.	Acres.	Acres.	Acres.	Acres.	Acres.

Azamgarh	•••	•••	1,34,399		(4.)	2,55,263		2,55,263

3. There were five districts under measurement by the Survey Department during the year. In three of these, (Agra, Hamírpur and Azamgarh) the measurements were completed by the close of the year; the survey of Moradabad will be finished in the present cold season; while in Bánda it is expected that two years will see this part of the work completed.

Measurement.

* Moradabad, Muttra.
Agra.
Banda.
Hamírpur.

Moradabad and Bánda, the survey is considerably in advance of the settlement; but the areas inspected in both districts in 1875-76 were large. Messrs. Smeaton and Ridsdale—with areas respectively of 419,888 and

Inspection.

371,172 acres—head the list in this branch of operations.

5. Assessments were declared in two parganas of Moradabad, two of Cawnpore, two of Muttra, two of Allahabad, and four of Fatehpur. Since the close of the year, the rent-rate reports of four parganas of the Fatehpur district have been received, and of one pargana each of Cawnpore and Moradabad. This completes the assessment work in Cawnpore; the Azamgarh assessment has also been brought to a close—the area shown as remaining represents the permanently-settled parganas.

Assessment.

In pargana Káshipur (of the Tarái), all the rough drafting has been done, and this part of the work is well advanced in Moradabad, Muttra and Agra. In all three districts, the copying is considerably behind, specially in the two latter. In Cawnpore and Fatehpur, which were behind hand last year, satisfactory progress has been made. The settlements of Bánda and Hamírpur are still in a comparatively early stage. I am to remark in connection with the above table, that while apparent inconsistencies in the unfinished percentages of the two years in Allahabad and Azamgarh may be accounted for—by revision in the former district and the permanently-settled parganas in the latter—it is not understood how, in regard to khasra copying in Moradabad, the figures are shewn as 77 and 84 respectively in 1874-75 and 1875-76. The principle on which these percentages is calculated seems moreover to vary. Obviously the proper basis of requirement is that of the whole district; and if by the "total required" this be understood, the discrepancies are numerous. If on the other hand the "total required" is to be taken as meaning the total undone, the varying percentages can of course be accounted for.

I am also to point out that the resultant percentages—for all districts under settlement—of the incomplete rough khasras and the incomplete rough jummabandis are 16 and 11 respectively. With a smaller total required (due probably to the fact that khasras are generally prepared mauzawar, while jummabandis are drawn up mahalwar) there remained undone—at the close of the year—4,345 khasras to 3,407 jummabandis.

7. The following table shews the cost of settlement work up to date in each district, as compared with the stage at which work has arrived:—

UP TO END OF 1875-76.

Cost of settlement work.

Dist	District.		Area in square miles.	Area surveyed.	Area inspected.	Area assessed.	Expenditure of 1875-76.	Total expendi- ture up to end of 1875-76.	
							Rs.	Rs.	
Aligarh	•••	•••	1,957	1,957	1,957	1,957	5,416	4,66,876	
Tarái (Káshinur)	•••	•••	2,576	2,426	1,538	882 {	11,000 1,65,700	11,469	
Moradabad Muttra	•••	•••	1,629	1,629	1,408	997	1,83,459	4,95,322	
Agra	•••	•	1,862	1,862	1,210	•••	1,09,890	3,39,504	
Campore	•••	•••	2,337	2,337	2,337	1,994	1,16,847	5,60,002	
Fatehpur	•••	•••	1,631	1,631	1,631	1,146	1,23,396	4,71,922	
Bánda	•••	•••	3,032	1,270	424	•••	1,05,633	1,51,924	
Hamirpur	•••		2,370	2,870	1,588		1,06,697	2,36,658	
Allahabad	•••		2,888	2,888	2,888	2,179	1,29,547	8,84,435	
Azamgurh	***	•••	2,542	2,542	2,143	2,143	1,10,872	7,27,823	

Deducting the cost of the surveys, we have the expenditure of the year approximately as follows for each district:—

1 1	•	Rs.			Rs.
Aligarh	•••	5,416	Fatehpur	•••	1,23,396
Tarái (Káshipar))	4.5.050	Bánda	•••	69,386
Moradabad	}	1,47,050	Hamírpur	•••	91,873
Muttra		1,20,880	Allahabad	•••	1,29,547
Agra	•••	92,269	Azamgarh	•••	1,10,872
Cawnpore		1,16,847			

Judging from the areas surveyed, and the cost of survey in 1875-76, there will probably be a further expenditure on measurements of about Rs. 5,200

There remain one pargana of Allahabad, two of Moradabad, three of Muttra, four of Fatehpur, and six of Agra—with the whole of Bánda and Hamírpur; but the rent-rate reports of two parganas of the latter district are awaiting disposal. The assessments declared during the year have resulted in an increase of over two lakhs of rupees to the land revenue. Of the 38 parganas in which the new demand has been declared, 24 show an enhancement of, and 14 (including the nine Fatehpur parganas) a decrease in the Government demand.

Judicial work

Maps.

- 6. It is very satisfactory to find that out of a total of 87,135 original suits adjudicated during the year, only 136 were decided ex-parte. Of the 136, the greater number (110) belong to Azamgarh, which was similarly exceptional last year.
- In connection with the record work of settlement, the action * Tarái (Káshipur.) taken towards providing the necessary copies of Moradabad. village maps may be summarized as follows:—In Muttra. Agra. **B**ánda. the seven districts or parts of districts under the Hamírpur. Azamgarh (2 parganas.) Survey Department,* the number of sheets (or village plans) required is 13,962, of which 1,709 have been provided: in the three districts under the Board's office,† of 4,858 † Farukhabad. Etáwah. copies of maps needed, 2,368 have been printed Etah. off: while in the five districts where maps are prepared by the Settlement Officers, there have been lithographed 5,266 out of 10,943. The Survey Department is still far behind; and it seems that even when the establishment and materials have at last been got together, the annual outturn of sheets will not be more than The progress made by the Board's office and the Settlement 3,200. Officers, with the aid of the Government Press, now that the first difficulties have been overcome, is satisfactory.
- 8. The following table shews the progress which has been made in the preparation and copying of the other settlement records, since the close of last year:—

		P	RRC	ENT	A GR	OF	Set	TL							1NIN 1875			K PL)	e T 11	AT	C£(28,80	07

Total	19	16	60	42	53	49	86	11	70	51	67	5 3	34	20	69	53	79	59	37	18	65	56	76	62

in Moradabad and Rs. 44,000 in Bánda. In the other districts, the future outlay will be on inspection, assessment, and record work only. According to the estimates given in last year's report (para. 17) settlement work (including records) will last three years longer in Moradabad, two-and-a-half in Muttra, four in Agra, two in Cawnpore, one-and-a quarter in Fatehpur, six in Bánda, four in Hammpur, and one each in Allahabad and Azamgarh. On the basis of the expenditure of 1875-76, the total cost of the settlements will be approximately as under,—although in all probability it will not be found necessary to maintain to the end the large staff at present at work:—

	Rs.		Rs.
Moradabad)	9,00,000	Fatchpur	6,25,000
Káshipur J	••••	Bánda	6,15,000
Muttra	8,00,000	Hamírpur	6,05,000
Ágra	7,08,000	Allahabad	10,14,000
Cawnpore	7,94,000	Azamgarh	8,40,000

Any comparison of expenditure is of course rendered difficult by the varying circumstances of the districts; but a certain proportion can in most cases be traced between area and cost, as will be seen from the

District.	Probable cost per aquare mile. Rs.	figures marginally noted, founded on the forecast of probable total expenditure given
Moradabad and Tarái Agra Cawnpore Fatehpur Azamgarh	349 380 340 377 330	above. This subject is one, however, which will with advantage engage the Board's attention when the various revisions of settlement have been finally brought to a close
and the resu	lts tabulated on	an intelligible principle.

8. In conclusion I am to convey the thanks of Government to the Settlement Officers, and their staff, for their continued devotion to their laborious duties—on the due performance of which depend important interests, both of Government on the one hand, and of the land-holding and land-cultivating community on the other.

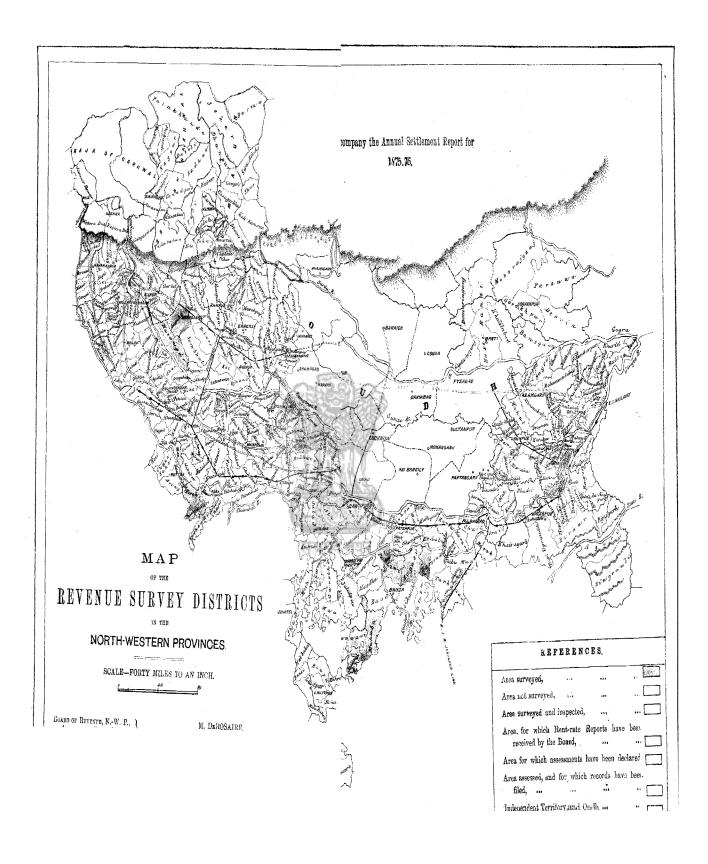

I have the honour to be,

SIR,

Your most obedient Scrvant,

C. ROBERTSON,

REPORT

ON THE

PROGRESS OF SETTLEMENT OPERATIONS

IN THE

NORTH-WESTERN PROVINCES,

DURING THE

YEAR 1876-77.

No. $\frac{496}{1.-172}$.

FROM

GEORGE BUTT, Esq.,

Offg. Secretary to the Board of Revenue, N .- W. Provinces,

To

C. ROBERTSON, Esq.,

Secretary to Government, N.-W. Provinces and Oudh.

DATED ALLAHABAD, THE 11TH DECEMBER, 1877.

SIR,

DEPARTMENT I.

ETTLEMENT OF LAND
REVENUE.

Present: H. S. Reid, Esq. I am desired by the Senior Member to submit, for the information and orders of His Honour the Lieutenant-Governor, the annual report on the progress of settlement operations for the year ending 30th June, 1877.

2. The following are the dates on which the divisional reports were received by the Board:—

Kamaun Di	vision	 • • • •		•••	$6 \mathrm{th}$	September.
Rohilkhand	"	 *** =	* **	•••	$13 \mathrm{th}$	"
Λgra	95	 의 기사	***		13th	August.
Allahabad	99	 1 & φ		•••	$6 \mathrm{th}$	September.
Benares	2)	 	•••	•••	29 th	August.

- 3. The changes which took place during the year in the covenanted staff of the Settlement Department were the following:—
- Mr. M. A. McConaghey, Settlement Officer of Muttra, was appointed Officiating Collector of Bánda, and was succeeded in the charge of the Muttra settlement by Mr. R. S. Whiteway, the Assistant Settlement Officer.
- Mr. Patterson was appointed to the charge of the settlement of the Karwi subdivision in addition to his duties as Settlement Officer of Fatehpur.
- Mr. J. R. Reid, Settlement Officer of Azamgarh, went on furlough, and Mr. J. Vaughan, Deputy Collector, was put in charge of the remaining work.
- Mr. G. Butt was appointed Settlement Officer of Etah and Farukhabad, and during the year completed the enquiries for which he was deputed, the reports on which have since been received and submitted to Government. At the close of the year Mr. Butt was officiating as Secretary to the Board during the absence on leave of Mr. Mackintosh.
- Mr. Alexander, Assistant Settlement Officer of Fatehpur, acted as Junior Secretary to the Board during the latter part of the year, and Mr. T. R. Wyer, Assistant Settlement Officer of Moradabad, was transferred to Badaun as Assistant Magistrate

4. No alterations have been made in the appendices to the present report. But the Senior Member thinks that columns 20, 21, 23, and 25, and the words "and in inspection of surveyed villages," in the heading of Appendix I., should be struck out, as the information they contain is obtainable from Appendix III. to which they properly belong.

The figures shown in the Appendices differ in some instances from those contained in the statements of the preceding report, and, as has been before explained, these corrections cannot be avoided until the assessments and records have been completed.

- 5. The operations of the year will be noticed under each of the following five heads:—
 - (1.) Measurement.

(3.) Assessment.

(2.) Inspection.

(4.) Judicial Work.

(5.) Records.

I .- Measurement.

11 .- Inspection.

6. The only district under settlement remaining to be surveyed is Bánda, including the subdivision of Karwi, and the area incomplete amounts to 751,976 acres. The subjoined table shows the progress in this branch of work during the year under notice:—

District.	Surveyed during year.	Remaining.	Name of officer conducting survey.
Moradabad Bánda, inclusive of Karwi	Square miles. 62 596	Square miles.	Captain Barron. Colonel Anderson.

A large difference will be found between the area surveyed in 1876-77 in Moradabad, and that shown as remaining in the statements of the year before when the unfinished area of pargana Hassanpur was given as 96,000 acres, while on actual measurement it has been found to be only 39,789 acres. Mr. Smeaton explains that the discrepancy "is owing not to any error in the preparation of the previous state-" ments, but to the exaggerated estimate by the Survey Department of the total par-" gana area before detailed measurement. The figures now given are as nearly correct "as can be obtained at prosent; next year will finally settle the matter."

The survey of Bánda will probably be completed in the season of 1878-79, the area remaining being too large for this season's work, although it has been decided that the full strength of the party is to be employed in the field.

Cadastral survey work is now about to commence in the permanently-settled district of Jaunpur and possibly in Gházipur, but nothing was done in the year under report, and the subject calls for no remarks in a review of that year's operations.

7. Appendix III. shows the outturn of inspection work during the year as 1,255,889 acres:—

				Acres.
Moradabad	•••	***	***	24 6,308
Muttra	ajo s		***	141,856
Agra	•••	•••	•••	403,028
Bánda	•••	***	***	4 64,697
		Total	•••	1,255,889

The area inspected is 880,393 acres less than the outturn in 1875-76, as in several districts inspection work was completed in that year, and no fresh inspection work is shown in the Hamírpur district, Mr. Neale having been engaged in re-inspecting three parganas which had been before inspected by his predecessor and included in the returns of the preceding year. The area thus re-inspected by Mr. Neale was 507,486 acres, and the area really inspected in the year under report becomes 1,763,375 acres

8. The following table shows the progress in each district in which at the commencement of the year inspection had not been completed:—

		Area for which		Area inspected.						
District. Area surveyed.	maps have been supplied.	In past year.	During year.	Total.	area inspected to area for which maps have been supplied.					
Moradabad,	1,472,479	1,368,963	864,571	246,308	1,110,879	81				
Muttra	1,039,918	1,039,918	898,062	141,856	1,039,918	100				
Agra	1,191,994	1,191,994	774,481	403,028	1,177,509	98				
Bánda	931,175	802,446.	271,310	464,697	736, 00 7	91				
Karwi	258,783	89,378	•••		***					
Hamirpur	1,530,384	1,530,384	1,029,718		1,029,718	67				
Total	6,424,733	*6,023,083	3,838,142	1,255,889	5,094,031	84				

9. Muttra has been inspected, Agra practically completed, good progress has been made in Bánda, and in Moradabad only the pargana of Hassanpur remains for inspection this year.

The maps were supplied too late in the season for Mr. Patterson to commence inspection work in Karwi, even had Mr. Patterson been able to leave the work he had to complete in Fatehpur.

The apparently stationary condition of inspection work in Hamirpur has already been explained.

10. The fiscal results of the assessments declared within the year are given in the following table:—

III.-Assessment.

District.		Pargana or to		Old revenue.	New initial demand.	Increase or decreuse.	Pargana or tahsil remaining to be assessed.
			-	Rs	Rs.	Rs.

The assessments of Cawnpore and Fatehpur have been completed, and work remained incomplete in Moradabad, Muttra, Agra, Bánda, Hamírpur, Allahabad, and the pargana of Káshipur.

11. The discussion of the principles to be adopted in the Banda settlement to meet the peculiar conditions of Bundelkhand has delayed Mr. Cadell's progress in final assessment, but the reports of two parganas are nearly ready for submission, and the

^{*} The permanently settled paraganas of Azamgarh are omitted as they will not be inspected.

next report should show a marked advance in this portion of the work. The Senior Member proposes to march through Bánda and Hamírpur this cold weather, and to arrange for the speedy disposal of the many vexed questions which can be finally decided only by the Government.

In Muttra and Allahabad not much remained to be done. In Moradabad two parganas remain to complete the assessment of the district. One of these, viz., pargana Amroha, was inspected within the year, and the rent-rate report may soon be expected. No assessment work remains to be done in Azamgarh as the parganas shown in the last column of Appendix III. are permanently settled.

Of the parganas remaining to be assessed rent-rate reports have been submitted for the parganas denoted by a star in the preceding statement, and the rates have been sanctioned for all excepting pargana Iradatnagar in Agra.

The financial results of assessments declared in the period under report is a net increase in land revenue alone of Rs. 1,72,252.

12. There were altogether 93,128 original suits and 2,269 appeals for hearing during the year. Of these 77,160 suits and 1,797 appeals were disposed of. A classi-

13. The progress made in this branch of work will be noticed separately for (1) maps and (2) the record of rights consisting of the following papers:—

(1.) Khasra.

(3.) Khewat.

(2.) Jamabandi.

fied abstract of the cases in each district is given in Appendix V.

(4.) Wajibularz.

1,---Maps.

IV .- Judicial work

V -Records.

14. The maps of five districts and of portions of two others are being prepared and reproduced by the Survey Department. The progress made up to the period of report in their reproduction is shown in the following statement:—

District.	No. (of villages.	No. of sheets.	No. of sheets printed during year.	Total number of sheets print- ed up to date.	No. of sheets remaining to be printed.
1	2	3	144	5	ö
Tarai, pargana Kashipur, Moradabad Muttra Agra Kanda (up to 1876-77) Hamirpur Azamgarh Kandarpur and Bhadauu.	215 3,053 728 1,460 722 945 753	310 3,746 1,660 2,986 1,999 2,950 916	15 PG 969 461 171 112 131	1,023 763 787 441 131	310 2,723 907 2,109 1,999 2,509 785
Total	7,876	14,567	1,844	3,135	11,432

It will be seen that only 1,844 sheets were printed during the year, and 3,135 sheets up to the period under review. At this rate of progress the printing of the remainder of the maps would occupy nearly seven years.

The Senior Member had taken up this subject before the receipt of the orders of Government on the last annual report, and with regard to the very slow progress effected, the Survey Department was informed that if there was no prospect of the maps being completed in a reasonable time by the photozincographic process, it would be better to have the maps of some of the districts reproduced by lithography either by the Survey Department or by the Board, and it was also suggested that instead of the present plan of preparing maps for a few villages of each district, the Superintendent of Revenue Surveys should put the entire available establishment on the work of one district, taking up the districts one by one.

The Superintendent promised to submit a distinct proposal showing what could be effected in his office either by photozineography or lithography, and what portion of the work might be undertaken by the Board, but the promised scheme has not yet been received by the Board.

15. The maps of the three districts noted on the margin, which were being copied for lithography in the Board's office, have been finished. The Farukhabad. maps of Azamgarh were taken up in April last, and 194 had Etáwah. Etah. been traced and sent to the Government Press for reproduc-

The following table shows the present state of the work:-tion.

Khasras in rough have been practically completed for all districts with the exception of Moradabad, Bánda, and Karwi. Much still remains to be done in fairing and copying work in most districts. The arrears at the close of the year under report are thus compared with those of 1875-76-

To be prepared in rough 6 per cent. against 16 per cent.

- faired 2242
- 35 49 conied

These percentages under-rate the real progress effected, as the returns of Aligarh which was completed last year are not now included; omitting Aligarh from last year's statement, the real progress made in the districts now included becomes—

To be prepared in rough 6 per cent, against 18 per cent.
"faired" 22 " 45 "
"copied" 35 ", 57 ",

Allahabad has worked off its arrears and only 8 per cent. of the khasras remain to be copied.

3.—Jamabandi. 19. The next record is the jamabandi, the progress in the preparation of which is similarly shown below:—

On the whole the progress made has been very good. The backward districts are Moradabad and Bánda (including the Karwi subdivision), but the explanation of this will be found in the district notes appended. Allahabad has reduced its percentage of incomplete additional copies from 65 per cent. in 1875-76 to 8 per cent. in the year of report. The work remaining to be done is thus contrasted with the arrears exhibited in the previous report—

```
To be prepared in rough 7 per cent. against 11 per cent. , attested , 10 , 21 , , faired , 34 , 51 , , copied , 39 , 53 ,
```

Omitting Aligarh from last year's statement, the percentages become—

To be prepared in rough 7 per cent, against 12 per cent, "attested", 10 " 22 ", faired " 34 ", 55 ", copied ", 39 ", 61 ",

20. The following statement shows the present state of this record:—

Total	24,851	2,415	9	24,851	10,036	40	49,702	21,143	•42	

For all districts 9 per cent. remain to be prepared in rough, 40 per cent. to be faired, and 42 per cent. to be copied. The proportions incomplete last year were 18, 56, and 62 respectively, or leaving out Aligarh 20, 61, and 67 per cent.

- 22. The progress of the record work has been retarded in the Moradabad district by causes explained by the Settlement Officer and noted in the abstract of the district reports. It is to be regretted that the errors which vitiated the records were not discovered earlier, but the Senior Member desires, in justice to Mr. Smeaton, to state that the settlement records of the Moradabad district are unusually intricate, and that no officer takes more trouble and pains to secure an accurate record.
- 23. The settlement of fifteen parganas was closed by notification under section 37, Act XIX. of 1873, within the year:—

5 1.4.4.	Danier and Late	No. and date of noti	No. and date of notification closing settlement.					
District.	Pargana or tahsil.	Number.	Date.					
Moradabad Bareilly Muttra Agra Cawnpore	Moradabad Richa Sadabad Juleser S£rh Salempur Soraon Nawábganj Mirzapur Chauhari Sikandra Jhúsi Jhúsi Máh Arail Kiwái	1982A. 1541A. 1982A 1101A. 677A 1414A.	20th November, 1876 1st September, 1876. 20th November, 1876. 14th June, 1877. 20th April, 1877 18th July, 1877.					

24. In conclusion the Senior Member requests me to express to Government his conviction that the officers of the Settlement Department, whose devotion to their duties elicited last year the thanks of His Honour the Lieutenant-Governor, have done as good service during the year under report. The Government does not possess better

or more valuable officers than Mr. J. R. Reid and Mr. McConaghey, whose services in the Settlement Department have come to an end. The knowledge and experience they have acquired eminently qualify them for the administrative charge of a large and trouble-some district. Mr. Butt has displayed tact and ability in his satisfactory disposal of a difficult and delicate task. Mr. Smith, Mr. Patterson, and Mr. Smeaton specially deserve, the Senior Member considers, the thanks of Government for the way in which they have carried on their duties despite of ill-health, and the loss in each case of their assistants during a portion of the year. Mr. Cadell and Mr. Neale have a very difficult task before them in the settlement of the Bánda and Hamírpur districts, but the Senior Member can assure the Government that the interests both of the people and of the Government could not be in better hands. Mr. Porter has done excellent service in bringing up the arrears of record work in his large and important district. The Senior Member begs to recommend to the favourable notice of the Lieutenant-Governor the officers whom he has had the honour to name, and the subordinate officers whose work they have spoken of in terms of commendation.

25. A separate report will shortly be submitted on the work done by Mr. J. S. Porter and Mr. La Touche, which, though they were successively appointed Settlement Officers of Jhansie, strictly speaking, consisted in local enquiry into the indebtedness of the Jhansie zemindars, and the best means of getting them out of their difficulties.

I have the honour to be,
SIR,
Your most obedient servant,
GEORGE BUTT,
Officiating Secretary.

ABSTRACT OF DISTRICT REPORTS.

ROHILKHAND DIVISION.

MORADABAD AND KASHIPUR.

Area ... 2,489 square miles.

- " surveyed 2,489 "
- " inspected 1,924 " "
- " assessed 1,344 "

1. Moradabad.—Survey work has been finished, and the maps of only 43 villages remain to be supplied by the Survey Department.

,,

During the year pargana Amroha was inspected. Only pargana Hassanpur now remains to complete the inspection of the whole district. The new assessments in Sambhal have been given out resulting in an increase of revenue amounting to Rs. 65,305.

Very little new record work has been done within the year, as the staff has been mainly occupied in revising the final records of pargana Moradabad. The records of this pargana were being transferred to the Collector's office in October, when Mr. Smeaton took a number at random and personally tested them in detail, and carrying on this testing he found that owing to numberless petty and some important inaccuracies the records required revision, and on this revision the entire strength of the office was employed.

Mr. Smeaton was compelled to break through his programme and to postpone field work and attestation in Hassanpur, as well as the completion of record work in Bilari and Thákurdwára, as he considered he could not exercise efficient control over work carried on simultaneously throughout the district, but must accept the warning and lesson taught by the state of the Moradabad records.

On the completion of the Moradabad pargana revision, Bilari was entrusted to one Deputy Collector, Thákurdwára to the other; detailed instructions were issued for their guidance, and each Deputy Collector was made his own sadr munsarim, and respensible for every line and page of the records.

Mr. Smeaton had also to devote much of his time to the trial of the Hearsey case, and he finds record work much more heavy and troublesome in Sambhal and Amroha than in the parganas first taken in hand, and it therefore was impossible to attain the rate of progress he had calculated on.

Mr. Smeaton also urges the duty of maintaining the records during the period between attestation and fairing as the heaviest burden of all imposed on a Settlement Officer—a burden he however considers cannot be avoided.

Case work, however, would not appear to have been exceptionally heavy. Altogether there were 10,712 cases and 303 appeals for trial, of which 9,080 of the former and 184 of the latter were disposed of within the year.

The cost of the settlement has been Rs. 6,21,103 up to the period of report.

The two Deputy Collectors have worked hard during the year, and Mr. Smeaton has been well satisfied with them.

2. Káshipur.—Survey and inspection work was reported complete last year. The operations of the period under notice consisted in the preparation and submission of the rent-rate report for the pargana and in maintaining the attested records. This has been a labourious task as numerous changes in holdings took place, field boundaries were greatly altered, and waste lands broken up for cultivation.

Officers.
Mr. D. M. Smeaton, Settlement Officer.
Mr. T. R. Wyer, Assistant Settlement Officer.
Maulvi Imamud-din.
Munshi Debi
Prasad.
Munshi Ram
Sahai.

Since the close of the year Mr. Smeaton has been engaged in working out the village assessments, and he proposes announcing the new jamas in December next.

There were 896 cases and 14 appeals for trial during the year, of which all but 24 of the former and five of the latter were disposed of before its close.

The charges up to June last amounted to Rs. 23,516.

AGRA DIVISION.

MUTTRA.

Area 1,624 square miles.
,, surveyed 1,624 ,, ,,
inspected 1,624 ,, ,,
,, assessed 1,403 ,, ,,

Survey and inspection work have both been finished in this district. Parganas Chata and Kosi were assessed during the year, and only Mat now remains to complete the assessment of the whole district. Mr. Whiteway promises to submit the rent-rate report of this pargana shortly. Satisfactory progress has been made in the preparation of the records. Roughly speaking, about one-half of the records of the whole district remain to be finished.

The number of cases for trial was larger than in any of the other districts under settlement. Out of 19,177 cases 15,405 were disposed of within the year, or on an average 3,851 per court. In addition to this the Settlement Officer disposed of 580 appeals.

The charges amounted to Rs. 96,461 during 1876-77, and to Rs. 5,91,783 since the commencement of operations.

Mr. Whiteway has been satisfied with the work of his subordinate officers.

AGRA.

Area 1,862 square miles.

" surveyed 1,862 " "
" inspected 1,839 " "
" assessed 967 " "

Measurements were completed last year.

Good progress has been made in inspection work. The outturn for the year was 4,03,028 acres, of which 158,720 acres were done by Mr. Smith, and the remainder by Mr. Benson, the Assistant Settlement Officer. A small area in pargana Khairagarh is all that remains to complete the inspection of the district. Mr. Benson was compelled to take leave on medical certificate, and his departure may compel Mr. Smith to re-inspect the area inspected by Mr. Benson, though this work will not entail the heavy labour involved in original inspection, Mr. Benson having worked on Mr. Smith's system and under Mr. Smith's supervision, and having left on record full notes of his inspections. The area inspected was much larger than Mr. Smith had estimated as possible, but Mr. Benson's untimely departure will, it is feared, prevent Mr. Smith from having, as he once hoped, the assessments of the district completed by June, 1878.

During the year the assessments of four parganas were declared, resulting in an increase of Rs. 96,271 to the land revenue of the district.

Of the five parganas remaining to be assessed, the rent-rate report for pargana Iradatnagar has since submission of the annual report been received by the Board. The report for Agra has been written but not yet printed. The new assessments of four parganas were given out between February, 1877, and June last, and have on the whole been well received.

Fair progress has been made in record work during the year. Very few of the records remain to be prepared in rough. Mr. Smith hoped to complete the records of two parganas, and to make them over to the Collector by the end of October.

Officers.
Mr. R. S. Whiteway,
Offig. Settlement Officer.
Munshi Ali Muhammad,
,, Inamulla and Pandit Debi Din, Deputy Collectors.

Officers, Mr. W. H. Smith, Settlement Officer. Mr. W. R. Benson, Assistant Settlement Officer.

Munshi Guru Saran Das, Adjudhia Prasad, and Paudit Adinath Tiwari, Deputy Collectors.

There were 11,045 cases for trial during the year, of which 6,801 were disposed of and 4,244 were pending at the end of the year. The comparatively small outturn of case work is in great part due to Mr. Benson's absence on privilege leave and to the state of his eyesight, which for some time before his departure on leave on medical certificate rendered any but the lightest case work inadvisable.

Up to the period of report the settlement of this district had cost Rs. 4,47,466, of which Rs. 1,07,962 were expended in the year ended June, 1877.

All the subordinate officers are well spoken of by Mr. Smith, who specially regrets the unfortunate loss of Mr. Benson's services.

ALLAHABAD DIVISION.

CAWNPORE.

Area 2,337 square miles. surveyed 2,337 inspected 2,337 ,, ,,, assessed 2,337

THE district was surveyed and inspected in previous years. During 1876-77 the assessment of pargana Ghátampur, which was the only one remaining to be assessed, was given out. The net initial increase of revenue for the whole district amounts to Rs. 31,347.

The unfinished records belong chiefly to the pargana named above. Mr. Wright hopes to clear them off by December next.

Case work has been heavy, but the Settlement Officer and his assistants have made good progress in the disposal of their judicial business. Appeals were numerous, but only 41 out of a total of 327, which came up for hearing, remained undisposed of when the year closed.

The charges for the year were Rs. 97,579 and Rs. 6,57,581 since commencement of settlement operations.

Mr. Wright was thoroughly satisfied with the work performed by Deputy Collector Bihari Lal, but often found that of Ajudhia Prasad carelessly done, while Shoo Sahai's work was solid but slow, though generally completed intelligently. Deputy Collector Ajudhia Prasad was transferred to the Agra settlement in April last, and Sheo Sahai was transferred to Muzaffarnagar at the close of the year.

FATEHPUR.

... 1,631 square miles. Area ... surveyed 1,631 ,, inspected 1,631 ,, assessed 1,631

THE completion of survey and inspection work was reported on in the report for 1875-76. But Mr. Patterson re-inspected a portion of the Khága tahsíl during the year as he had not seen the kharif crops of that tahsil.

The assessments of the remaining four parganas were given out, and the whole Muhammad Sanaulla, Dedistrict has now been assessed.

Record work is well up. All that remains to be finished are the records of the four recently assessed parganas, which will be completed before the end of the present calendar year at latest.

Altogether there were 12,269 cases and 313 appeals for trial during the year, and the progress made in their disposal has been satisfactory.

The settlement of this district cost Rs. 76,509 during the year and Rs. 5,48,431 since the commencement of operations.

Mr. Patterson speaks in high terms of the zeal and ability always displayed by Mr. Alexander, the Assistant Settlement Officer, and, while regretting that Mr. Alexander arrived in Fatchpur too late to take part in assessment, considers him to passess

Officer . Mr. F. N. Wright, Settlement Officer.

Bihari Lal, Sheo Sahai, and Ajudhia Prasad (since transferred to Agra), Deputy Collectors.

Officers. Mr. A. B. Patterson, Settlement Officer. Mr. E. Alexander, Assistant Settlement Officer. Muhammad Ismail and

puty Collectors.

so thorough a knowledge of settlement work in all details, combined with sound judgment, that he might at any time with advantage be entrusted with an independent charge. Mr. Patterson retains his high opinion of the two Deputy Collectors, Muhammad Sanaulla and Ismail, Khan. The latter has now been transferred to the Karwi settlement, and Sanaulla would now wish to return to district work, as he is becoming past the age for the great labour and exposure of field work under which his health has suffered.

BÁNDA.

Area 1,814 square miles.
,, surveyed 1,454 ,, ,,
,, inspected 1,150 ,, ,,
,, assessed Nil. ,, ...

THE whole of pargana Sihonda, comprising an area of 195,168 acres, was surveyed during the year—thus making a total of 931,175 acres measured up to date of report; the area remaining is that of Badausa amounting to 229,825 acres.

Maps have been supplied for 421 out of a total of 694 villages, and every village, the map of which was received up to March, has been inspected.

The area inspected in the year was 464,697 acres, of which 232,639 was done by Mr. Cadell and the rest by Mr. Finlay, the Assistant Settlement Officer. Two parganas alone remain to complete the inspection of the whole district.

No portion of the district has yet been assessed. Proposals for the assessment of pargana Maudha in Hamírpur, which is under Mr. Cadell's charge, were submitted during the year, and the report was laid before Government with my No. 205 of the 6th April last.

Record work is still at an early stage in this district. The records have been prepared in rough for two parganas, but fairing and copying cannot commence until the assessments have been declared, and the year for which the record of rights is to be prepared has been determined.

Case work was not heavy, the 1,070 cases shown as pending in column 18 of Appendix V. were chiefly cases pending in Mr. Cadell's court, and were undisposed of in consequence of his absence on privilege leave in the latter portion of the year.

The expenditure up to date of report has been Rs. 2,85,306, of which Rs. 1,33,383 were expended during 1876-77. Mr. Cadell mentions the care with which Mr. Finlay has inspected pargana Augási, of which Mr. Finlay has had complete charge; and also appears satisfied with his Deputy Collectors, Janki Prasad and Shaikh Intizamud-din.

KARWI.

SUBDIVISION OF BANDA.

Area 1,220 square miles.
,, surveyed 404 ,, ,,
,, inspected Nil. ,, ,,
,, assessed Nil. ,, ,,

The area of this subdivision is 780,934 acres, of which 258,783 have been measured. The survey is being carried out by the party employed in Bánda.

Maps of 80 villages were received by the Settlement Officer. The rough khasras, jamabandis, and khewats for these villages have been prepared, and the villages have been got ready for inspection. Further progress is dependent on the receipt of additional maps from the Survey Department.

There were 477 cases for trial, most of which were boundary disputes, and only four appeals were preferred.

The expenditure during the year was Rs. 2.640.

Officers.
Mr. A. Cadell, Settlement
Officer.

Mr. H. B. Finlay, Assistant Scttlement Officer.
Janki Prasad and Shaikh

Janki Prasad and Shaikh Intizam-ud-din, Deputy Collectors.

Officers.
Mr. A. B. Patterson, Settlement Officer.
Muhammad Ismail Khan,
Deputy Collector.

Mr. Patterson was placed in charge of the settlement of the subdivision in November, 1876. He speaks well of the efficient assistance rendered by the Deputy Collector Ismail Khan and by Aliyar Khan, Tahsildar of Tirohan.

HAMIRPUR.

```
Arca ... ... 2,391 square miles.
,, surveyed 2,391 ,, ,,
,, inspected 1,308 ,, ,,
,, assessed 375 ,, ,,
```

THE survey of this district was completed last year. During 1876-77 the remainder of the maps of pargana Mahoba were furnished to the Settlement Officer.

The assessments of two parganas were declared within the year. Pargana Maudha will be assessed by the Settlement Officer of Bánda.

No inspection work is shown in the appendices as having been done in the period of report. But Mr. Neale re-inspected the three parganas of Hamírpur, Sumerpur, and Jalálpur, parganas which had been inspected by his predecessor, Mr. Ridsdale. The rent-rates for the last are in course of preparation, and the report is promised shortly.

Most of the records in rough have been completed. With the exception of six maháls, the whole of the jamabandis of tahsíl Panwári-Jaitpur have been attested, as also those of tahsíls Ráth and Jalálpur.

Case work was about the same as in Bánda. Out of 7,948 cases and 36 appeals 1,337 cases and one appeal were pending when the year ended.

The charges up to date of report have been Rs. 3,12,565, of which Rs. 75,912 were incurred during the year.

Mr. Neale has been well satisfied with the work of his subordinate officers. Mr. V. A. Smith has done excellent service, and shown great patience and tact in the least interesting portion of settlement work, and Mr. Neale is also cordially satisfied with Deputy Collector Durga Prasad.

ALLAHABAD.

```
Area ... ... 2,888 square miles.
,, surveyed 2,888 ,, ,,
,, inspected 2,838 ,, ,,
,, assessed 2,179 ,, ,,
```

THE district was measured and inspected prior to the year under report. The rent-rate report for pargana Khairagarh was received towards the end of the year, and the rates have, after some further explanation by the Settlement Officer, been sanctioned by the Senior Member.

A great stride has been made towards completing the records of this district. Those of the earlier assessed parganas have been faired and copied, and the settlement misls have been filed in the Collector's office. All that now remain are the records of Khairagarh and of the eight villages belonging to the Mirzapur district. These are however well in hand, and will, it is expected, be finished by the end of 1877.

Case work was somewhat lighter than last year, but the progress made in the disposal of both cases and appeals has been better than in the previous year. The proportion per cent. of both suits and appeals pending at the close of 1875-76 and 1876-77 were respectively 16 and 13.

The cost of the settlement has been Rs. 10,22,561 since its commencement. It is apprehended that an additional expenditure of about a lakh and a quarter will be incurred before the work will be completely finished.

The three Deputy Collectors have worked well, and have given the Settlement Officer every satisfaction. Pandit Kedar Nath was transferred in May last to Agra after completing the arrears in record work for which his services were obtained.

Officers.
Mr. W. E. Neale, Settlement Officer.
Mr. V. A. Smith. Assistant Settlement Officer.

, assessed 2,147 ,, ,,

Officers.
Mr. J. R. Reid, Settlement Officer.
Mr. J. Vaughan and
Maulvie Nazír Ahmad, Deputy Collectors.

During the year the remaining rec ords of the temporarily-settled parganas were prepared and filed in the Collector's office.

Satisfactory progress has been made in the preparation of the records of the two permanently-settled parganas.

Out of 5,364 cases and 72 appeals which came up for trial all but 792 cases were disposed of when the year closed.

The total charges in settlement work have been Rs. 7,96,962.

ORDERS OF GOVERNMENT.

No. 372A. of 1878.

From

C. ROBERTSON, Esq.,

Secy. to Govt., N.-W. Provinces and Oudh,

To

GEORGE BUTT, Esq.,

Secy. to Board of Revenue, N.-W. Frovinces.

DATED ALLAHABAD, THE STH FEBRUARY, 1878.

SIR,

REVENUE DEPARTMENT.

I AM directed to communicate the following remarks and orders on your letter No. $\frac{496}{1.172}$ dated the 11th December last, in which report was made on the progress of settlement operations during the year ending 30th June, 1877.

2. Settlement operations were declared closed in the following parganas during the year under review:—

The only tracts in the North-Western Provinces now under settlement are pargana Káshipur in the Tarái; parganas Thákúrdwára, Bilari, Sambhal, Amroha, and Hasanpur, and the city and suburban mahál in pargana Moradabad, in the Moradabad district; six fee-simple and three waste land grants in pargana Najíbabad in Bijnor; parganas Muttra, Cháta, Kosi, and Mát, in the Muttra district; Itmádpur, Firozabad, Pináhat, Fatehabad, Irádatnagar, Agra, Fatehpur Síkri, Farah, and Khairagarh, in Agra; Rasúlabad and Ghátampur in Cawnpore; Khairágarh in the Allahabad district, as well as the eight temporarily settled villages of Mirzapur; and

the whole of the Bánda (including Karwi) and Hamírpur districts. In tahsíls Mariáhu and Machlishahr of the Jaunpur district, in parganas Sikandarpur and Bhadáon of the Azamgarh district, and in tahúka Kharauni in the Gházipur district records-of-rights are in course of preparation.

The Senior Member is mistaken in saying that the settlement of only fifteen parganas was closed during the year, and in including in the list in para. 23 of the report parganas Mah, Arail, and Kiwái, settlement operations in which were closed after the year under review. From the list given in the preceding portion of this paragraph it will be seen that settlement operations were closed in twenty-three parganas between the 1st July, 1876, and the 30th June, 1877.

3. Measurements.—At the commencement of the year the Ganges khádir of pargana Hasanpur in the Moradabad district, parganas Sihonda and Badausa in Bánda, and the greater part of pargana Darsenda, and the whole of parganas Chibu and Tarhowan in the Karwi subdivision remained to be surveyed. During the year the khádir lands in pargana Hasanpur, the whole of pargana Sihonda, the greater part of pargana Darsenda, and a small portion of pargana Chíbu were surveyed; and the only tracts that remain to be cadastrally surveyed in the temporarily settled districts of the North-Western Provinces are parganas Badausa and Tarhowan, and portions of parganas Darsenda and Chíbu.

There seems to have been no failure on the part of the Survey Department to supply the settlement officers with maps. The only pargana in which the supply of maps is backward is Hasanpur, but the necessity of attending to work in other parganas, and not the want of maps, was the cause of Mr. Smeaton's inability to inspect that pargana. Maps have been supplied for the whole of the Muttra, Agra, and Hamírpur districts, as well as for the permanently settled parganas of Azamgarh, and in Bánda and Karwi to the extent of the settlement officer's requirements. The survey of Bánda and Karwi will probably be completed during the field season of 1878-79.

- 4. Inspection.—The area inspected during the year was 1,255,889 acres, and comprised pargana Amroha in Moradabad; Mát in Muttra; Fatehpur Síkri and Farah, and portions of Irádatnagar, Agra, and Khairagarh in the Agra district; and Augási and the remaining portions of Bánda and Pailáni in Bánda. The parganas that remain to be inspected are Hasanpur in Moradabad; a small portion of Khairagarh in Agra; Sihonda and Badausa in Bánda; Darsenda, Chibu, and Tarhowan in the Karwi subdivision; and Panwári-Jaitpur, and Mahoba in Hamírpur. In appendix III. of the report 265,652 acres are shown as remaining to be inspected and assessed in the permanently settled parganas of Bhadáon and Sikandarpur of the Azamgarh district. This is a clerical error, but, as it is repeated annually (with an addition of ten thousand acres this year), and affects the grand total of area remaining to be inspected and assessed, I am to bring it to the Senior Member's notice.
- 5. Assessment.—The parganas assessed during the year were Sambhal in Moradabad; Cháta and Kosi in Muttra; Itimádpur, Firozabad, Pináhat, and Fatehabad in Agra; Ghátampur in Cawnpore; Hathgaon, Kotla, Ekdala, and Dhata in Fatehpur; and Hamírpur and Sumerpur in Hamírpur. The fiscal results of the assessments declared within the year

are an increase of Rs. 1,72,252 on an expiring demand of Rs. 22,65,234. The revenue has been raised in every pargana assessed in the Moradabad, Muttra, Agra, and Hamírpur districts, and has been reduced in every pargana assessed in Cawnpore and Fatehpur.

6. That Fatehpur needed the relief that Mr. Patterson has given may be admitted, but in some parts of Cawnpore reductions have been made of which the necessity seems doubtful. In Jájmau, for instance, where canal-irrigation was introduced during the currency of the last settlement, there has been a decrease of 9.8 per cent. in the revenue demand. Though some of the assessments in this pargana were undoubtedly severe, it may be inferred from the reports of the Court of Wards that larger and more general reductions were made by the settlement officer than were really called for, Under the former settlement the revenue assessed on the Rawatpur estate, which comprises 22 whole villages and shares in two others in this pargana, exceeded Rs. 24,000. The revised assessment is less than Rs. 22,000, although in the very year in which the new demand was enforced the rental collections exceeded Rs. 41,000. If to this be added sayer income, it would seem that the assets annually realized are already double or more than double the revenue. In this estate, at any rate, no reduction of revenue seems to have been necessary.

The Board, it is trusted, are careful that the interests of Government are not needlessly sacrificed, and should see that, if undue leniency was shown in Cawnpore, the mistake be not repeated elsewhere.

- 7. The parganas that remain to be assessed are Káshipur in the Tarái; Amroha and Hasanpur in Moradabad; Mát in Muttra; Irádatnagar, Agra, Fatehpur Síkri, Farah, and Khairagarh in Agra; Jalálpur, Rath, Panwári-Jaitpur, Mahoba, and Maudha in Hamírpur; Khairagarh in Allahabad, as well as the eight temporarily settled villages of Mirzapur; and all the parganas in the Bánda district and Karwi subdivision. Rent-rate reports for parganas Káshipur, Irádatnagar, Maudha, and Khairagarh (Allahabad) had been received by the Board before the close of 1877, and the rates for all except Irádatnagar had been sanctioned.
- 8. Judicial work was heaviest in the Muttra district, elsewhere it was normal.
- 9. Records.—(a) Maps.—At the rate the maps of the cadastrally surveyed districts are being reproduced in Calcutta, the printing of the remainder will occupy nearly seven years. The Senior Member offered to undertake the lithography of a portion of them at the Government Press, Allahabad, if the Survey Department could not photo-zincograph them more rapidly; and in the early part of last year he was promised a distinct proposal showing what portion of the work might be undertaken by the Board. The present rate of progress is extremely slow, and will inevitably result in grave inconvenience. I am to request that the Senior Member will at once place himself again in communication with the Survey Department on this subject, and report the result to Government. Good progress has been made by the Board and settlement officers in reproducing the maps of non-professionally surveyed districts.
- (b) Other papers in the settlement misl.—The progress made in preparing, fairing, and copying has been fair in all districts, though the

necessity of revising and correcting the records of pargana Moradabad compelled Mr. Smeaton to postpone the completion of record work in parganas Bilari and Thákurdwára. The nature of the inaccuracies found in the records of pargana Moradabad is not stated, but their cause may perhaps be that the work was pushed on too fast. In G. O. No. 776A., dated the 13th March, 1874, Sir William Muir warned the settlement officer that his rapid system of preparing the records of this pargana was likely to cause trouble afterwards.

10. Some diversity of practice in the preparation of the records is noticeable. The settlement officers of Agra and Bánda fill up their khasras mahálwar, and the settlement officer of Muttra, after filling up and fairing the khasra mauzawar, is shown as making the additional copy mahálwar. The settlement officers of Hamírpur and Moradabad deal with the khasra throughout as a mauzawar record. As a consequence, in Agra and Bánda volume II. of the settlement misl is bound mahálwar, and in Hamírpur and Moradabad mauzawar. Practice differs also in non-professionally surveyed districts. In Cawnpore the khasra and volume II. are prepared mauzawar throughout. In Fatehpur the khasra is filled up mauzawar, and the first fair and additional copies are made out mahálwar. In Allahabad the khasra is made a mahálwar record throughout.

Now that records-of-rights are to be prepared in some of the permanently settled districts, the Lieutenant-Governor desires that the Senior Member, after considering the comparative merits of each system, will prescribe the one that approves itself to him for uniform observance in Jaunpur and any districts of the Benares division in which it may be determined to make a cadastral survey. To His Honour it appears that the mahálwár khasra must under almost all circumstances be a convenience rather than a necessity, and it seems to be the intention of the rules that the khasra should be mauzawar, as it is to be bound up in the mauzawar volume II., and not in the mahálwar volume I. The khasra must be primarily drawn up together with the map to which it is an index, and it must cost money to excerpt a mahálwar khasra; and if some districts can do without it, others can. The question for the Senior Member's consideration is whether the convenience is worth the expense, and his decision, with the grounds for it, should be reported to Government.

- 11. Cost of settlement work.—Settlement operations during the year cost Rs. 9,44,294, the charges averaging about one lakh of rupees in each district under settlement.
- 12. The Lieutenant-Governor concurs in the commendations bestowed by the Senior Member on the officers of the Settlement Department-in para. 24 of the report, and His Honour presumes that the omission of Mr. Wright's name was inadvertent.

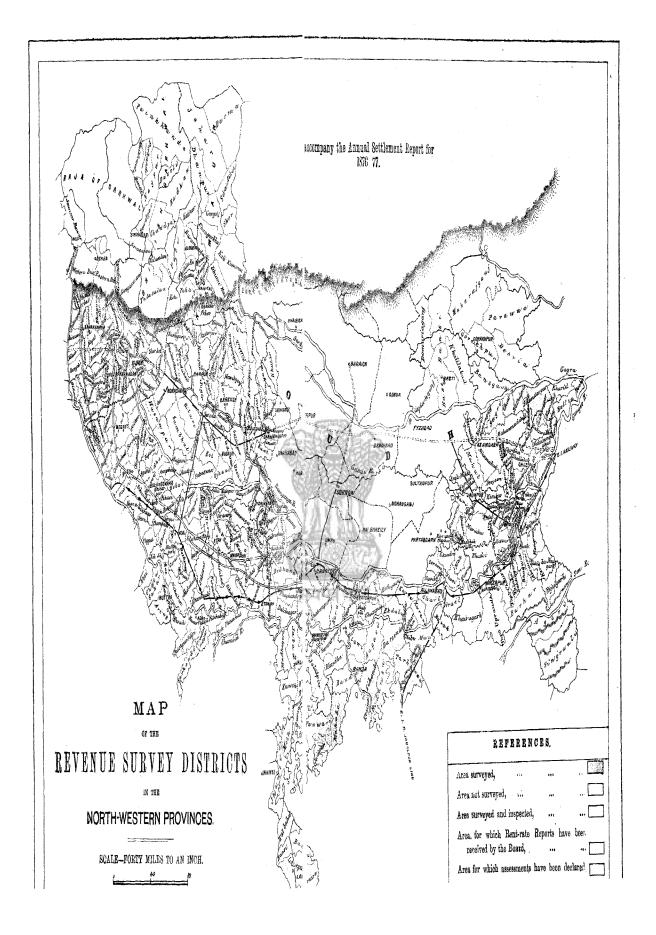

I have the honour to be,

SIR,

Your most obedient servant,

C. ROBERTSON,

Secy. to Govt., N.-W. P. and Oudh.

Present:
H. S. Reid, Esq.

The Senior Member desires me to submit, for the information of His Honor the Lieutenant-Governor, the following report on the progress of settlement operations for the year 1877-78.

2. The divisional reports were received by the Board on the following dates :-

 Kumaun
 ...
 ...
 19th August, 1878.

 Rohilkhand
 ...
 ...
 24th ditto.

 Agra
 ...
 ...
 20th ditto.

 Allahabad
 ...
 ...
 14th November, 1878.

 Benares
 ...
 ...
 12th December, 1878.

Dates on which reports were submitted.

The report for the Benares division, which was submitted by the Commissioner last year on the 29th August, only reached the Board on the 12th December. The delay in its submission this year has been caused by its having been inadvertently delayed in the Commissioner's office.

3. During the year under notice, Mr. Smith, Settlement Officer of Agra, proceeded on furlough, and Mr. H. F. Evans, the Assistant Settlement Officer, was placed in charge of the settlement.

Changes in the covenanted staff of the Settlement Department.

In January last, Mr. E. B. Alexander, then Junior Secretary to the Board, rejoined the Settlement Department as Assistant Settlement Officer of Moradabad, and held charge of the settlement during Mr. Smeaton's temporary absence on special leave.

- 4. The appendices to the present report are in the same form as those which accompanied the report for 1876-77. The Senior Member suggested in para. 4 of the last report that certain columns might be omitted from Appendix I., but no orders on this proposal were passed by Government, and the columns have been retained in this year's appendix.
 - 5. The work of the year will be noticed under the five heads of-

I.—Measurement.
II.—Inspection.

IV.—Judicial work.

V.—Records.

6. The only district remaining to be surveyed at the end of last year was Banda. During the past season, 308,097 acres were surveyed in this district (including Karwi), and 440,349 acres, or 688 square miles remained to be done. This will be finished before

I.—Measurement.

the end of the present season, and the survey party under Colonel Anderson will then proceed to Mirzapur, to take up the cadastral survey of the Gangetic valley portion of that district which has been sanctioned in G. O. No. 2759A., dated 13th September, 1878.

- 7. The cadastral survey of Jaunpur was taken up last cold season by the Behár party under Mr. Johnson; 150 square miles of parganas Múngra and Ghisua were cadastrally surveyed, and 193 square miles of preparatory work was done in parganas Ghisua and Garwara of tahsil Machhlishahr. During the present field season, the survey of the remainder of pargana Ghisua and of parganas Garwara and Mariáhu is being carried on, and preparatory work started in the Jaunpur tahsil.
- 8. The party under Captain Barren, which has been employed in the topographical survey of Budaun district, will, on completion of the remainder of its work there, take up the cadastral survey of the Gházipur district.
- 9. The districts in which inspection work remained to be done at the end of last year were Moradabad, Agra, Bánda, Karwi, and Hamírpur. During 1877-78 the unfinished areas in Moradabad and Agra were completed. In Bánda and Hamírpur very little remains to be inspected.
- 10. The progress in inspection work is shown in the subjoined statement. The districts inspected prior to the period under report are excluded:—

	ĺ			Area inspected.		Percentage of area in-
District.	Area sur- veyed.	Area for which maps have been supplied.	Market State Committee	During year under report.	Total.	spected to area for which maps have been supplied.
	Acres.	Acres.	Acres.	Acres.	Acres.	Acres.
Moradabad	1,472,481	1,472,461	1,110,881	361,600	1,472,481	100
Agra	1,196,838	1,196,838	1,177,609	19,329	1,196,838	100
Bánda	1,074,248	1,074,248	737,931	299,781	1,037,712	96
Karwi	402,884	287,000	***	98,110	98,110	34
Hamirpur	1,470,004	1,470,004	10,29,718	229,121	1,250,839	85
Total	5,661,455	5,500,571	4,056,039	1,007,941	5,063,960	92

- 11. The outturn in Bánda has not been large. A greater part of the Settlement Officer's time in the cold season was devoted to a partial re-inspection of pargana Augási, which had been inspected last year by Mr. Finlay, to enable Mr. Cadell to judge of the soil and village classification made by the Assistant Settlement Officer in this his first pargana. And in the early part of the season, Mr. Cadell had to spend some time in parganas Pailáni and Maudha, and to re-inspect some villages in pargana Bánda. Mr. Cadell was also delayed by the late receipt from the Survey Department of the maps of Bhadausa, the pargana partly inspected by him, and it will be seen that inspection in Bánda is well up to the area for which maps had been received.
- 12. It was Mr. Patterson's first season in Karwi, and though he had some Fatchpur work remaining, and could not commence inspection in Karwi till January, he might, no doubt, have inspected a somewhat larger area had he not thought it advisable to proceed with caution at first until he had become more at home in the soils, and acquired a more intimate knowledge of the district, its condition and circumstances. A Doáb Settlement Officer finds himself in a country of quite different character on commencing work in Bundelkhand, and the Senior Member considers Mr. Patterson to have been right in not attempting to cover a very large area in this his first season. In Hamirpur portions of pargana Panwárí-Jaitpur previously inspected by Mr. Ridsdale had to be gone over again by Mr. Neale.

13. During the year a total area of 1,728,838 acres, comprising nine entire parganas and portions of two others, was assessed. The new jamas in pargana Bánda were given out in May last, and, in consideration of the impoverished circumstances of the pargana, were brought into force at once, on the condition that the zamindars did not collect from the cultivators more than the rental fixed or approved by the Settlement Officer.

II .- Inspection.

III. - Assessment.

The area for which assessments remain to be declared amounts to 3,325,101 acres, comprising fourteen parganas. Of these the rent-rate reports for the following parganas have up to date been received and sanctioned by the Board:—

Fatehpor Síkri ... Zila Agra.
Panwári-Jaitpur,
Jalálpur, , Hamírpur.
Ráth,

Before the next report is submitted the whole of Hamírpur will have been assessed, and probably the greater portion of Bánda. On the whole the Senior Member is satisfied with the progress made.

The parganas assessed during the year, as well as those of which the assessments remain to be declared, are as follows:—

Distri		Pargana or tahsil as	- Old	 New final		ase or ease,	Pargana or tahsil re-
Distri	Ct.	sessed during year	revenue.	demand.	Increase.	Decrease.	maining to be assessed.
			Rs.	Rs.	Ra.	Rs.	
Tarái	***	Káshipur	1,05,389	99,482	•••	5,907	
Moradabad	{	Sambhal (a portion Amroha	7/1 7/1//	3,51,720 1,15,461	63,894 15,013	•••	{ Hasanpur.
Muttra	•••	Mát	2,37,727	2,81,820	44,093	•••	
Agra	{	Irádatnagar Agra Farah	1,84,613	2,01,880 2,05,787 1,88,640	16,046 21,174 19,036	***	Fatehpur Síkri. Khairagarh.
Bánda	•••	Bánda	2,45,947	2,05,125		40,822	Pailáni, Sihonda. Badausa. Augasi.
Karwi	•••	***	•••		141	•••	Darsenda. Chibu. Tarhawán.
Hamirpur	***	Maudha	1,38,662	1,23,410	***	15,252	Jalálpur. Ráth. Panwárí-Jaitpur. Mahoba.
Allahabad	{	Khairagarh and 8 Mirzapur villages,	} 2,98,897	3 ,02,178	5,281	•••	
		Total	19,52,947	20,75,503	1,84,537	61,981	

The result of the revision of assessments up to date has been a net increase of Rs. 45,13,146 to the revenue of the North-Western Provinces, of which Rs. 1,22,556 represents the increase obtained from jamas which have been declared in the year under report.

14. Case work was not so heavy as last year. The number of cases and appeals which came up for hearing during 1877-78 were 73,920 and 1,528 respectively, as against 93,128 cases and 2,269 appeals in the previous year. The percentage of both cases and appeals disposed of in the two periods have been as follows:—

Cases 82 83 Appeals 79 83

15. Record work is as usual noticed under the heads of (1) maps and (2) the record-of-rights, and under the latter division the progress made in respect to each of the following papers will be shown:—

(1) Khasra.

(3) Khewat.

(2) Jamabandi.

(4) Wajibularz.

16. No maps of any district are now being prepared by the Settlement Officers, and the work in hand consists of the reproduction of field maps both for districts under settlement and for other districts in which settlement operations have ended. The maps are reproduced either by photozincography in Calcutta or by lithography

V.—Records.

IV .- Judicial work.

(1)-Maps.

The progress of work during the period under review will be separately considered for-

- (a). Maps of the cadastral survey reproduced by photozincography by the Survey Department.
- (b). Maps of the cadastral survey traced by the Survey Department and reproduced by lithography at the Government Press, North-Western Provinces.
- (c). Maps of the settlement survey traced in the Board's Office and reproduced by lithography at the Government Press, North-Western Provinces.

17. The progress made in the reproduction of field maps by the Survey Department is shown in the following table, which includes only those districts in which the work is being or formerly was effected by photozineography in Calcutta. In this and the succeeding tables the number of sheets will be found to vary in some instances from the figures formerly shown. Errors in former statements have been discovered and corrected. The number of sheets may be reduced or increased by the photozineographic department in reproduction, and, until the work is completed, the figures supplied by the Survey Department are open to alteration and correction:—

District,	Number of villages.	Number of sheets.	Number of sheets pho- tozinco- graphed dur- ing the year.	sheets pho-	Number of sheets to be lithographed by Govern- ment Press, Allahabad.	Number of sheets lithographed by Govern- ment Press during the year.	Number of sheets remaining to be photozin-cographed or lithographed.
1.	2.	3.		5.	6.	7.	8.

Bhudaun.) Jaunpur for 1877-78,	215	270		17	***	***	270
Total	7,154	12,492	2,664	5,610	1,914	1,022	5,860

The rate of progress shows a considerable improvement, 2,664 sheets having been printed during the year. The remaining Moradabad maps will be completed in Allahabad, and the statement therefore shows 4,968 sheets to be printed in Calcutta; so that Captain Riddell, Assistant Suveyor-General, appears fully justified in considering that two more years should enable the arrears to be cleared off by the photographic branch.

18. The cadastral maps traced by the Survey Department and lithographed at the Government Press at Allahabad are shown in the following statement:—

			Number of traced sheets received from Survey of Department.			Numb	Total			
District.	Number of villages.	Number of sheets.	be printed	Up to end of last year.		Re- main- ing.	end of last year.	During year from 1st Decem- ber, 1877 to 30th June, 1878.	ing.	be printed, whether received or not received.
1.	2.	3.	4.	5.	6	7.	8,	9.	10.	11.
Moradabad Bánda Tarái (par- gana Káshi- pur).	3,004 1,008 217	3,654 2,632 242	1,914a 2,632 242	Nil.	1,022b 247c 24 2d	892 2,385	***	1,0226 218c 241d	 29	892 2,414 1

Note.—(a) 1,740 sheets reproduced in Calcutta.

(b) Duplicate 6 sheets spoilt and retraced not included.
(c) Ditto 195 ditto ditto.

ditto.

Ditto 3 ditto

These maps are supplied by the Survey Department ready for lithography, and of the sheets received by the Government Press only 30 remained to be printed at the close of the year—1,481 sheets having been lithographed between the 1st December, 1877, the date on which the work commenced, and the 30th June, 1878.

The outturn is that of seven months, and the rate of progress in Moradabad, where expedition was most necessary, is good.

It is expected that the next return will show more rapid progress in the reproduction of the Banda maps; but in fact the outturn from Banda is really as great as, or at any rate but little less than, that from Moradabad.

Colonel F. C. Anderson, the Deputy Superintendent, Revenue Survey, 5th Division, Bánda, in submitting his statement of the number of sheets that have been lithographed, writes as follows:—"The actual amount of work in the tracings made for the lithographic press depends, however, not on the number of sheets traced, but primarily on the number of fields in each sheet, which vary from 60 to 1,500 per sheet; secondly, on the nature of the country depicted, for a sheet showing a flat champaign country takes less time to trace or draw than one that contains raviny and broken ground; and lastly, on the size of the villages, for the numbering of fields of a small village containing not more than a hundred fields will take half the time that it takes to enter the numerals on the fields running to thousands of a large holding."

19. It would be unfair to judge of the outturn of work solely by the number of sheets or even by the number of fields, and the Board are satisfied that there has been no remissness on Colonel Anderson's part. The number of sheets will necessarily be greater with reference to the area surveyed where the villages are small. The areas of Bánda villages are exceptionally large. The Settlement Officers of Moradabad and Bánda have examined the lithographed copies supplied to them, and consider the maps to be sufficiently clear, and that they will answer all practical purposes. It remains now to notice the work of tracing for lithography in the Board's office the field maps of the settlement survey. The few field maps of Cawnpore and Allahabad which remained on hand have been completed and are included with the Board's maps in the following statement:—

				Number	r of maps	traced.	Number	of maps	printed	
, Dis	strict.		Number of villages of which maps are required.	Up to end of last year.	During the year.	Remain- ing.	Up to end of last year.	During the year.	Remain- ing.	Remarks
	1.		2.	3	4.	5.	6.	7.	8	9.
Azamgarh Cawnpore Allahabad	•••	***	5,544 2,088 3,987	194 2,088 8,938	2,220 49	3,130	143 1,948 3,938	2,237 140 49	3,164	
	Total	•••	i1,619	6,220	2,269	3,130	6,029	2,426	3,164	1

In the last report the districts of Farukhabad, Etawah, and Etah were reported as having been completed in the Board's office, and those of Aligarh, Mainpuri, and Fatehpur under the supervision of the Settlement Officers. In the present year of report the districts of Cawnpore and Allahabad were completed under the supervision of the Settlement Officers, and 2,220 Azamgarh maps have been traced in the office of the Board; 2,426 village maps of districts surveyed under the Settlement Officer have been printed at the Press, in addition to the 1,481 sheets of the professional surveys printed, and the arrears at the close of the year were nominal.

Up to the end of June last the expenditure for work done in the Board's office has been Rs. 5,908-2-2, compared with Rs. 7,938 in the preceding year.

The cost of tracing in the Board's office has amounted to Rs. 2-10-6 per map (not sheet), being a little more than one-half of the cost incurred at the commencement of the work, when the rate was Rs. 4 per map, as reported in para. 15 of the printed note on reproduction of village field maps submitted to Government with the Board's No. $\frac{1572N}{N1-10}$, dated the 26th August, 1875. The cost for tracing per 100 fields has been 9 annas; this includes tracing, first with pencil and secondly with transfer ink, and examination.

The Senior Member now purposes extending the work of reproduction and taking in hand some of the districts as yet untouched. In para, 15 of the printed note these districts were enumerated, and it was stated that, at any rate for the present, it was not intended to do anything regarding the reproduction of their maps; but now that so many districts have been completed, it is time to decide finally as to the reproduction of the maps of those remaining. The districts completed are Aligarh, Farukhabad, Mainpuri, Etawah, Etah, Cawnpore, Fatehpur, and Allahabad; and the maps of the cadastrally surveyed districts of Muttra, Agra, Hamírpur, Báuda, Moradabad, the Tarái pargana of Káshipur, and two parganas of Azamgarh are being prepared for photography or lithography by the Survey Department.

The maps of the temporarily settled portion of Azamgarh alone are now on hand in the Board's office.

The Senior Member called on the Commissioners to report and submit the opinions of the district officers as to the quality of the settlement field maps of each district remaining.

Definite reports have been promised by the Commissioners of Meerut and Rohilkhand after further enquiry and examination of the maps during the ensuing cold season.

The local officers generally consider that it would now be a mistake to reproduce the maps of any district in the Jhansi Division, and similar opinions have been expressed as to the maps of Gorakhpur and Basti; but in respect to these two districts, the Senior Member hopes during the cold weather to take up the subject on the spot, and to form a decision after personal consultation with the district officers and Commissioner.

Meantime the Senior Member has decided on undertaking the Sháhjabánpur village field maps, the reproduction of which is recommended both by the Collector and Commissioner, and a commencement has been made.

20. The progress made in the preparation of this paper is shown in the following table:—

		In rough,			First fair copy.			Additional copies.

25. Several excellent officers have left the Settlement Department during the year under report.

Conduct of officers.

- Mr. W. H. Smith, after a long and meritorious service in the districts of Aligarh and Agra, took furlough in February, 1878, and has since been gazetted a Magistrate and Coilector, as has Mr. J. R. Reid, who went on furlough in the preceding year.
- Mr. F. N. Wright, on completion of the Campore settlement, reverted to district duty, and Mr. F. W. Porter took furlough on completing the Allahabad settlement.
- 26. These officers had all worked well and long for terms from eight to eleven years in the department, and their services will be fully brought to the notice of Government when the final reports of their districts are submitted for the orders of Government.

The officers still employed in the department—Messrs. Cadell and Finlay in Bánda, Messrs. Neale and V. A. Smith in Hamírpur, Mr. Patterson in Fatehpur and Karwi, Messrs. D. Smeaton and E.B. Alexander in Moradabad, Mr. Evans in Agra, and Mr. Whiteway in Muttra—have all done good work during the year, and Mr. Reid considers that each bas upheld the reputation already gained by good and able service in preceding years.

26. The Settlement Officers, as will be seen from the district abstracts, have generally been well satisfied with the services rendered by the Deputy Collectors employed on settlement duties.

I have the honour to be,

SIR,

Your most obedient servant,

GEORGE BUTT,

Officiating Secretary.

ABSTRACT OF DISTRICT REPORTS.

ROHILKHAND DIVISION.

MORADABAD-cum-PARGANA KASHIPUR.

... 2,489 square miles. ... 2,489 surveyed ,, ... 2,489 inspected ,, ... 1,924 assessed ...

(1) Moradabad.—During the year the maps for the remaining area of pargana Hasanpur were received from the Survey Department, and the pargana was inspected jointly by the Settlement and Assistant Settlement Offices. The remainder of Sambhal was assessed, as also the whole of pargana Amroha. There now remains only pargana Hasanpur to complete the assessment of the district.

Good progress has been made in the preparation and filing of records. The few records shown as incomplete in pargana Thákurdwára and Bilari have, since the close of the year, been finished, and the settlement of the two parganas has been closed by notification No. 3486A., dated 30th November, 1878.

The papers of Sambhal and Amroha are now in hand. The Settlement Officer hoped to make over the records of pargana Sambhal to the Collector before the close of the year.

There were fewer cases and appeals than last year. Out of 9,800 cases and 190 appeals which came up for hearing, 8,109 cases and 167 appeals were disposed of before the year closed.

The charges during 1877-78 were Rs. 1,42,784 and Rs. 7,63,888 since the commencement of operations.

The two Deputy Collectors have worked to the Settlement Officer's entire satisfaction, and are well-spoken of by him.

(2) Káshipur.-The pargana has been assessed, and the records have all been prepared and filed in the Superintendent's office. Mr. Alexander deferred applying for the issue of a notification closing settlement until Mr. Smeaton returned, as there were a few matters, such as the revision of patwaris' circles, remaining unfinished, which required to be disposed of by him.

There were only 384 cases and 7 appeals for disposal during the year, of which all but 16 cases were disposed of.

The total cost of revising the settlement of this pargana has been Rs. 38,929.

The Deputy Collector, Munshi Imam-ud-dín, has worked well, and is highly spoken of by the Officiating Settlement Officer.

AGRA DIVISION.

MUTTRA.

Area	. •••	***	***	1,636	square	$\mathbf{miles}.$
,,	surveyed	•••	***	1,636	**	39
39	inspected	***		1,636	"	"
39	assessed	•••	***	1,636	**	55

The assessment of pargana Mát, which was the only one remaining to be assessed at the end of last year, was given out in 1877-78.

Record work has been progressing satisfactorily. During the year the record for the whole of Mahaban and for a portion of Muttra were filed. Mr. Whiteway hoped to complete what fairing work is shown as remaining by the end of the calendar year or soon after.

Officers.

Mr. D. M. Smeaton, Set-tlement Officer. Mr. E. B. Alexander, Assistant Settlement Of-

Maulvi Imam-ud-dín, Deputy Collector. Munshi Debi Parshad,

Deputy Collector. Sahai. Munshi Ram Deputy Collector.

Officers.
Mr. R. S. Whiteway, Officiating Settlement Officers ficer.

Pandit Debi Din (since dead), Ali Muhammad, and Inamulla, Deputy CollecCase work was still heavy, though lighter than in the previous year. There were altogether 13,317 cases and 206 appeals for disposal, and no less than 12,242 of the former and 178 of the latter were disposed of within the year. There were practically only three Courts open during the year, as Pandit Debi Din died in November, 1877, and Mr. Whiteway was absent for three months on privilege leave.

The total cost of the settlement has been Rs. 6,65,095, of which Rs. 73,311 represent the charges of the year under report.

Mr. Whiteway has been well satisfied with the work of Deputy Collectors Ali Muhammad and Inamulla. The latter has since been transferred to the Agra settlement. The former, on the expiry of the privilege leave recently granted to him, will revert to the regular line.

AGRA.

Area	***	•••	***	1,870	square	miles.
"	surveyed	***	•••	1,870	,,	>>
"	inspected	***	***	1,870	"	"
97	assessed	***	•••	1,497	29.	"

The small area which remained unfinished at the end of last year in pargana Khairagarh was inspected during the period under report. In addition to this, Mr. Evans re-inspected pargana Fatehpur Sikri and the rest of Khairagarh, both of which had been done in the previous year by Mr. Benson. The total area inspected by Mr. Evans was thus 238,553 acres.

Parganas Iradatnagar, Agra, and Farah were assessed during the year. There now remain only parganas Fatehpur Sikri and Khairagarh to complete the assessment of the district.

The progress made in the preparation and filing of records has been good. The records of parganas Itimádpur and Firozábad were completed, and the misls were made over to the Collector in the year under report.

Case work was heavy during the year, but a fair proportion of both cases and appeals were disposed of within the period under review. The figures are 9,719 cases disposed of out of a total of 13,363, and 184 appeals out of a total of 345. The number of cases pending was less by 600 at the close than at the beginning of the year, and of the pending cases, especially the enhancement claims, many had only been instituted towards the close of the year.

The total cost of the settlement up to the end of 1877-78 was Rs. 5,62,669, of which Rs. 1,15,202 were incurred in the year under report. The cost has thus, up to that period, been less than three years' increase of revenue.

The Settlement Officer has been satisfied with the work of his Deputy Collectors. He regrets the death of Pandit Adinath Tiwari, who was a hard-working officer. Munshi Bihari Lal was appointed after the death of Pandit Adinath Tiwari.

ALLAHABAD DIVISION.

CAWNPORE.

Are	a •••		***	2,337	square	miles.
97	surveyed	•••	***	2,337	"	2)
,,	inspected	•••	***	2,337	"	,,
**	assessed	***	***	2,337	••	.,

No report has been submitted for this district; but the work of the year consisted in completing the records of parganas Derapur, Bhognipur, and Ghátampur, which remained unfinished at the end of last year, and in disposing of the few cases and appeals which came up for disposal.

The total cost of the settlement has been Rs. 7,00,865. The final settlement report has just been received, and in it Mr. Wright speaks highly of Deputy Collector Bihari Lal's services.

Officers.
Mr. W. H. Smith, Settlement Officer, (on fur-

lough).
Mr. H. F. Evans, Assistant Settlement Officer,
Officiating Settlement Officer.

Pandit Adinath Tiwari (since dead), Munshi Ajudhya Parshad, Gursaran Das, and Bihari Lal, Deputy Collectors.

Officers. Mr. F. N. Wright, Settlement Officer. Bihari Lal, Deputy Collector.

FATEHPUR.

Area	140	***	***	1,631 sc	quare	miles.
"	surveyed	•••	•••	1,631	,,	"
,,	inspected	***		1,631	,,	"
93	assessed	***	***	1,631	**	12

During the year the remaining records of tahsils Khaga and Khakeru were completed and made over to the Collector, and settlement work in the whole district brought to a termination.

There were 3,314 cases and 328 appeals for trial, all of which were disposed of before the year closed.

The number of cases in which the decision of the subordinate Courts was reversed on appeal to the Settlement Officer was unusually large, but Mr. Patterson explains that these were chiefly enhancement cases. He had naturally, from his previous inspection, a more intimate knowledge of the villages and soils than the subordinate officers.

The cost of the settlement has been Rs. 5,66,977, of which Rs. 18,545 represent the charges of the year under report.

Mr. Patterson has been well satisfied with the work of his subordinate officers. The final report had been completed, but not submitted to Commissioner before the close of the year.

BANDA.

Area	***	J. 15	59	1,81 4 sq	nare	miles.
**	surveyed	E 400		1,678	11	"
"	inspected) en 1.	1 44.7	1,621	"	**
23	assessed	***	110	427	55	33

Survey work has nearly been completed. An area of 87,109 acres in pargana Badausa was all that remained to be surveyed at the end of the year, and a similar area for which maps had to be supplied by the Survey Department. Pargana Sihonda and a portion of Badausa were inspected, the former by Mr. Finlay and the latter by Mr. Cadell. The causes which prevented the Settlement Officer from inspecting a larger area are given in para. 11 of the Board's review. The area remaining to be inspected in the district amounts to 123,645 acres.

The assessments in pargana Banda were declared within the year; the result of the revision has been a decrease of Rs. 40,822 on the old demand of Rs. 2,45,947.

Record work has advanced as far as was possible. During the year the rough records for pargana Augási were completed, except in one village in which serious disputes retarded the completion of the record. In Sihonda and Badausa many of the papers for a number of villages have also been prepared in rough.

There were 8,759 cases and 164 appeals for disposal during 1877-78. At the end of the year 1,402 cases and 31 appeals remained undisposed of.

The charges up to the end of the year under report have been Rs. 4,74,514, of which Rs. 1,89,207 are expended in 1877-78.

Mr. Cadell has been well satisfied with the work of his subordinate officers. Mr. Finlay has given him much general assistance, and the Deputy Collectors have worked laboriously and well.

KARWI (SUBDIVISION OF BANDA).

Area		***	494	1,181	square	miles
,,	surveyed	***	***	629))	>>
"	inspected	•••	***	153	,,	"
11	assessed	***	***	***		

Measurements have been completed in two out of the three parganas comprising the subdivision.

Maps have been furnished for the whole of pargana Darsenda and for nearly a third of Chibu.

Officers.
Mr. A. Cadell, Settlement Officer.
Mr. H. B. Finlay, Assistant Settlement Officer.
Janki Parshad, Shaikh Imtizam-ud-din, and Babu

Jaigopal Banerji, Deputy

Collectors.

Officers.
Mr. A. B. Patterson,
Settlement Officer.
Muhammad Ismail Khan,
Deputy Collector.

A portion of pargana Darsenda, comprising 98,110 acres, was inspected during the year. Mr. Patterson commenced inspecting only in January, 1878. He could not begin earlier, as he had to dispose of a large number of appeals and other miscellaneous work in Fatchpur during the early part of the cold season. Besides, he did not think it advisable to inspect a large area before he had acquired a more intimate knowledge of the subdivision.

The rough records of pargana Darsenda, remaining incomplete at the end of the previous year, were fluished in 1877-78. The records of the remaining two parganas had not been taken in hand.

2,031 cases were disposed of out of a total of 3,023 which same up for hearing during the year. In addition to these 21 appeals were decided in the above period.

The charges during the year amounted to Rs. 39,816; up to the end of the year the cost of the settlement has been Rs. 42,457.

Mr. Patterson continues to entertain a high opinion of Muhammad Ismail Khan. He also acknowledges the assistance he has received from Aliyar Khan, the tahsildar, who, he says, is an intelligent and hard-working officer.

HAMIRPUR.

Area	•••	•••	2,296	square	miles.
**	surveyed	•••	2,296	- 17	,,
1)	inspected	•••	1,967	"	"
"	assessed	***	607	,,	,,

Mr. Neale and Mr. Smith jointly completed the inspection of the area remaining unfinished at the end of last year in pargana Panwari-Jaitpur. Mahoba is the only pargana now remaining to complete the inspection of the district.

No assessments were declared during the year by Mr. Neale. The assessment of pargana Maudha, which is shown as assessed in the year under report, was given out by Mr. Cadell, Settlement Officer of Bánda. The proposed rates for parganas Ráth and Jalálpur were sanctioned, but the jamas could not be declared till after the close of the year.

Mr. Neale writes that the jamas of Hamirpur and Sumerpur continue to work well. Though both suffered severely from drought, there was no complaint of the new settlement having added to the difficulties, and the revenue balances were remarkably small.

The records for the whole district have been completed in rough; a good portion of the records of pargana Hamirpur and Sumerpur have been faired and copied. Mr. Neale hoped to complete the records for these two parganas and to make them over to the Collector by the end of September last.

The number of cases and appeals was larger than last year, but was not exceptionally heavy; 7,392 cases and 41 appeals were disposed of out of a total of 8,359 and 48 respectively.

The charges for the year amounted to Rs. 72,940 and to Rs. 3,85,505 since the commencement of settlement operations.

Mr. Neale notices with approval the work of his subordinates. Mr. Smith demarcated the soils of the larger portion of pargana Panwari-Jaitpur with care, and paid great attention to the record work.

ALLAHABAD.

Area	•••	***	2,888	square	miles.
"	surveyed		2,888	**) f
,,	inspected	•••	2,888	,,	,,
,,	assessed	•••	2,888	,,	55

The work of the year consisted in the declaration of the new assessments of pargana Khairagarh and of the eight temporarily-settled villages in the Mizzapur district, as also in the preparation and completion of the records belonging thereto.

In addition to the above, 2,533 cases and 159 appeals were disposed of.

Cfficers.
Mr. W & Neale, Settlement Officer.
Mr. V. Smith, Assistant Settlement Officer.
Durga Parshad, Deputy Collector.

Officers.
Mr. F. W. Porter, Settlement Officer,
Muhammad Mohsin

Muhammad Mohsin Khan, Zulkadar Bahadar, and Sayyad Zahid Husain Deputy Collectors. The final settlement report has been received, and will be submitted to Government.

The cost of the settlement has been Rs.10,88,179.

AZAMGARH.

Area	***		2,561	square	miles.

"	assessed	***	2,561	"	"

Officers.
Mr. G. Vaughan, in charge of Settlement.

The remaining records of pargana Bhadaon were completed and filed in the Collector's office during the year. The rough records of pargana Sikandarpur were also completed, and are being faired and copied. Besides the above Mr. Vaughan completed the revision of the acreage and patwaris' cess, and inspected and assessed the alluvial mahals subject to periodical revision of settlement in pargana Sikandarpur.

8,052 cases came up for trial; of these 5,923 were disposed of within the year.

There were no appeals. The cost of the settlement has been Rs. 8,22,116.

ORDERS OF GOVERNMENT.

No. 648 of 1879.

FROM

THE SECRETARY TO GOVERNMENT,
N.-W. PROVINCES AND OUDH,

To

THE SECRETARY TO THE BOARD OF REVENUE,

NORTH-WESTERN PROVINCES.

Dated Allahabad, the 21st March, 1879.

Sir,

SVENUE DEPARTMENT.

I am directed to acknowledge the receipt of your No. $\frac{32}{1.42}$, dated 23rd January, 1879, being the report by the Senior Member on the progress of settlement operations in the North-Western Provinces, for the year ending 30th June, 1878, and in reply to communicate the following remarks and orders.

- 2. The Divisional reports for Kumaun, Rohilkhand, and Agra, were submitted to the Board before the end of August, but there was undue delay on the part of Allahabad and Benares, the reports for which were not received in the Board's office till the 14th November and 12th December, 1878, respectively.
- 3. The great work of revision of settlement in these provinces is now fast approaching a close. At the commencement of the year operations were going on in the Tarái (pargana Kásbipur), Moradabad, Muttra, Agra, Cawnpore, Fatehpur, Bánda, Karwi (sub-division), Hamirpur, Allahabad, and Azamgarh districts. During the year the settlement of sixteen parganas or tahsíls was declared closed, and of eight others since its

District.		Pargana or tahsii	Government Notification.	close. These latter are
	{	Itimådpur Firozabad	No. 2312A., dated 6th August, 1878.	noted on the margin. It
	-		No. 3486 A., dated 30th November, 1878. No. 6, dated 2nd January, 1879.	
Muttra .	}	Chháta Maát Nohjhíl	No. 6, dated 2nd January, 1879. No. 468, dated 1st March, 1879.	dated 13th September, 1877 (quoted in Board's

- para. 24) only declared operations to be closed in tahsíl Khakhreru, which comprises parganas Ekdala and Dháta. The Board have, however, included Hathgaon and Kotila, and it is presumed that Khoja, shown opposite Notification No. 1778A., dated 24th June, 1878, is a misprint for Khága, to which these parganas really belong.
- 4. The settlements of the Cawnpore, Fatehpur, and Allahabad districts have been finally completed; and operations will also be closed in Muttra district on the 31st March, 1879.
 - 5. The tracts still under settlement are shown below :--

District.			$m{Pargana}$.
Moradabad	***	₹	Moradabad. Sambhal. Amroha. Hasanpur.

Distri	ict.		${m Pargana}.$
Agra		•••	Panahat. Fatehabad. Irádatnagar. Agra. Fatehpur Síkri. Farah. Khairagarh.
Bánda	••	•••	··· j
Karwi (sub-divi	sion)	***	The whole.
Hamirpur		***	j
Azamgarh		•••	•••

6. The extent of the progress made under the three great branches of survey, inspection, and assessment appears from the following statement, showing the area in acres completed up to the beginning of the year, the area completed during the year, and the area remaining at the close:—

		i	Up to beginning of year.	During year.	Remaining at end of year.
			Acres.	Acres.	Acres.
ì.	Survey	• 11	12,504,748	308,097	440,349
2.	Inspection	100	11,252,429	1,007,941	992,824
3.	Assessment	***	8,199,255	1,728,838	3,325,101

Maps for 1,502,516 acres were supplied by the Survey Department during the year, and the area for which they are wanting is only 556,233 acres.

7. Measurement.—Bánda, including its sub-division Karwi, was the only district in which work remained to be done. In the former, the survey of pargana Badáusa was commenced and completed for 142,716 acres, leaving 87,109 acres still remaining for the whole district. In Karwi, pargana Chibu was finished, and Tarhawán, with an area of 353,240 acres, alone remains. This will be completed during the present season, and the survey of the permanently-settled districts of the Benares Division will then be taken in hand. The Board should keep the figures for these latter quite distinct, and not include them in the totals for temporarily-settled districts, as the work contemplated there does not amount to a settlement in the strict sense of the word.

Maps have been supplied for the whole of the area surveyed, except 115,884 acres in pargana Chibu.

8. Insepction.—The area inspected during the year and the area remaining were as follows:—

			During year.	Remaining.
Moradabad	•••		361,600	Nil.
f Agra	•••	***	19,329	Nil.
Bánda	•••	•••	299,781	123,645
Karwi	•••	•••	98,110	658,014
Hamirpur	•••	•••	229,121	211,165

In Moradabad and Agra inspection was finished for the whole district. It is explained that in Bánda Mr. Cadell was delayed by the late receipt of maps from the Survey Department, and hence the smallness of the outturn. Better progress may be looked for in Karwi next year,

when Mr. Patterson becomes accustomed to the district, and more familiar with its soils and conditions. In Hamírpur it is explained that the area having once been shown as inspected, could not be so shown a second time, though the work had to be done over again. The inspection of both Bánda and Hamírpur should be completed during the current year if maps are received in time from the Survey Department.

9. Assessment.—The area assessed during the year and the area remaining is shown below:—

C			Assessed acres.	Remaining.
Tarái	•••	•••	120,732	Nil.
Moradabad	•••	100	250,223	361,6 00
Muttra	•••		142,696	Nil.
Agra	•••	•••	339,218	238,553
Bánda	•••	•••	273,830	88 7 ,5 27
Karwi	•••	•••	Nil.	756,124
Hamírpur	•••	•••	148,463	1,081,297
Allahabad	•••	•••	453,676	Nil.

In Hamírpur only 148,463 acres were assessed as compared with 240,244 acres in the preceding year, and no explanation is given of the small progress made. It is stated, however, that the whole of Hamírpur (1,081,297 acres) will be assessed before the next report is submitted, and probably the whole of Bánda also (887,527 acres). Out of 14 parganas for which assessments have yet to be declared, rent-rate reports have been received for four (one in Agra and three in Hamírpur), and sanctioned by the Board.

- 10. The fiscal results are shown in the Board's para. 13. The new revenue amounted to Rs. 20,75,503, as compared with the old revenue of Rs. 19,52,947, there being an increase of Rs. 1,84,537, and a decrease of Rs. 61,981: the net gain to Government was thus Rs. 1,22,556, out of a total increase of Rs. 45,13,146 up to date from the entire revision of settlement.
- 11. Judicial work.—The number of cases for disposal, the number disposed of during the year, and the number remaining at the end of the year is shown below for each district:—

İ					Cases.	ļ	Appeals.			
	Dist	riet.		For disposal.	Disposed of.	Remain- ing.	For disposal.	Disposed of,	Remain-	
Tarái (Kúshi	pur)		•••	384	368	16	7	7	Nil.	
		•••	***	9,800	8,109	1,691	190	167	23	
		•••	•••	13,317	12,242	1,075	306	178	28	
			•••	13,363	9,719	3,644	345	184	161	
~~	•••		•••	1,846	1,846	Nil.	57	57	Nil.	
				3,314	3 ,314	Nil.	328	328	Nil.	
	•••	• • •		8,759	7,357	1,402	164	183	31	
· · · · · · · ·	•	•	•••	3,023	2,031	992	24	21 }		
		•••	•••	8,359	7,392	967	48	41·		
		***		8,703	3,537	166	159	159	Nil.	
		•••	•••	8,052	5,922	2,130	Nil.	Nil.	Nil.	
**************************************		Total	•••	73,920	• 61,837	12,083	1,528	1,275	25	

12. Out of the 61,798 cases disposed of, 45,220 were on their merits, and 16,578 otherwise. It is noticeable that in Azamgarh only 839 out of 5,922 cases were decided on their merits, and the cause which led to such a

^{* 39} cases in Allahabad transferred to the Collector's court.

vast disproportion might have been explained. The total number for disposal last year was 93,128, of which 15,968 were pending at the close. The work appears to have been satisfactorily got through: 1,528 appeals were instituted as against 2,269 in 1876-77. In 859 the decision was confirmed, in 298 reversed, and in 118 the case was remanded. It is gratifying to find the decisions of the lower courts are so generally accepted, and that they stood the test of appeal so well, the percentage of reversals to the whole number disposed of being only about 5 per cent., while a little more than 3 per cent. of those decided on their merits were appealed, and in only 6 per cent. was the decision reversed.

- 13. Records—(a) Maps.—In para. 9 of the G. O.* on the last report

 * No. 372A... dated 8th it was pointed out that at the rate of progress then shown it would take nearly seven years to reproduce the maps of the cadastrally surveyed districts by photozin-cography in Calcutta, and the Senior Member was requested to at once place himself in communication with the Survey Department on the subject. Great improvement has been effected during the year. It is stated in para. 16 that no maps of any district are now being prepared by Settlement Officers; but in appendix I. (page 8A.) 1,507 maps are shown as remaining to be faired in Cawnpore; while from the statement in para. 19 it is said that all the field maps have been completed for that district. An explanation appears required.
- 14. The work in hand consists of the reproduction of field maps, both for districts under settlement and those in which settlement has been completed. This is divided into three branches:—
 - (1) Maps of the cadastral survey, reproduced by zincography in Calcutta.
 - (2) Maps of the cadastral survey, traced by the Survey Department, and reproduced by lithography at the Government Press, Allahabad.
 - (3) Maps of the settlement survey, traced in the Board's office, and reproduced by lithography at the Government Press, Allahabad.

The number turned out under each head and the number remaining at the close are shown below:—

(1)	Finished during year	***	•••	***	2,664
	Remaining at end of year		•••		4.968

1,022 Moradabad maps were printed at the Government Press, and the remaining 892 for that district will also be completed there. It is confidently anticipated that the maps remaining to be printed in Calcutta will be got through in the next two years.

(2) Finished from 1st December to 30th June ... 1,481 Remaining 3,307

3,227 maps have yet to be supplied by the Survey Department.

(3) No. traced during year. Remaining. No. printed during year. 2,269 3,130 2,426 3,164

The remaining maps are all for the Azamgarh district. The cost of tracing has fallen from Rs. 4 per map in 1875 to Rs. 2-10-6.

The Senior Member has decided on undertaking the reproduction of the Sháhjahánpur maps, and reports have been promised by the Commissioners of Meerut and Rohilkhand with regard to the other districts of their divisions. Caution is necessary lest money should be wasted in reproducing maps which are now practically worthless, or where settlement is approaching an end; and I am to request that the Senior Member will be very careful to satisfy himself that the maps

Vide Board's No. $\frac{45}{\text{XI}-18}$ will be of real utility. He has since reported that it dated 4th February, 1879. would not be worth while to reproduce the maps of Gorakhpur and Basti.

(b) Other papers.—The subjoined statement exhibits the progress made during the year in the preparation of the khasra, khewat, jamabandi, and wajib-ul-arz, the work remaining to be done, and the number of volumes I. and II. filed in Collectors' offices:-

		Khasra			Jama	ıbandi.			K hewat		Wajib-ul-arz.			n Col-

Tarái (Káshi- pur) Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining During year, Remaining	•••		435 1,328 272 5:8 487 1,171	783 350 289 140 145 461 		1,391 2,352 227 360 564 769 237 12 687 373 892 402 	254	424 710 46 209 209 145 461 27	 1,608 2,315 268 385 522 847 300 123 865 687 373 892 703 	502 3,04: 4,805 5800 947 984 2,332 610 1,730 1,374 345 2,185 1,406 1,275 143	3 3 424 710 122 6 46 46 11 209 226 4611 1112 27 116	1,554 2,369	635 906 984 2,332 610 1,730 1,374 499; 2,031	251 1,155 2,768 2,71 548 422 1,236 331 829 687 1,265 703	183 713 1,905 271 548 422 1,336 254 829 865 703
Total { During year, Remaining	993 745	2,470 4,108	2,911 5,777	1,168 951	1,471	3,486 5,955	4,446 6,896	1,003 1,3 80	4,419 6,111	9,126 13,516	1,173 1,386	3,880 6,180	7,729 18,483	5,699 7,508	3,960 6,553

- 17. It will thus be seen that all the papers were completed and filed for Káshipur, Cawnpore, Fatehpur, and Allahabad during the year, and but few remain in Azamgarh. The work of fairing and copying was at a complete stand-still in Bánda and Karwi, for which no explanation In other districts fair progress has been made, and on the whole record-work seems to be tolerably well advanced.
- The total charges incurred during the year were Rs. 8,01,277-13-8 as compared with Rs. 9,44,294 in the preceding year. They come under the following heads :-

				Rs.	a.	p.
1.	Salary of gazetted officers	***	•••	1,95,272	9	6
_						

- 2. Ditto of fixed establishment 80,764 9 10 3. Ditto of varied and temporary establishment,
- 1,90,938 12 4. Cadastral survey
- 86,471 6 1

					Rs.	a.	p.
5.	Travelling and to	ntage of	officers	***	16,609	7	0
6.	Ditto	of	establishment	•••	6,363	12	9
7.	Contingencies an	d miscel	laneous	•••	23,191	11	8
8.	Stationery	•••	•••	•••	20,896	5	5
9.	Instruments	• • •	•••	•••	5,421	6	6
10.	Job-work	•••	•••	•••	1,75,347	12	8

It may be noted that though 165,381 acres were surveyed in Karwi during the year, no charges under this head are shown against it in appendix VI. Presumably, they are included in the Rs. 80,715-4-3 for Bánda, but if so, this should have been stated, as other charges are kept distinct.

- 19. In the report for last year the Senior Member suggested the omission of columns 20, 21, 23, and 25 from appendix I. There is no objection to this, as the object of the appendix is to show the state of the records, and these columns give details of area which are supplied in appendix III. In fact, appendices I., II., and IV. might be greatly compressed, without any loss of value, by giving full details for those parganas only in which work has actually been carried on during the year, or in which it remains to be done; and merely the aggregate figures for those previously reported on as completed. There seems no reason why in appendix IV. the fiscal results for every district should be given. A statement might be printed once for all for the whole province; but no advantage is derived from showing the same figures year after year, when they have no immediate connection with the actual work of the year, which alone requires consideration in a progress report.
- 20. In conclusion, I am to convey Sir George Couper's thanks to you for the efficient way in which you continue to direct and supervise this most important branch of revenue administration. The officers of the department are all favourably noticed, and there is no sign of any falling off in the high standard of excellence, which has elicited praise in so many former years.

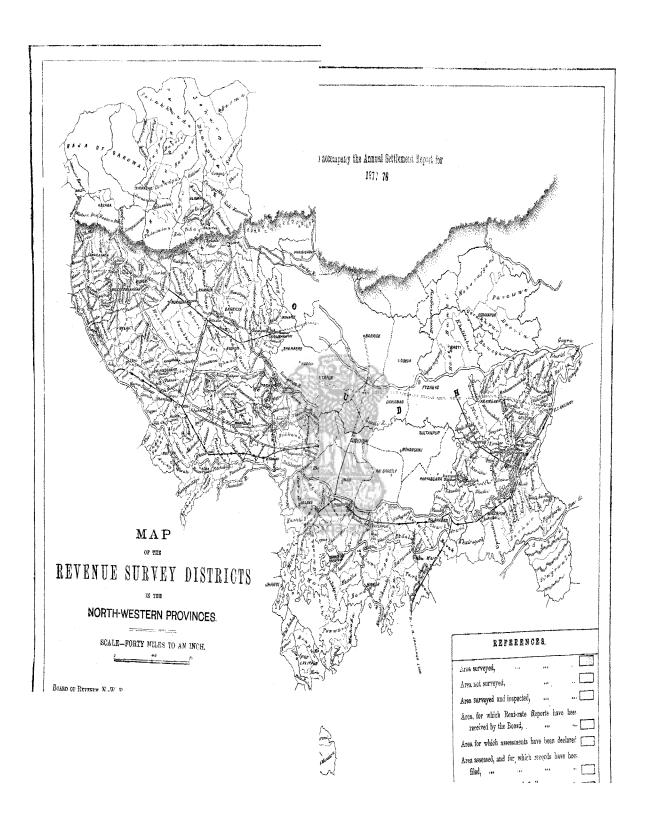

I have the honour to be,

Sir,

Your most obedient servant,

C. ROBERTSON,

Secy. to Govt., N.-W. P. and Oudh.

NORTH-WESTERN PROVINCES.

REPORT

SHOWING

PROGRESS OF SETTLEMENT OPERATIONS

DURING THE AGRICULTURAL YEAR ENDING 30TH JUNE, 1879-

ALLAHABAD

NORTH-WESTERN PROVINCES.

REPORT

SHOWING

PROGRESS OF SETTLEMENT OPERATIONS

DURING THE AGRICULTURAL YEAR ENDING 30th JUNE, 1879-

ALLAHABAD:

NORTH-WESTERN PROVINCES AND OUDH GOVERNMENT PRESS.

REPORT

ON THE

PROGRESS OF SETTLEMENT OPERATIONS

IN THE

NORTH-WESTERN PROVINCES

DURING THE

Agricultural year ending 30th June, 1879.

No. $\frac{15}{1-18}$ of 1880.

FROM

THE SECRETARY TO THE BOARD OF REVENUE,

NORTH-WESTERN PROVINCES,

То

THE SECRETARY TO GOVERNMENT,

NORTH-WESTERN PROVINCES AND OUDH.

DATED ALLAHABAD, THE 15TH JANUARY, 1880.

SIR,

Present: . S. REID, Esq.,

THE Senior Member desires me to submit, for the information and orders of His Honor the Lieutenant-Governor, the following report on the progress of settlement operations during the Agricultural year ending 30th June, 1879.

2. The divisional reports were received from Commissioners on the dates noted below:

Date of receipt of reports,

Rohilkhand 1st September, 1879. Agra 9th October, 1879. Allahabad 2nd September, 1879. Benares 15th August, 1879.

3. The appendices to the present report have been altered in accordance with the instructions communicated in para, 19 of Government order, No. 648, dated 21st March last.

Alteration in appendices.

- 4. The operations of the year will be noticed under the following five heads:—:
 - Measurement.
 - Inspection.
 - Assessment.
 - Judicial work. 4.
 - 5. Records.
- 5. During the past year the survey of the remainder of Bánda, exclusive of the L. Measurement. Karwi sub-division, was completed. A considerable portion of the latter was also surveyed, and a small area of 10,712 acres is all that remains to be finished, which will no doubt be completed early in the present field season.
- 6. Of the three permanently-settled districts, the cadastral survey of which has been undertaken, the survey of Jaunpur is far advanced. In Gházipur, operations have only recently begun, while the survey of Mirzapur will be commenced this field season.

I. Inspection.

7. The districts in which inspection work remained to be done at the end of last year were Banda, Karwi, and Hamirpur.

During 1878-79 the unfinished areas in Bánda and Hamírpur were completed; in Karwi one-half of the work remains unfinished.

8. The following table shows the progress made in each district, in inspection work, during the year under report.

				A		Percentage of area inspected, to	
District.		Atea Surveyed.	Area for which maps have been supplied.	Up to end of past year.	During year under report.	Total.	area for which maps have been supplied.
		Acres.	Acres.	Acres.	Acres.	Acres.	
Bánda Varras		1,181,357	1,161,357	1,037,712	123,645	1,161,357	100
Karwi Hamirpur	•••	745,412 1,469,678	451,402 1,469,678	98,110 1,258,839	131,761 210,889	229,871 1,469,678	100
Jaunpur Gházipur Mirzapur	•••	365,200 78,720 	58,880 11,520	Permanent	ly settled.		
Total	•••	3,810,367	3,152,887	2,394,661	466,245	2,860,906	92

III. Assessment.

- 9. During the year a total area of 1,694,520 acres, comprising five entire, and portions of two parganas was assessed. The area for which assessments remain to be declared amounts to 1,622,948 acres, comprising seven parganas. The rent-rate reports for three of these parganas, with an area of 645,735 acres, have been received and sanctioned by the Board during the year.
- 10. The parganas assessed in 1878-79, as well as those of which the assessments remain to be declared, are as follows:—

				Increase or	DECREASE.	_
District.	Pargana or tahsil assessed during year.	Old Revenue.	New final demand.	Increase.	Decrease.	Pargana or tah- sil remaining to be assessed.
		Rs.	Rs.	Rs.	Rs.	
Moradabad	Hasanpur	1,82,850	1,82,859	509]	
, (Fatepur Síkri	2,82,266	2,97,450	15,184		
Agra {	Khairagarh	2,62,057	2,85,190	23,133		}
Bánda	Pailáni	2,18,809	1,75,140	•••	43,669	Sihonda, Auga-
Karwi	***	•••	,,,,			Darsenda, Chi- bu, Tirohan,
(Jalálpur	1,98,276	1,88,270		10,006	li .
Hamirpur {	Ráth 3-	2,10,449	2,17,720	7,271	1 ***	Mahoba.
l	Panwari Jaitpur,	2,15,330	2,16,410	1,080	•••	}
	Total	15,69,537	15,63,089	47,177	59,675	•

The result of the revision of assessments declared during the year has been a net decrease of Rs. 6,498.

IV. Judicial work.

11. There is nothing in this branch of work which needs explanation. Altogether 52,433 original cases and 749 appeals came up for disposal during the year. Of these 46,306 of the former and 654 of the latter were disposed of. A classified abstract of the cases in each district is given in Appendix V.

12. The progress in this branch of work will be noticed separately for (1) maps, V. Records. and (2) the record of rights, consisting of the following papers:—

(1.) Maps.

- (1.) Khasra, or field book.
- (2.) Jummabandi, or rent roll.
- (3.) Khewat, or record of proprietary right.
- (4.) Wajib-ul-arz, or administration paper.
- 13. Work under this section may be looked at under three heads: (a) maps of the cadastral survey, reproduced by photo-zincography, by the Survey Department; (b) maps of the cadastral survey traced by the Survey Department, and reproduced by lithography at the Government Press, North-Western Provinces; (c) maps of the settlement survey traced in Board's office and reproduced by lithography at the Government Press, North-Western Provinces.
- 14. The progress made in the reproduction of field maps by the professional Survey Department is shown in the following table.

District.	Number of villages.	of	Number of sheets pho- to-zinco- graphed during the year.	sheets pho- to-zinco- graphed	be litho- graphed by	lithographed by Government Press, dur-	Number of sheets re- maining to- be photo-zin- cographed, or lithographed, on 30th June, 1879.
Moradabad Tarai Muttra Bánda Agra Hamírpur Azamgarh, Jaunpur Gházipur	3,114 217 724 1,289 1,510 950 753 1,072 197	3,852 242 1,669 3,383 2,925 2,922 930 1,043 245	5 1 814 2,009 1,624 5 209 29	1,506a 242 1,695 2,832 2,914 930 209 29	None.	1,931 241 176 1,385 	1,796 93 8 834 216
Total	9,826	17,211	4,696	10,357	***	3,7336	2,947

Note.-(a) Exclusive of 174 sheets not to be published.

- (b) The total number lithographed at Allahabad is given, as there is no information in the Survey office as to the number lithographed during the year 1st July, 1878, to 30th June, 1879.
- 15. Major Coddington, Deputy Surveyor-General, remarks that "the actual number of maps photo-zincographed during the past year is 4,696 against 2,664 in the preceding year, thus showing that good progress has been made. The total number of sheets remaining for publication on 30th June, 1878, was 9,756; on the 30th June, 1879, the number is reduced to 2,947, thus the publication has exceeded the income by 6,584 sheets; of the printed sheets 3,733 were lithographed at the Government Press at Allahabad." He also states that "the Photo. Branch of his office is now quite able to dispose of the current work in the matter of the publication of the cadastral maps of the North-Western Provinces, as the arrears may be said to have ceased to exist for all districts, except Bánda and Muttra." This is very satisfactory.
- 16. Major Coddington further remarks that "the present statement, if compared with that of the previous year, will be found to show similar discrepancies to those therein explained," viz., that "the number of sheets" (as remarked in the last report to Government), "will be found to vary in some instances from the figures formerly shown," and that "the number of sheets may be reduced or increased by the Photo-zincographic Department in reproduction, and until the work is completed the figures supplied by the Survey Department are open to alteration and correction."

17. The cadastral maps traced by the Survey Department, and lithographed at the Government Press at Allahabad, are shown in the following statement:—

Districts.	Number of villages.	Number of sheets.	Number of sheets printed in Alla- habad.	SHEET	BER OF T S RECEIV. FY DEPAR	ED FROM	Number of sheats printed.			Total
						Remain-			Remain- ing.	number
							1.000		_ /	
Moradabad Tarai Bánda Muttra	3,114 217 1,289 724	3,852 242 3,383 1,669	1,931 241 1,385 176	1,022 241 573	909 , 812 <i>a</i> 176 <i>b</i>		1,022 241 573	909 812 176		1,931 241 1,385 176
Total	5,344	9,146	3,733	1,836	1,897		1,856	1,897		3,738

Note. - (a) Duplicate 58 sheets spoilt and retraced not included.

(b) Ditto 15 ditto ditto.

No printing work under this head remained to be done by the Government Press at the end of this year, and much of the past year's work, which was to have been done by the Government Press here, was, for reasons given above by Major Coddington, not sent to Allahabad, but is being done at the Survey Office at Calcutta.

The number of sheets printed by the Government Press, shows 1,897 against 1,481 of the past year.

18. The work of tracing, for lithography, in the Board's Office, the field maps of the Settlement Survey, will be seen from the following statement:

	Number of villa-	NUMBER	OF MAPS	TRACED.	Number			
District.	ges of which maps are required.	Up to end of last year.	Daring the year.	Remain- ing	Up to end of last year.	During the year.	Remain-	Remarks.

uary, 1879). Budaun (from April,	2,140		130	2,010	441	120	2,020	
1879). Bareilly (from May, 1879)	3,394	***	95	3,299	•••	85	2,309	
Total	13,453	2,414	2,742	8,297	2,380	2,731	8,342	

In the present year 2,028 field maps of Azamgarh, 489 of Sháhjahanpur, 130 of Budaun, and 95 of Bareilly, making a total of 2,742 maps, have been traced in the Office of the Board, against 2,220 maps of Azamgarh only in the past year: 2,731 village maps of districts surveyed under the Settlement Officers have been printed at the Government Press, against 2,425 last year, in addition to the 1,897 sheets of the professional cadastral surveys of Moradabad, Bánda, and Muttra, against 1,481 sheets during the last year, and the arrears at the close of the year were nominal.

The cost of tracing in the Board's Office has amounted to Rs. 2-9-10 per map (not sheet) against Rs. 2-10-6 per map in the past year, and Rs. 4 per map at the commencement. The cost for tracing 100 fields or plots has been Re. 0-9-10, against Re. 0-9-0 of the preceding year. This includes tracing first with pencil and then with transfer ink and examination.

19. Since the submission of last report, the Commissioner of Rohilkhand, after personal inspection and consultation with the Collectors, has reported that the field

maps of the remaining districts of his division, viz., Budaun and Bareilly, are fit for reproduction; the maps of Bijner being imperfect and full of errors were not considered worth reproduction. A commencement has accordingly been made with the maps of Budaun and Bareilly.

- 20. The Commissioner of Mecrut also thinks that the maps of all districts in his division except Muzaffarnagar, in which Mr. Donovan found many maps to be very faulty, are worth reproducing. This work will accordingly be undertaken as soon as possible.
- 21. The progress made in the preparation of khasras has been satisfactory, and is shown in the following statement: --

26. The Senior Member trusts that the preceding report will satisfy His Honor the Lieutenant-Governor that the officers in charge of the several settlements in these provinces, and their subordinates have done their duty steadily and honestly during the past year. The services of one of their number, a most conscientious and thorough workman have been lost to these provinces, but the Senior Member can hardly regret that Mr. Donald Smeaton has found, in the organization of the Settlement Department in Burmah, a wide field for the exercise of his eminent talents and his large experience.

I have the honor to be,

SIR,

Your most obedient servant,

J. S. MACKINTOSH,

Secretary.

ABSTRACT OF DISTRICT REPORTS.

ROHILKHAND DIVISION.

MORADABAD.

Area	ı	***	•••	2,278	square	e milos.
,,	surveyed	***	***	2,278	,,	,,
,,	inspected	•••	***	2,278	,,	33
7)	assessed	***	***	2,278	"	,,

Officers.
Mr. D. M. Smeaton, Settlement Officer, (since transferred to Barmah).
Mr. E. B. Alexander,
Assistant Settlement Officer, in charge.

cer, in charge.

Maulvi Imam-ud-din,
Munshi Dahi Parshad,
and Munshi Ram Sahai,
Deputy Collectors.

The greater portion of the records of parganas Sambhal, Amroha, and Hasanpur were completed during the year. The few records of Thákurdwára and Bilari, which remained unfinished at the end of 1877-78, were finished during the period under report.

Of the three parganas in which settlement is still pending, operations are about to be closed in parganas Sambhal and Amroha.

All the parganas in the district have been assessed. The only remaining work under this head is that relating to the city maháls.

Case work was heavy during the year under report. No less than 11,603 cases came up for disposal, against 9,800 last year. Of the former, 10,215 were disposed of.

The cost of settlement during the year under report has been Rs. 1,56,310 and Rs. 9,20,199 from commencement of operations.

AGRA DIVISION.

AGRA.

Are	a	•••	***	1,888	square	miles
,,	surveyed		•••	1,888	,,	,,
11	inspected	***		1,888	,,	,,
••	assessed	•••	***	1,888	••	•

Officers.
Mr. H. F. Evans, Settlement Officer, Ajudhis Parshad, Gursarun Das, and Iram-ul-lah, Deputy Collectors.

The assessments of the two parganas (Fatehpur Sikri and Khairagarh) remaining unfinished last year, were declared in the period under report, and the revised revenues of both came into effect from the agricultural year 1287 fasli (1879-80).

The records of parganas Bah, Pinahat, Fatehabad, and Agra, have been filed in the Collector's Office; while those for parganas Fatehpur Sikri, Khairagarh, and that portion of Farrah which has been transferred to Muttra, still remain to be filed.

There were 3,644 cases pending at the commencement of the year, and 8,934 fresh cases were instituted during the year, making a total of 12,578 for disposal in 1878-79. Of these 11,436 were disposed of. Out of 316 appeals for disposal, 283 were decided.

The total charges during the year have been Rs. 1,03,855, and Rs. 6,66,524 from commencement of settlement operations.

ALLAHABAD DIVISION.

BANDA-cum-PARGANA MAUDHA.

Area	•••	***	•••	1,814	square miles.	1
,,,	surveyed	+#4	***	1.814	>> >>	Exclusive of pargana
**	inspected	***		1,814	» »	Maudha.
,,	assessed	***		789	27 29	j

Measurement and inspection work has been completed in this district.

The assessments in pargana Pailani were declared within the year.

Case work was heavy during the year. But 84 per cent. of the cases, and 82 per cent. of the appeals which came up for hearing were disposed of before the close of the year.

The progress made in record work has been fair. During the year the whole of the first fair copies of the Khasra, Khewat, Jummabandi, and Wajib-ul-arz, for pargana Maudha, were prepared, as also the whole of the additional copies of the Khewat and Wajib-ul-arz for that pargana.

The records for the parganas of Banda are still practically unfinished. The few papers remaining to be prepared in rough at the end of the previous year were completed during 1878-79. But the whole of the records remain to be faired and copied. The reason for the somewhat backward state of this work is, that during the past year the whole of the settlement office was employed in preparing statistics and assessment papers of parganas Pailani, Augasi, Bhadausa, and Sihonda. Much of the time of the establishment was also taken up in preparing and supervising the patwaris papers of five parganas in which land, formerly barren or under kans, had been brought under cultivation. It is hoped that, during the present cold season, the fairing and copying of the records will be vigorously prosecuted.

The cost of the settlement has been Rs. 6,39,415 of which Rs. 16,491 represent the charges of the year under report.

KARWI (SUB-DIVISION OF BANDA)-

Area	***	***	***	1,181	square	miles.
٠,	surveyed	***	***	1,164	,,	
**	inspected	***	***	359	,,	"
	aggegged					

Measurement work has nearly been completed in the only remaining pargana of of this sub-division. The small unfinished area of 10,712 acres will, no doubt, be completed by the Survey Department early in the present cold season.

An area of 131,761 acres, or 205 square miles, was inspected by Mr. Patterson, during the past cold season. He would have inspected a larger area had the maps been supplied earlier by the Survey Department.

In addition, however, to the above, Mr. Patterson re-inspected a considerable area of pargana Darsenda, which had been inspected in the cold season of 1877-78. The total area inspected during the year under report has been 229,871 acres, or more than 50 per cent. of the area for which maps were supplied by the Survey Department. There only remains to be inspected the greater portion of pargana Chibu and the whole of pargana Tirohan, comprising an area of 526,253 acres, or 822 square miles. No portion of this sub-division has yet been asseessd.

Out of 4,995 cases and 80 appeals, which came up for disposal, 681 cases and 4 appeals remained to be disposed of at the close of the year.

Officers.
Mr. A. Cadell, Settlement Officer.
Mr. H. B. Finlay, Assistant Settlement Officer.
Janki Parshad, Sheik Intizamuddin, and Babu Jaigopal Banerji, Deputy Collectors.

Officers.
Mr. A. B. Patterson,
Settlement Officer.
Muhammad Ismail Khan,
Deputy Collector.

Record work has progressed favorably. During the year, the first fair copies of the Khasra for 100 mahals were prepared, as also the whole of the records in rough of pargana Chibu.

Copying work has not yet been commenced in any pargana.

The charges for the year amounted to Rs. 59,691, and to Rs. 1,02,148 from commencement of operations.

HAMIRPUR.

```
Area ... 2,296 square miles,
,, surveyed ... 2,296 ,, ,, | Inclusive of pargana
,, inspected ... 2,296 ,, ,, | Maudha.
... assessed ... 1,966 ,, ,, ,
```

Measurement and inspection work have been completed in this district.

Officers.
Mr. W. E. Neale, Settleent Officer,
Mr. V. A. Smith, Assistit Settlement Officer,
Durga Parshad, Deputy Collector.

Assessments were declared respectively in parganas Rath, Jalálpur, and Panwari-Jaitpur, on the 12th and 15th August, 1878 and 30th April, 1879. Pargana Mahoba is the only pargana remaining to be assessed. The rent-rate report was submitted to the Board and the rates sanctioned since the close of the year under report.

The records for parganas Hamirpur and Sumerpur have been completed and filed in the Collector's office, and the settlement of those parganas closed by notification. The bulk of the records of parganas Jalálpur and Rath have also been completed and filed. There now remain to be finished the records of parganas Panwari-Jaitpur and Mahoba. All the papers of these parganas have been prepared in rough and some portions of the additional copies have also been made. It is anticipated that the completion of the records will not be delayed beyond the current year.

Out of 6,964 cases and 32 appeals, which came up for disposal during the year, 707 of the former and 3 of the latter were pending disposal at the close of the year.

The cost of settlement work in this district has been Rs. 4,52,154, of which Rs. 86,089 represent the charges of the year under report.

Mr. G. E. Ward, Collector in Charge.
Maulvi Zabid Husain,
Deputy Collector.

The work in this district consists merely of survey and preparation of a record of rights. The work done during the year has been almost wholly confined to pargana Mungra, the maps and khasras of which only were supplied by the Survey Department in time for the khasra survey and preparation of the rough jummabandis.

Out of an area of 993,280 acres 258,560 acres were surveyed during the year, and 355,200 acres from commencement of operations. Maps have been supplied for 58,880 acres. The maps of one village in pargana Mungra and 100 villages in pargana Ghiswa remained to be supplied at the end of the year under report.

The number of cases disposed of in the year was 2,382, out of a total of 3,045. Appeals were few. Out of 17 instituted, in 13 the decisions of the Deputy Collector were upheld, and in four the cases were remanded.

The jummabandis of 122 maháls in pargana Mungra, and of 16 in pargana Ghiswa, were prepared, and the khasra column of 38 maháls in the former pargana were

tested. Fairing and attestation work has not yet commenced. In addition to the above the boundaries of parganas Haveli, Rari, Saremu, and Bealsi were demarcated.

The total cost of settlement work up to the end of 1878-79, has been Rs. 14,343, of which Rs. 11,393 were expended in the year under report.

BENARES DIVISION.

AZAMGARH.

,, inspected ... ... 2.561 ,, ,,

,, assessed ... ... 2.561 ,, ,,
```

The settlement of the temporarily-settled parganas in this district was completed prior to the year under report.

Officers.
Mr. J. Vaughan, Deputy Collector, in charge of settlement.

Of the two permanently-settled parganas which came under revision, the records of 242 villages, comprising 370 volumes, in pargana Sikandarpur, have been prepared and filed in the Collector's office, 59 volumes only remain to be filed. The completion of these is in abeyance pending judicial decisions.

Out of 2,485 cases, which came up for disposal during the year, 2,373 were disposed of.

The cost of the settlement of this district has been Rs. 8,41,451 from the commencement of operations.

GH AZIPUR.

Are	a		2,188	square miles.
,,	surveyed		123	
,1	inspected		16-56	33 33
33	assessed	•••		,, 1,

Here, also, the work will be confined to survey and preparation of a record of rights. An area of 78,720 acres was surveyed during the year in pargana Zamániah, and maps of 162 villages, comprising an area of 11,520 acres, in the same village, were supplied up to the end of June, 1879. The preparation of the records of these villages has been put in hand. Out of 514 cases, which came for disposal, four remained to be disposed of at the close of the year.

Officers.
Mr. W. Irvine, Officiating Collector in charge.
Nageshar Parshad, Deputy Collector.

The cost of the work up to the end of the year under report has amounted to Rs. 35,192.

MIRZAPUR.

Settlement operations in this district, also, will only consist of survey and preparation of a record of rights. The work during the year under report has been confined entirely to the demarcation of village boundaries preparatory to cadastral survey.

Officer.
Mr. G. S. D. Dale, Officiating Collector in charge.

The charges connected with the work from commencement of operations have amounted to Rs. 2,944.

APPENDICES

ORDERS OF GOVERNMENT.

No. 431 of 1880.

From

THE SECRETARY TO GOVERNMENT,

N.-W. PROVINCES AND OUDH,

To

THE SECRETARY TO THE BOARD OF REVENUE, NORTH-WESTERN PROVINCES.

DATED ALLAHABAD, THE 9TH MARCH, 1880.

Sir,

REVENUE DEPT.

I AM directed to communicate the following remarks and orders on your letter No. $\frac{15}{1..13}$, dated the 15th January last, being the annual report on the Progress of Settlement Operations during the year ending the 30th June, 1879.

2. The work of the Department is as usual treated of under the five heads of-

> Measurement, Inspection,

Assessment,
Judicial work,
Records,

and the report describes succinctly the progress made under each.

Measurement.—Bánda and the Karwi subdivision were the only temporarily-settled districts in which any measuring work remained to be done. The survey of Bánda is now completed, and in Karwi only 10,712 acres were left for measurement. Maps were supplied for the whole of the 87,109 acres in Bánda surveyed during the year, and for 164,402 acres in Karwi, leaving in the latter an area of 304,722 acres, for which they have not yet been furnished.

- 3. In the permanently-settled districts of Jaunpur and Gházipur the area surveyed was 258,560 and 78,720 acres respectively, work in the latter district having been commenced during the year. The area remaining to be surveyed is in Jaunpur 638,080 acres, and in Gházipur 1,321,600 acres. Maps have been supplied for 47,360 acres in Jaunpur and 11,520 acres in Gházipar. The total area surveyed during the year was thus 766,917 acres, as compared with 308,097 acres in 1877-78.
- 4. Inspection.—The remaining 123,645 acres in Bánda were inspected during the year, 131,761 acres in Karwi, and the remaining 210,839 acres in Hamírpur: 526,253 acres have yet to be inspected in Karwi.
 - 5. Assessment.—The area assessed was as follows:—

Dist r	Acres.				
Moradabad	•••	•••	•••	•••	347,641
Agra	•••	•••	•••	•••	245,205
Bánda	***	***	•••	***	231,542
Hamirpur	***	***	***	•••	870,132

The assessment of the Moradabad and Agra districts has been completed. The area remaining to be assessed is 655,985 acres in Báuda, 756,124 acres in Karwi, and 210,839 acres in Hamírpur. The result of the revised assessments declared during the year was a net decrease of Rs. 6,498, the old revenue having been Rs. 15,69,537, and the new Rs. 15,63,039, as shown in para. 10 of the report.

6. Judicial work.—The number of cases and appeals for disposal, the number disposed of during the year, and the number remaining at the end of the year, are shown below for each district:—

					Cases.			Appeals,	
Marine Angles and Angl	Dist	rict.		For disposal.	Disposed of.	Remain- ing.	For disposal.	Disposed of.	Remain- ing.
Moradabad		•••	•••	11,603	10,215	1,388	179	147	32
Agra Bánda	***	***	• • •	12,578	11,436	1,142	316	283	3.3
Karwi	•••	***	•••	8,213	6,9 6 0	1,253	124	102	22

Obfainn	***	•••	***	172	117	55	I	***	1
Gházipur	•••	***	***	514	510	4	•••		***
٠		Total	•••	52,433	46,304	6,127	749	654	95

Of the 46,306 cases disposed of, 31,880 were decided on their merits, and 14,426 otherwise. It is noticeable that in the permanently-settled districts the great majority of cases were disposed of by confession, compromise, or consent. Thus in Gházipur 501 out of 510 cases, and in Jaunpur 1,528 cases, were so disposed of. In Azamgarh 545 cases were disposed of on their merits, as compared with 3,570 otherwise. This result is probably due to the peculiar character of the litigation, and is matter for congratulation rather than otherwise. In Karwi, on the other hand, 4,012 cases out of 4,314 were decided on their merits. Only 152 decisions were reversed on appeal,—a proof of the satisfactory way in which the work of the lower courts was performed.

- 7. Records: (a) Maps.—The outturn of maps, as detailed in paras. 13—18 of the report, by the Survey Department, the Government Press, and the Board's Office, was exceedingly good, and there is no longer any reason to complain of delay under this head. It has been decided to reproduce the maps of the Budaun and Bareilly districts, and a beginning has been made with these. The maps of all districts in the Meerut division, except Muzaffarnagar, are said to be worth reproducing, and will next be taken in hand.
- 8. (b) Other papers.—Out of a total of 13,795 khasras required in rough, 547, or 3.2, were incomplete, 14,151 first fair copies were required, and the number incomplete was 2,584, or 18.2 per cent.; 12,956 additional fair copies were required, and the number incomplete was 2,847, or 21.9 per cent.

Four hundred and forty-one jamabandis remained to be prepared in the rough, 579 to be attested, 3,123 to be fair copied, and additional copies were wanting for 2,472 maháls, the total number being 15,745. Five hundred and eighty knewats remained to be prepared in rough, and 3,121 first fair copies, and 6,968 additional fair copies were incomplete.

The arrears of the wajib-ul-arz were-

In rough	•••	•••	•••		580
First fair copies	•••	•••	•••	,	3,296
Additional copies	***		•••	***	7,002

On the whole, progress in preparing records has been fairly rapid, except in Bánda and Karwi, where the delay was commented on by Government last year.

- 9. Settlement operations were declared to be closed in twelve parganas during the year, and in three others since its close.
- 10. The total charges of the Department were Rs. 6,91,329 as against Rs. 8,01,288 in 1877-78.

The details of the expenditure are :-

					Rs.
Salary of	f gazetted officers	•••	•••	•••	1,51,396
>>	fixed establishment	•••	•••		61,720
,,	variable and tempora	ary esta	blishment	•••	1,69,895

		Tot	al	•••	6,91,329

- 11. It was suggested in para, 7 of the orders of Government on the report for 1877-78 that the Board should keep the figures for permanently-settled districts distinct, and not include them in the total for temporarily-settled districts, and I am to request that this may be done in future with regard to cost also.
- 12. The revised appendices attached to the report under review are approved. The report has lost nothing in value, while greatly compressed in bulk.
- 13. Beyond the above summary of results there is little or nothing to call for special comment. On the whole, progress has been satisfactory. The great work of revising the assessment of the temporarily-settled districts is rapidly approaching its close. During the current year, the revision in Agra, Moradabad, and Hamírpur should be completed as far as possible, and then there will remain only a part of the Bánda district, which must take some time longer. The operations in the permanently-settled districts are of a different character, and the report on them should be kept quite district from that of the regular revision of settlement in temporarily-settled districts.
- 14. In conclusion, I am to say that the Lieutenant-Governor cordially concurs in the Senior Member's opinion that the officers in charge of the several settlements and their subordinates have done their duty

honestly and well during the year, and I am also to convey His Honor's thanks to the Senior Member himself for the valuable services he has rendered in superintending this most important branch of revenue administration.

I have the honor to be,

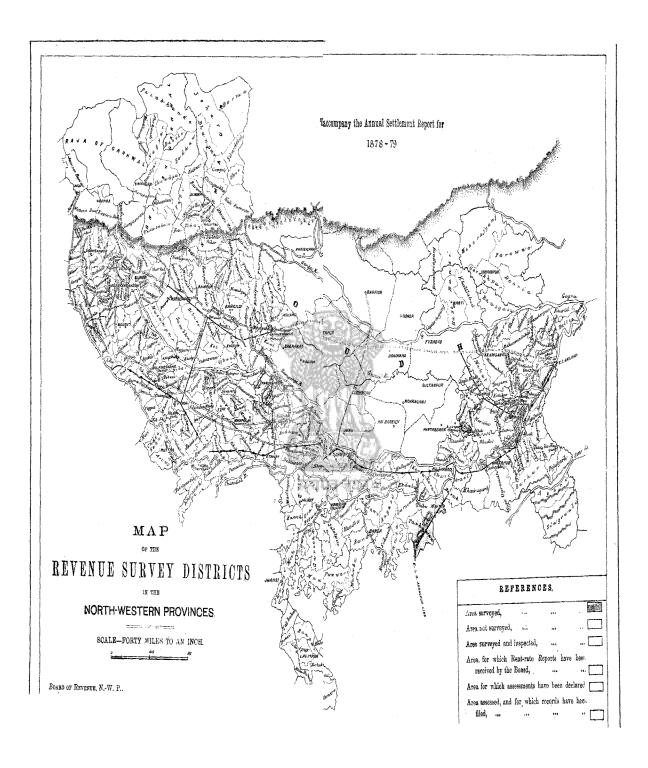

Sir,

Your most obedient servant,

C. ROBERTSON,

Secy. to Govt., N.-W. P. and Oudh.

REPORT

ON THE

PROGRESS OF SETTLEMENT OPERATIONS

IN THE

NORTH-WESTERN PROVINCES

DURING THE

AGRICULTURAL YEAR ENDING 30TH JUNE, 1880.

No. $\frac{223}{1-135}$ of 1880.

FROM

THE SECRETARY TO THE BOARD OF REVENUE,

NORTH-WESTERN PROVINCES.

To

THE SECRETARY TO GOVERNMENT,

N.-W. PROVINCES AND OUDH.

Dated Allahabad, the 9th November, 1880.

SIR,

Present: S. Reid, Esq. I am desired by the Senior Member to submit, for the information of His Honor the Lieutenant-Governor, the annual report on the progress of settlement operations for the agricultural year ending 30th June, 1880.

2. The following are the dates on which the divisional reports were received in this office:—

Rohilkhand Division ... 13th September, 1880.
Allahabad ,... 8th ,...,
Benares ,... 18th ,, ,,

- 3. As directed in the latter part of para. 13 of your letter No. 431, dated the 9th March last, the work done in the temporarily and permanently-settled districts will be noticed separately.
 - 4. The work of the year will as usual be treated under the five heads of-
 - 1. Measurement.
 - 2. Inspection.
 - 3. Assessment.
 - 4. Judicial work.
 - 5. Records.
- 5. During the past season the area remaining to be surveyed in the Karwi subdivision of the Bánda district, at the end of last year, was completed, and the work under this head finally brought to a close in all the temporarily-settled districts.

6. The total area surveyed during the year under report in the three permanently-settled districts of Jaunpur, Gházipur and Mirzapur was 997,760 acres, of which 337,280 acres were surveyed in Jaunpur, 400,000 in Gházipur, and 260,480 acres in

I.—Measurement.
(a) Temporarily-set tled districts.

(b) Permanently-settled districts.

Mirzapur, work in the last district having commenced during the year. Maps have been supplied for 320,640 acres in Janupur, 91,520 acres in Gházipur and 16,640 acres in Mirzapur up to the end of June, 1880.

II .- Inspection. (Temporarily settled districts only.)

7. At the close of last year inspection work only remained to be done in the Karwi district. During the year under report the unfinished area in pargana Chibu was completed; 305,943 acres have yet to be inspected in pargana Tarohan, and it is hoped that this will be finished in the ensuing field season. The subjoined table shows the progress in this branch of work during the year under notice :-

					Area inspected.		Percentage of
District.	•	Area surveyed.	Area for which maps have been supplied.	Up to end of last year.	During year under report.	Total.	area inspected to area for which maps have been supplied.
Bándu Karwi Hamírpur	•••	1,168,061 735,428 1,469,678	1,163,061 735,423 1,469,678	1,161,357 256,467 1,469,678	1,704 173,013	1,163,061 429,480 1,469,678	100 58 100
Total	•••	3,368,162	3,368,162	2,887,502	174,717	3,062,219	80

No inspection work will be undertaken in the permanently-settled districts.

III .- Assessment. (Temporarily-settled districts only.)

The fiscal results of the assessments declared during the year are given in the following table:-

	n			Increase o	r decrease.	Pargana or
District.	. Pargana or tahsíl assessed during year.	Old revenue.	New final demand.	Increase.	Decrease.	tahsil remaining to be assessed.
		Rs.	Rs.	Rs.	Rs.	
Bánda { Karwi Hamírpur	Augási Sihonda Badausa Darsenda Mahoba	1,89,794 1,51,836 1,36,925 1,57,993 1,07,336	1,56,575 1,84,530 1,15,785 1,49,813 1,10,182	 2,846	33,219 17,306 21,140 8,680	Chíbu, Tarohan.
	Total	7,43,884	6,66,385	2,846	80,345	

The assessment of the Banda and Hamírpur districts has been completed. The whole of pargana Chibu and Tarohan in Karwi, comprising an area of 506,490 acres, remain to be assessed. The result of the revision of assessments declared in the period under report has been a net decrease of Rs. 77,499.

IV .- Judicial work. (a) Temporarily-settled districts.

9. Altogether 21,267 cases and 349 appeals came up for hearing during the year under report in the temporarily-settled districts. Of these 3,256 cases and 30 appeals remained to be disposed of at the close of the year.

(b) Permanently-settled districts.

Out of a total of 13,225 original suits and 121 appeals, which came up for disposal in the permanently-settled districts, 11,660 of the former and 73 of the latter were disposed of during the year.

V .- Records.

The work under this branch will as usual be noticed under the heads of (1) maps, (2) the record-of-rights, consisting of the following papers:

1.—Khasra. | 2.—Jamabandi. | 3.—Khewat. | 4.—Wajibularz.

Work under this section is classed under two heads:-

(1) Maps. (a) Maps of the cadastral survey, reproduced by photozincography and lithography; and (b) maps of the settlement survey traced in Board's office reproduced lithographed at the Government Press, North-Western Provinces and Oudh.

The progress made in the reproduction of village field maps by the professional survey department is shown in the following table:—

District.	Number of villages.	Number of sheets.	Number of sheets photozin- cographed during the year ending 30th June, 1880.	Total number of sheets photo- zincographed up to 30th June, 1886.	Number of sheets zincographed or lithographed during the year ending 80th June, 1880.	Total number of sheets zinco- graphed or lithographed up to 30th June, 1880.	Total number of sheets printed up to 30th June, 1880.	Total number of sheets remaining to be printed on 30th June, 1889,
1	2	3	4	. <u> </u>	6	7	5 and 6 combined.	8

Column 5 includes both photozincographs and zincographs.	(b) 1,658 2,911 2,926 930 (b) 2,713 1,142 354 43	
Total	13,517	19,703	2,074	प्रमेव जयन 12,431	240	 Deduct	16,802 174 16,628	2,901 not to be published

⁽a).—Includes 2172 lithographed at Allahabad and 174 not to be printed.

The above statement shows that the districts of Moradabad, Tarai, Muttra, Hamírpur, the two parganas of Azamgarh and forest grants of Bijnor, aggregating 5,767 villages and 9,639 sheets have been completed. Those of Agra, Bánda, Jaunpur, Gházipur and Mirzapur, are in hand. The total number of sheets printed to end of 30th June, 1880, are 16,628, those printed during the year are 2,074 sheets photozincographed and 240 sheets zincographed or lithographed, total 2,314 sheets.

It was reported by the Deputy Surveyor-General that Rs. 18,909 was spent in Moradabad in preparing the tracings of maps under the former system with the fard-i-badr or list of errors in measurement, numbering, &c. But the new system, under which the fard-i-badr is dispensed with, has since then, with the full concurrence of the Senior Member, been adopted, and the field maps as they stand immediately on survey are taken in hand for publication. This plan has been followed in Jaunpur, Gházipur and Mirzapur, and a large saving has thus been effected in a very satisfactory manner.

⁽b).—These numbers include 1785 sheets of Muttra and Banda lithographed at Allahabad, the separate numbers for each district not being known.

⁽c).—These sheets are according to villages as congregated by the Revenue Surveyor, but will be divided and published by villages separately, so that the numbers will be increased.

The work of the Board's office in tracing for lithography the field maps of the settlement survey is shown in the following statement: -

		ss of	Number	of maps	traced.	Number	of maps p	rinted.	
Districts.		Number of villages which maps are 1 quired.	Up to end of last year.	During the year.	Remaining.	Up to end of last year.	Daring the year.	Remaining.	Remarks.
1		2	3	4	5	6	7	8	9
Azamgarh Sháhjahánpur Budaun Bareilly Mcerut Aligarh	•••	5,555 2,364 2,140 3,394 1,682	4,442 489 130 95 <i>Nil</i> .	572 1,127 798 1,060 69 72	541 748 1,212 2,239 1,613	4,417 489 120 85 Nil.	597 1,127 795 1,058 66 72	541 748 1,225 2,251 1,616	
Total	•••	15,135	5,156	3,698	6,353	5,111	3,715	6,381	

In the present year 572 field maps of Azamgarh, 1,127 of Sháhjahánpur, 798 of Budaun, 1,060 of Bareilly, 69 of Meerut, together with 72 field maps of Aligarh not printed before, making a total of 3,698 maps, have been traced in the office of the Board, against 2,742 maps in the past year and 2,220 maps in the year previous.

Three thousand seven hundred and fifteen, including 17 maps which remained in hand to print last year, of the village field maps of districts surveyed under the settlement officers, have been printed at the Government Press against 2,731 last year and 2,426 the year previous.

The cost of tracing in the Board's office has amounted to Rs. 2-8-9 per map, against Rs. 2-9-10 last year and Rs. 2-10-6 the year previous and Rs. 4 per map at the commencement. The cost of tracing 100 fields or plots has been Rs. 0-8-8 against Rs. 0-9-10 last year, and Rs. 0-9-0 the year preceding. These rates include tracing first with pencil and then with transfer ink and examination. Azamgarh is nearly completed; Saháranpur has just been taken in hand.

The rough copies of this paper have been completed in the temporarily-settled districts, and the percentage incomplete at the close of the year was 15 per cent. to be faired and 22 per cent. to be copied.

The progress in the preparation of khasras in the permanently-settled districts is shown in the following statement:—

				In rough.		Fair copy.		
District.			Total required.	Incomplete.	Percentage in- complete.	Total required.	Incomplete.	Percentage in- complete,
Jauupur Gházipur Mirzapur			* 1,615 * 593 * 1,659	1,246 353 1,659	77*6 59*1 100	* 1,615 * 1,659	1,609 1,659	99*6 100
	Total	•••	3,867	3,258	84.2	3,274	3,268	99-8

^{*} Exclusive of the remaining parganas of the district in which no work was commenced during the year.

There now remain 84 per cent. to be prepared in rough, 99 per cent. to be faired.

In the temporarily-settled districts, out of 7,436 maháls, for which jamabandis had to be prepared, there only remained at the close of the year under report—

(3.)—Jamabandi.
(a) Temporarily-settled districts.

(2.) - Khasras,

districts.

districts.

(a) Temporarily settled

(b) Permanently-settled

¹⁶ per cent. to be faired.

²⁵ per cent. to be copied.

Fair progress has been made in the preparation of jamabandis in the permanently-settled districts, as will be seen from the table below:—

ABSTRACT OF DISTRICT REPORTS.

TEMPORARILY-SETTLED DISTRICTS.

MORADABAD.

Area	•••	•••	***	***	2,278 s	quare	miles.
,,	Surveyed	***	•••	***	2,278	"	15
,,	Inspected		•••		2,278	"	,,
,,	Assessed			***	2,278	"	,,

Assessment work concluded with that of the City maháls which was, after many delays, completed in June.

The fairing of records is also near completion, and those of pargana Hasanpur are being filed in Collector's office. The Moradabad city records will it is hoped be ready on an early date, while those of the two maháls of Amroha have been completed since the close of the year.

Out of 7,000 cases and 139 appeals, which came up for disposal, 1,343 of the former and three of the latter remained to be disposed of at the close of the year.

The cost of the settlement of this district has been Rs. 10,15,947 from the commencement of operations.

BANDA-CUM-PARGANA MAUDHA IN HAMÍRPUR.

Area	***	***		•••	1,817	square	miles.	
,,	Surveyed	•••		***	1,817	"	33	
,,	Inspected	•••	•••	***	1,817	,, .	23	
39	Assessed	•••		٠	1,817	,,	"	

Measurement and inspection work of Banda proper was reported complete prior Mr. A. Cadelle, Scallement to the year under report.

A small area of 1,704 acres, consisting of the two forts of Kalinger and Marpha, both of which belong to Government, was however measured and inspected in the past year.

During the year under report the assessments of parganas Augasi, Sihonda and Badausa were given out, thus bringing the work under this head to completion,

As in the previous year, case work was heavy in the Banda district. But no less than 6,037 out of 7,055 cases, 94 out of 105 appeals, which came up for hearing, were disposed of during the year.

The records of pargana Maudha remaining unfinished at the end of the previous year were completed in the period under notice, and the whole of the Nos. I and II, volumes for the pargana were made over to the Collector.

Considering the difficulties in the way of the Settlement Officer fair progress has been made in fairing the records relating to the parganas in Bánda. A great deal however still remains to be done. But the papers for Bánda and Pailani, the two most difficult parganas in the district to deal with, are nearly finished, and much trouble is not anticipated in connection with the records of the remaining parganas.

In regard to copying and filing of records, the work is practically in an unfinished state.

The greater portion of the Banda pargana records have been copied, but only 24 out of 195 of the No. I volumes, and the same number of the No. II. volumes were filed in the Collector's Office in the past year.

The cost of settlement during the year under report has been Rs. 1,27,299, and Rs. 7,66,714 from commencement of operations.

Officers:

Mr. E. B. Alexander, Settlement Officer. Mr. H. Z. Darrah,

Asst. Settlement Offser.

Munshi Debi Parshad and
Munshi Ram Sahai,

Deputy Collectors.

Officers :

MR. A. CADELL, Settlement Officers. BABU JAIGOPAL BANEUJI, Deputy Collector.

Officers:
Mr. A. B. Patterson,
Settlement Officer.

MUHAMMAD ISMAIL KHAN, Deputy Collector. The area remaining to be measured at the close of last year was completed during the year under report.

Mr. Patterson inspected the unfinished portion of pargana Chibu, comprising 270 square miles. There now remains the whole of pargana Tarohan, with an area of 478 square miles, which it is hoped will be completed in the ensuing field season.

The assessment of pargana Darsenda was given out during the past year. The parganas of Chibu and Tarohan remain to be assessed.

Out of 2,906 cases and 63 appeals, which came up for disposal, 604 of the former and 16 of the latter were remaining undisposed of at the close of the year under report.

Good progress was made in the preparation of the records in rough, and also in the completion of the first fair copies A fair amount of copying work was also done during the year, but no copies of either the No. 1. or No. II. volumes were filed.

The total charges during the year have been Rs. 56,447, and Rs. 1,58,595 from commencement of operations.

Both measurement and inspection work were completed in this district prior to the year under notice.

During the year under report the assessment of pargana Mahoba was given out, and the work under this head completed.

Altogeter there were 4,306 cases and 42 appeals for disposal, of which the whole of the latter and 4,015 of the former were disposed of.

The records remaining to be faired at the end of the last year were all completed in the year under report. Copying work was also vigorously pushed on.

There remained to be copied at the end of the year a few of the records of pargana Mahoba only.

The charges connected with the work from commencement of operations, including pargana Maudha, have been Rs. 5,53,792.

As previously reported the work in this district consists merely of survey and preparation of a record-of-rights.

Of a total district area of 993,280 acres, the survey of 692,480 acres has been completed.

The maps for 995 villages, with an aggregate area of 320,610 acres, have been supplied by the survey department. There remain to be finished the maps for villages comprising an area of 677,912 acres.

Officers:
MR. W. E. NEALE,
Settlement Officer.

MR. V. A. SMITH, Asst. Sett. Officer.

Dunga Parshad, Deputy Collector.

Officers: Mr. G. E. WARD,

Collector in charge.

MR D. F. Addis,
Asst. Sett. Officer.

MUNSHI ZAHID HUSAIN
AND MUNSHI AHMAD
ALI KHAN,

Deputy Collectors,

Case work was heavy during the year under report. Out of a total of 8,741 cases and 87 appeals, 1,175 of the former and 43 of the latter were pending disposal at the close of the year.

Fair progress has been made in the preparation of the records in rough. Fairing work did not begin before the hot weather, and after the close of the year under report the papers of six villages only had been faired out.

The charges connected with the work have been Rs. 1,41,390 from commencement of operations.

In this district also the work will only consist of survey and preparation of a record-of-rights.

During the year under report the survey of four entire parganas and portions of two others, covering an area of 625 square miles, was completed.

Good progress has also been made in the preparation of the rough records.

Out of 3,207 cases and 28 appeals, which came up for disposal, 2,657 of the former and 27 of the latter were disposed of during the year.

The total cost of the work up to the end of 1879-80 has been Rs. 1,12,399, of which Rs. 77,207 were expended in the year under report.

Here also the work will be confined to survey and preparation of a record-ofrights. The chief portion of the work done during the year was confined to the demarcation of village boundaries preparatory to cadastral survey. Out of an area of 3,328,000 acres, 2,60,480 acres were surveyed, and maps of 46 villages, comprising an area of 16,640 acres, were supplied up to the end of the year under report.

The rough records of 20 villages were completed during the year.

The number of cases disposed of during the year was 1,157, out of a total of 1,277. Out of 6 appeals instituted, 4 were pending disposal at the end of the year.

The cost of the work up to the end of 1879-80, has been Rs. 38,028, of which Rs. 35,084 were expended in the year under report.

Officers:
MR. J. KENNEDY,
Collector in charge.
MR. J. VAUGHAN,
Asst. Settlement Office r
NAGESHAR PARSHAD,
Deputy Collector.

Officers: Mr. G. Dale, Collector in charge. Munshi Durga Parshad, Deputy Collector.

APPENDICES.

PRINTER NE

ORDERS OF GOVERNMENT.

No. 162 of 1881.

FROM

THE SECRETARY TO GOVERNMENT,

N.-W. Provinces and Oudh,

To

THE SECRETARY TO THE BOARD OF REVENUE,

NORTH-WESTERN PROVINCES.

DATED ALLAHABAD, THE 27TH JANUARY, 1881.

SIR,

REVENUE DEPT.

I am directed to acknowledge your letter No. $\frac{223}{1.-135}$, dated the 9th November, 1880, being the annual report on the progress of settlement operations during the year ending the 30th June, 1880; and in reply to communicate the following remarks.

- 2. Settlement operations have now become greatly curtailed in consequence of the work in nearly all the temporarily-settled districts having been brought to an end. The report gives a brief summary of the work of the past year under the usual heads of—
 - (1) Measurement,
 - (2) Inspection,
 - (3) Assessment,
 - (4) Judicial work,
 - (5) Records;

and there is little or nothing to add to the Senior Member's remarks, or to call for comment from Government.

3. I.—Measurement.—Only 10,712 acres remained to be measured in Karwi at the end of last year, and the work under this head has now been finally completed in all the temporarily-settled districts. In the permanently-settled districts the area surveyed was—

					Acres.
Jaunpur	•••	•••	•••	***	337,280
Gházipur	***	•••	***	***	400,000
Mirzapur	***	•••	***	***	260,480
					-
			Total	•••	997,760

Maps have been supplied for 320,640 acres in Jaunpur, 91,520 acres in Gházipur, and 16,640 acres in Mirzapur.

4. II.—Inspection.—The area inspected during the year under report was—

						Acres.
Bánda	*** .	•••	•••	***		1,704
Karwi	***	•••	900	•••	,	173,013
						-
				Fotal	***	174,717

In Pargana Tarhawan of the Karwi sub-division, 305,943 acres remain to be inspected, and it is hoped the inspection of this area will be finished during the present cold weather. There is of course no inspection work to be undertaken in the permanently-settled districts.

- 5. 111.—Assessment.—Five parganas or tahsils were assessed during the year,—Augási, Sihonda, and Badausa in Bánda, Darsenda in Karwi, and Mahoba in Hamírpur. The old revenue demand for these was Rs. 7,43,884, and the new final demand is Rs. 6,66,385, or a net decrease of Rs. 77,499. This decrease is no matter for surprise, as it was well known that the districts in question had been suffering from over-assessment and other causes which rendered some relief necessary. The only parganas now remaining to be assessed are Chibu and Tarhawan in Karwi.
- 6. IV.—Judicial work.—The number of cases and appeals for disposal, the number disposed of during the year, and the number remaining at the end of the year, are shown in the following table for each district:—

		Cases.		APPEALS.			
District.	For disposal.	Disposed of.	Remaining.	For disposal.	Disposed of.	Remaining.	
Moradabad Banda (including pargana	7,000 7,055	5,657 6,037	1,343 1,018	189 105	13 6 9 4	3 11	
Mandha of Hamírpur), Karwi Hamírpur	2,906 4,306	2,302 4,015	604 291	63 42	47 42	16	
Total, temporarily-settled districts.	21,267	18,011	3,256	349	319	30	
Jaunpur Gházipur Mirzapur	8,741 3,207 1,277	7,560 2,919 1,175	1,175 514 288 102	87 28 6	44 27 2	43 1 4	
Total, permanently-settled districts.	13,225	11,660	1,565	121	73	48	
GRAND TOTAL	34,492	29,671	4,821	470	392	7.8	

The number of cases disposed of on their merits and otherwise is noted below for each district:—

					Number disposed of.	On merits.	Otherwise
Moradabad Bánda Karwi Hamirpur	416' 614	***	0.4 202 205 444		5,657 6,037 2,302 4,015	5,191 2,620 2,159 1,913	466 3,417 143 2,102
		Total	***	•••	18,011	11,883	6,173
Jaunpur Gházipur Mirzapur	***	Total	· · · · · · · · · · · · · · · · · · ·	***	7,566 2,919 1,175	4,589 262 18 4,867	2,979 2,657 1,157 6,793
	GRAN	p Total	***		29,671	16,750	12,921

The large number of cases disposed of otherwise than on their merits in the permanently-settled districts and in Bánda and Hamírpur is in striking contrast with the figures for Moradabad and Karwi. Only 74 decisions were reversed in appeal in the temporarily-settled districts, and 10 in the permanently-settled districts, showing the great mass of case-work was satisfactorily disposed of.

- 7. V.—Records.—These are divided into (1) maps and (2) the preparation of the record-of-rights, i.e., the khasra, jamabandi, khewat, and wajib-ul-arz.
- (1) Maps.—These are of two kinds,—(a) maps of the cadastral survey reproduced by photozincography and lithography; and (b) maps of the settlement survey traced in the Board's office, and reproduced (lithographed) at the Government Press. Of the former the maps for the districts of Moradabad, Tarái, Muttra, Hamírpur, two parganas of Azamgarh, and the forest grants of Bijnor, comprising 5,767 villages and 9,639 sheets, have been completed; and those for Agra, Bánda, Jaunpur, Gházipur, and Mirzapur are in hand. Two thousand and seventy-four sheets were photozincographed during the year, and 240 sheets zincographed or lithographed. A considerable saving has been effected by dispensing with the fard-i-badr, or list of errors in measurement, numbering, &c. Three thousand six hundred and ninety-eight maps were traced in the Board's office during the year, leaving 6,353 still to be completed for the districts of Azamgarh, Sháhjahánpur, Budaun, Bareilly, and Meerut: 3,715 were printed, leaving 6,381 remaining for the same districts. The outturn has again been satisfactory and larger than in the two previous The cost of tracing has also been slightly reduced. On the whole, the progress under this head during the year has been decidedly AFALLE G V.G good.

(2) Records-of-rights.

- (a) Khasra.—The rough copies of this paper have been completed for all temporarily-settled districts. In Moradabad 33 first fair copies remain to be prepared, in Bánda 609, and in Karwi 216, or 858 in all. Its preparation in the permanently-settled districts of Jaunpur, Gházipur, and Mirzapur has only just been commenced. Out of 3,867 copies required in the rough, 3,258 are still incomplete, and 3,268 out of 3,274 fair copies, exclusive of the parganas in which no work was undertaken during the year.
- (b) Jamabandi.—For the temporarily-settled districts 111 first fair copies remained to be prepared in Moradabad, 752 having been prepared during the year. In Banda 296 were prepared, leaving 607 remaining. In Karwi 232 were prepared in the rough and attested, making up the full number required, and 226 first fair copies, leaving 502 remaining. In Hamírpur 299 first fair copies were prepared, leaving none remaining. In the permanently-settled districts 578 copies were prepared in the rough, 369 attested, and 6 first fair copies, the numbers remaining being 3,087, 2,905, and 3,268, respectively, exclusive of the parganas in which work has not been commenced.

- (c) Khewat.—Temporarily-settled districts. Only one khewat remains to be prepared in the rough in Moradabad: 828 first fair copies were prepared during the year, leaving 33 remaining. In Bánda 289 first fair copies were prepared, leaving 689 remaining. In Karwi 232 were prepared in rough, leaving none remaining; and 124 first fair copies, leaving 604 remaining. In Hamírpur 299 first fair copies were prepared, completing the number required. In the permanently-settled districts 934 were prepared in the rough, leaving 2,933 required; and 6 fair copies, leaving 3,268 required.
- (d) Wajib-ul-arz.—Temporarily-settled districts. In Moradabad one copy remains to be prepared in the rough; 1,082 first fair copies were prepared, leaving 152 remaining; and in Bánda 228 first fair copies, leaving 675 remaining. In Karwi 232 copies were prepared in the rough, completing the full number; and 270 first fair copies, leaving 232 remaining. In Hamírpar 326 first fair copies were prepared, leaving none remaining. In the permanently-settled districts 369 copies were prepared in the rough, and 6 first fair copies; the numbers remaining being 2,905 and 3,268, respectively.

The progress in making copies of settlement records, additional to first copies, and in filing records during the year, is shown below for temporarily-settled districts. No work under this head was done in the permanently-settled districts:—

Districts.	K busra.	Jamabandi.	Khewat.	Wajib-ul-arz.	Vol. I. filed in Collec- tor's office.	Vol. II. filed in Cullec- tor's office.
Moradadad { Remaining Bánda { This year Remaining This year Remaining This year Remaining This year Remaining	525 257 138 765 360 222 222	750 1138 765 206 522 487 3	1,708 1,264 332 1,474 80 1,376 724 20	1,842 1,280 263 1,548 458 1,004 370	1,224 888 24 879 728 488 83	876 491 24 879 728 830 335
Total This year	5,653 1,471 1,246	7,435 1,581 1,927	14,872 2,844 4,134	14 872 2,927 3,837	7,435 1,786 2,678	5,466 1,230 2,433

On the whole, it may be said that the progress in this important branch of settlement work has been fairly satisfactory.

8. Settlement operations were declared to be closed in the following parganas or tahsils during the year:—

$m{D}istrict.$			Pargana or tahsíl.
Azamgarh	•••	***	{ Sikandarpur. Bhadaura.
Hamírpur	•••	•••	{ Ráth. Jal á lpur. Maudha.
Agra	•••	•••	Whole district.
Moradabad	•••	•••	

Since the end of the year operations were also closed in pargana Hasanpur of the Moradabad district. 9. Appendix VI. of the report shows the charges of the department for the year to have been as follows:—

				Tempo	rari	ly-	Permo	inen	tly-
				settled e	liste	·icts.	settled	dist	ricts.
				Rs.	a.	р.	Rs.	a	р.
Salary	of gazetted office	rs	•••	96,756	1	9	18,115	0	9

\mathbf{a} bl	e, and temporary	establishm	ents	2,590	0	6	782	12	5
Conting	gencies and misce	llaneous		13,411	2	5	10,289	11	10
Station	ery	•••		8,314	2	8	1,444	13	6
Cost of	instruments	. •6	•••	116	11	6			
Job-wor	·k	***	•••	64,388	8	0	2 29	12	2
	Total	•••	***	3,55,387	2	4	1,96,973	11	11

The total cost of revision of settlement for the provinces up to the close of the year under report has been for temporarily-settled districts Rs. 24,95,048-14-1, and for permanently-settled districts Rs. 2,91,816-4-11.

- 10. There appears to be nothing in the report requiring special orders from Government. As directed in the review of the report for 1878-79, the figures for temporarily and permanently-settled districts have been kept distinct, and the revised appendices adopted last year are a great saving of space.
- 11. The year has been one of steady progress, and the thanks of Government are due to the officers of the department for the good work they have done, and also to the Senior Member for his careful and efficient supervision. As this is the last report that will be submitted by Mr. Reid, His Honor takes the opportunity of recording his sense of the valuable services he has for so many years past rendered to Government in connection with settlement operations in these provinces, of which he has been in immediate charge, and in the revenue administration generally.

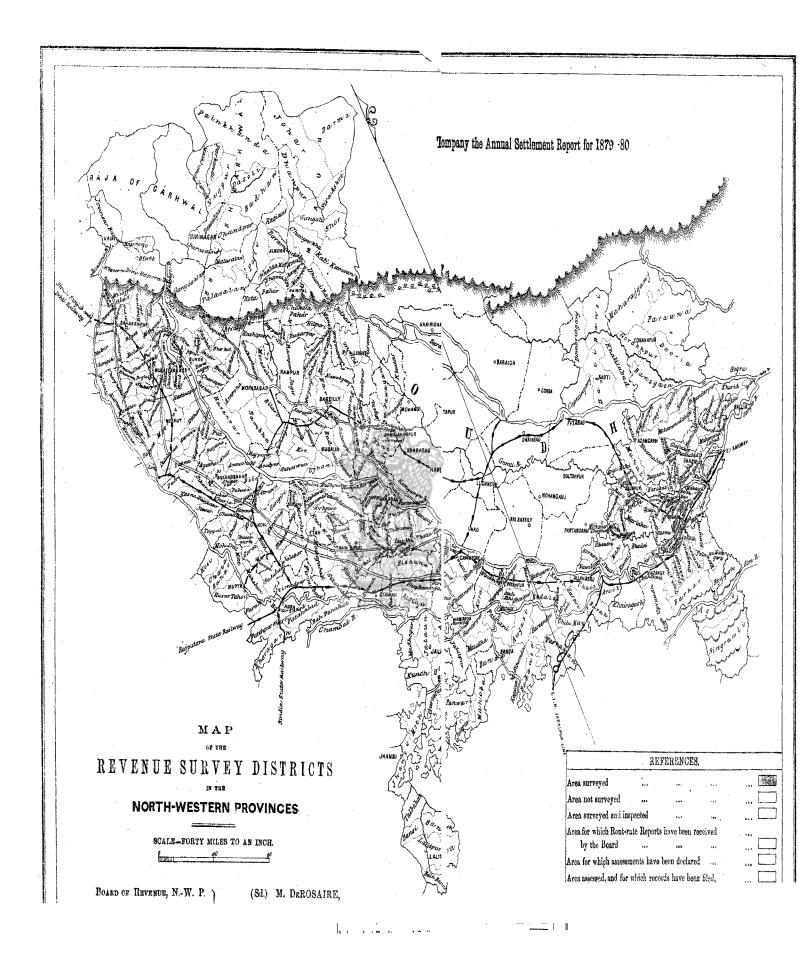

I have the honor to be,

SIR,

Your most obedient servant,

C. ROBERTSON,

Secretary to Government, N.-W. Provinces and Oudh.

REPORT

OF THE

PROGRESS OF SETTLEMENT OPERATIONS

IN THE

NORTH-WESTERN PROVINCES

DURING THE

Agricultural year ending 30th June, 1881

No. $\frac{336}{1-132}$ of 1881.

FROM

THE SECRETARY TO THE BOARD OF REVENUE,

NORTH-WESTERN PROVINCES,

To

THE SECRETARY TO GOVERNMENT,

NORTH-WESTERN PROVINCES AND OUDH.

DATED ALLAHABAD, THE 7TH NOVEMBER, 1881.

SIR,

Present: Carmichabl, Esq. I AM directed by the Senior Member to submit for the information of His Honor the Lieutenant-Governor the annual report on the progress of settlement operations for the agricultural year ending 30th June, 1881.

- 2. Work was finished in Bánda and Karwi prior to the year under report.
- 3. In the four permanently-settled districts the total area surveyed during the year was 1,108,813 acres. The area remaining to be surveyed aggregates 3,195,981 acres. The measurement of the entire district of Jaunpur was completed in the past field season.

The area completed in Gházipur was 333,965 acres; that remaining to be surveyed, viz., 135,680 acres, lies entirely in parganas Zahurabad, Gorha, and Dehma of the Korantadih tahsíl. In Mirzapur 417,280 acres were surveyed, leaving 2,648,320 acres. Only 55,680 acres were surveyed in the Ballia district, where work was commenced during the year. Maps have been supplied as follows up to the end of June, 1881:—

							Acres.
Jaunpur	8.0,0	***	600	***		***	693,123
Gházipu r		***	100	***	***	***	624,293
Mirzapur	***	560	Y+4	***	784	***	352,640
Ballia			***			***	55.680

- 4. Inspection was confined to the Karwi sub-division, in which the remaining pargana of Tarohan, with an area of 293,877 acres, was inspected in the year under review.
- 5. Pargana Chhibu in Karwi was assessed during the year to a revenue of Rs. 1,09,360, rising by progressive increments to Rs. 1,09,470, being a decrease of 1.4 per cent. as compared with the old jama of Rs. 1,10,969. Pargana Tarohan only remains to be assessed. Pargana Darsenda, shewn as having been assessed in the previous year, is also shewn in appendix IV. of the present year. The reason is that the revenue reported in the preceding year's return included the nominal revenue fixed on maáfi villages for cess purposes. This mistake has been corrected, and only the revenue actually paid to Government is now shewn.
- 6. In all, 8,774 cases and 233 appeals were filed in the temporarily-settled districts; 1,060 of the former and 27 of the latter remained to be disposed of at the close of the year.

I.—Measurement.
(a) Temporarily-settled

districts.
(b) Permanently-settled districts.

II.—Inspection.
Temporarily-settled dis.

III.—Assessment.
Temporarily-settled districts.

IV. - Judicial work.(a) Temporarily-settled districts.

(b) Permanently-sottled districts.

7. Altogether 22,924 original suits and 571 appeals came up for disposal in the permanently-settled districts. Of these 19,069 and 516 respectively were disposed of, leaving 3,855 cases and 55 appeals pending. Case work was heaviest in the Jaunpur district.

V .- Records.

(1) Maps.

- 8. The work under this head will be noticed under (1) Maps, (2) Record-of-rights, consisting of the following papers:—
 - (1) Khasra, (2) Jamabandi, (3) Khewat, (4) Wajib-ul-urz.

9. As last year, work under this section is classed under two heads:—(a) Maps of the cadastral survey, reproduced by photo-zincography and lithography; and (b) maps of the settlement survey traced in Board's Office, reproduced (lithographed) at the Government Press, North-Western Provinces and Oudh.

The progress made in the reproduction of the village field maps by the Survey. Department is shown in the following table:—

District.	Number of villages.	Number of sheets,	Number of sheets photo- zinco- graphed during the year cuding soth June, 1881.	number of sheets photo- zinco- graphed	Number of sheets zinco-graphed or lithographed during the year ending 30th June, 1881.	number of sheets zinco- graphed or litho-	number	Total number of sheets remain- ing to be printed on 30th June, 1881.	Remarks.
1	2	3	4	5	6	7	5, 6, and 7 com- bined.	8	9

Mirzapur, Tarái	1,794 20	1,9 2 0 40	437 	4 72	449	4 57	 3 58	991 40	present the present the present state of progress of the survey of these districts.
Total	11,278	14,371	3,084	8,253	1,279	1,488	10,956	3,415	

(a) Includes 178 sheets returned short last year. (b) Includes 1,215 sheets lithographed at Allahabad.

In this statement are shown 20 villages more of Tarái district, comprising 40 sheets. In the last statement Tarái was shown as nil.

The total number of sheets printed to end of 30th June, 1881, are 10,956: those printed during the year are 3,084 sheets photo-zincographed and 1,279 sheets zincographed or lithographed; total 4,863 sheets.

The work of the Board's Office in tracing for lithography the field maps of the settlement survey is shown in the following table—

District.		Number of villages	Numbe	r of maps t	raced.	Number of maps printed.

^{*} Includes 200 maps of Azamgarh traced and printed in July, 1881. This completes the district of Azamgarh.

In this year there were traced in the office of the Board 539 field maps of Azamgarh (including 200 maps traced and printed in July), 925 of Budaun, 814 of Sháhjahánpur, 662 of Bareilly, 327 of Meerut, 109 of Saháranpur, 174 of Dehra Dún, and 91 of Bulandshahr; total 3,671 maps.

Three thousand six hundred and ninety-eight maps (including 200 of zila Azamgarh completed in July, 1881) of the settlement survey village field maps drawn on the yellow transfer or lithographic paper in Board's Office were printed (lithographed) at the Government Press.

The cost of tracing and drawing on the yellow transfer paper in the Board's Office has been Rs. 2-15-5 per map against Rs. 2-8-9 of last year, or Rs. 4 at the commencement of the work. The cost of tracing 100 fields or plots has been Re. 0-9-3 against Re. 0-8-8 of last year. These rates include tracing first with pencil and then with transfer or lithographic ink, as well as examination. The Meerut division maps were corrected up to date and sent, and not being fair copies, elaborated the work in the Board's Office. Some of the maps also were mounted or backed with cloth, which retarded facility in tracing, and therefore a partial enhancement in the usual average rates is perceptible, which is merely nominal.

Azamgarh district as at present constituted, comprising 14 parganas and 5,553 villages of the settlement survey, has been completed

10. In Bánda the records for all the five parganas have been completed in rough and those of Bánda and Pailáni have been faired out. There remained to be faired at the end of the year—

(2) Record-of-rights.(a) Temporarily settled districts.

234	copies of the	khasra,
234	ditto 🛭	jamabandi,
300	ditto	wajib-ul-urz,
234	ditto	khewat.

of which the greater portion relate to pargana Augasi.

The copying and filing of records has been completed in pargana Bánda and nearly so in pargana Pailáni. Much still remains to be done in the remaining three parganas. All the records of pargana Darsenda have been faired and copied. Fair progress was made in fairing and copying the records of pargana Chhibu. In addition to this, all the khasras of pargana Tarohan have been faired and copied.

11. Jaunpur.—Good progress has been made in the preparation of the several papers in rough as also of the first fair copies, as compared with the results of the preceding year and in view of the exceptionally heavy amount of case-work for disposal during 1880-81. More than one-half of the records for the district as a whole are still in an unfinished state. Copying work commenced in the year under report in tabsil Machlishahr.

Gházipur.—302 khasras, 214 jamabandis, and 1,040 khewats were prepared in rough during the year. The preparation of the weib-ul-urz in rough, as also the fairing and copying of all the records, remain to be done.

Mirzapur.—Last year only 20 khasras, jamabandis, and khewats had been prepared in rough. In the year under report the number has been as follows:—

Khasras.	$oldsymbol{J}$ amabandis,	Khewate
466	219	204

Great deal remains to be done.

Ballia.—The work has only just commenced in this district.

12. The subjoined table shows the parganas as well as the notifications closing settlement during the year:—

District.		Pargana or tahsil o which the settlemen was closed.	nt	Number	and date of notifica- closing settlement.	Remarks.
Hamirpur		Whole district.		1,981	2nd December, 1880,	With effect from 3rd November, 1880.
Bánda	5	Bánda (tahsil) .		2,116	27th ditto 🟎	Ditto 1st January,
	<u> { </u>	Pailani (ditto)		472	31st March, 1881	Ditto 1st April, 1881.

(b) Permanently-settled districts. 13. In conclusion, I am to enquire if Government think it necessary to retain this report on the list of annual reports. The only settlement operations properly so called now being carried on in the provinces are those of Karwi, and the Settlement Officer will shortly submit his final report on these. Pending the receipt of the final reports, the Board can, if Government approve, notice the progress of the revision of papers in Gházipur, Ballia, Jaunpur, and Mirzapur, in their annual administration report. The reasons which led to the Settlement Report being submitted as a separate report seem for the present to have ceased to be in force.

I have the honor to be,

SIR,

Your most obedient servant,

J. S. MACKINTOSH,

Secretary.

ABSTRACT OF DISTRICT REPORTS.

TEMPORARILY-SETTLED DISTRICTS.

BANDA.

Area		•••	***	***	101	1,817)	
,,	surveyed	***	***	***	***	1,817 (square miles.
"	inspected		***	•••	***	1,817	aduare mites.
••	assessed	***	•••	***		1,817)	

Measurement, inspection, and assessment were all completed prior to the year under report.

Case-work was, as in previous years, heavy. But out of 6,769 cases and 96 appeals only 918 of the former and 8 of the latter remained undisposed of at the close of the year.

The records for all five parganas have been completed in rough and those of Bánda and Pailáni faired out. There remained to be faired at the end of the year 234 khasras, jamabandis and khewats and 300 wajib-ul-urzes. The copying and filing of records has been completed in pargana Bánda and nearly so in pargana Pailani; much still remains to be done in this direction in the remaining three parganas. But Mr. LaTouche is alive to the necessity of pushing on the work to completion as rapidly as possible, and it is expected that the work will be finished by December, 1881.

The charges during the year amounted to Rs. 1,25,465, giving a cost of Rs. 8,92,179 from commencement of operations.

KARWI (SUB-DIVISION OF BANDA).

Area	a.	***		***	1,133)
"	surveyed	•••	14 1	•••	1,133	square miles.
,,	inspected	•••		•••	1,133	Spidano minos.
	assessed	•••		***	674	,

The remaining pargana of Tarohan, with an area of 293,877 acres, was inspected during the year under report.

Pargana Chhibu was assessed during the year. Tarohan is the only pargana remaining to be assessed. One hundred and forty-two cases and 19 appeals remained undisposed of at the close of the year out of a total of 2,005 cases and 137 appeals. On the whole, fair progress was made in fairing the records of parganas Darsenda and Chhibu, in both of which the assessments have been declared. In addition to the above, all the first fair copies of the khasras in pargana Tarohan were completed. The remaining records of pargana Darsenda were copied and filed in the past year. The greater portion of the records of pargana Chhibu were also copied, but none were filed. The cost of settlement, including cadastral survey charges, has been from commencement of operations Rs. 2,28,712.

PERMANENTLY-SETTLED DISTRICTS.

JAUNPUR.

Area	***	•••	***	•••	1,553 square miles.
•••	surveyed	***	401		1,553 \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \

Work in the permanently-settled districts is confined to survey and preparation of records-of-rights.

The area remaining over at the end of 1879-80, consisting of 301,888 acres, was surveyed in the past field season, and the measurement of the entire district thus

completed. The whole of the maps, however, had not been supplied to the Settlement Department. At the end of the year there remained an area of 246,213 acres for which maps had not been furnished, but Mr. Addis expects to receive them soon.

Case-work is very heavy in this district. Hundreds of quite extinct and half-forgotten claims are revived on the bare chance of some small benefit being secured. Out of 14,798 cases and 467 appeals, 28 of the latter and 1,994 of the former were pending at the close of the year.

Good progress has been made in the preparation of the several papers in rough as also of the first fair copies as compared with the results of the preceding year and in view of the exceptionally heavy amount of case-work. More than one-half of the records as a whole are still practically in an unfinished state, though the maps for 797 villages out of a total of 3,211 had not been supplied to the Settlement Officer by the Survey Department when the year closed.

The expenditure during the year, inclusive of cadastral survey charges, amounted to Rs 1,09,735.

GHAZIPUR.

Area
$$1,475$$
 square miles. ... $1,263$

The Survey Department completed during the year under report an area of 525 square miles. The area remaining to be surveyed is 212 square miles and lies entirely in the Korantadih tahsíl.

The completion of the khasras, the attestation of jamabandis, the preparation of the rough wajib-ul-arzes, and the final testing of the khewats remain to be done. These operations will be concluded by the end of December, 1881, or early in January, 1882. There will then remain the fairing work only to be completed.

The number of cases pending at the close of the year was 1,007 out of a total of 3,189, and the number of appeals 11 out of 50.

The cost during 1880-81, including cadastral survey charges, was Rs. 84,312, and the expenditure since the commencement of operations Rs. 1,96,711.

During the year under report, as in the preceding year, the chief work of the Settlement Department has been demarcation preparatory to survey, and in this respect considerable progress has been made. There remain now about 25 villages to demarcate.

Seven hundred and forty-six maps were supplied by the Survey Department during the year, and there still remain nearly 3,000 maps to be supplied.

The records prepared in rough were 466 khasras, 219 jamabandis, and 204 khewats. Progress in this respect has not been rapid owing to the delay in the receipt of the maps and the scattered situation of the villages for which maps have been supplied.

Out of 3,443 cases and 31 appeals 544 and 16 respectively were undisposed of at the close of the year.

The cost during the year amounted to Rs. 71,771.

BALLIA.

Area		. 704	•••	***	*1,144 }	sanare	miles
92	surveyed	***	***	•••	ر 87	ndmm	*****

This is the first year of settlement, and the work so far is only in its initial stage. Village boundaries were demarcated in parganas Lakhnesar, Kopachit, and Ballia,

^{*}This includes the area of parganas Sikaudarpur and Bhadaun, the revision of settlement of which took place with the Azamgath district.

and trijunction pillars have been fixed in Lakhnesar and Kopachít and a portion of Ballia. The Survey Department made the exterior survey of parganas Lakhnesar and Kopachít only.

In connection with an enquiry into the liability to assessment of certain lands recovered for Tal Suraha and of certain diara lands north of the Bahera Nala in pargana Kharid, the Survey Department undertook the interior or field survey of 85 villages—37 surrounding Tal Suraha in parganas Ballia and Kharid and 48 north of Bahera Nala in Kharid. Of these the map traces were received before the close of the year, and the work of preparing the khasras, &c., of these villages is in hand.

The chief judicial work was the disposal of boundary disputes.

In all 1,494 cases were instituted, of which 310 were pending at the end of the year. Twenty-three appeals were instituted and disposed of during the year.

The cost was Rs. 4,280.

ORDERS OF GOVERNMENT.

No. 64 of 1882.

FROM

THE SECRETARY TO GOVERNMENT,

N.-W. PROVINCES AND OUDH,

To

THE SECRETARY TO THE BOARD OF REVENUE,

NORTH-WESTERN PROVINCES.

DATED CAMP LUCKNOW, THE 12TH JANUARY, 1882.

SIR,

REVENUE DEPT.

- I am directed to acknowledge your letter No. $\frac{336}{1.132}$, dated the 7th November last, with which the Senior Member submitted the annual report on the progress of settlement operations for the agricultural year ending the 30th June, 1881.
- 2. In the Board's letter No. 371/1.132, dated the 9th December last, the correctness of the figures in the printed report was certified to; but apparently the appendices were not carefully scrutinised, as will be evident on inspection of the corrected copy herewith forwarded. The mistakes indicated on pages 17A., 19A., 20A., 21A., and 22A., should be corrected in all the copies in the Board's office.
- 3. The chief features of the year's operations appear to have been as follows:—

In the temporarily-settled districts no measurements were made, as all had been completed. The only inspection made was that of pargana Tarhawan in Karwi, with an area of 293,877 acres. Pargana Chhibu in Karwi was assessed at Rs. 1,09,360 rising to Rs. 1,09,470, a decrease of 1.4 per cent. on the former assessment. Pargana Tarhawan remained for assessment.

- 4. Judicial work.—There were for disposal in Bánda 6,769 cases, and in Karwi 2,005. At the close of the year there were pending in Bánda 918 cases, and in Karwi 142. There were 96 appeals to the Settlement Officer in Bánda, and 137 in Karwi. These were all disposed of, except 8 in Bánda and 19 in Karwi. In Bánda, the number of cases decided otherwise than on their merits, i.e., 2,886 against 2,965 decided on their merits, seems large. In both districts the bulk of the cases related to proprietary right and cultivating right, and were connected with the preparation of the record-of-rights.
- 5. Records.—Maps.—The Survey Department has printed 2,929 sheets, which complete the Agra district, and 2,864 sheets for Bánda, leaving 465 still to be printed. The Board's office has lithographed during the year 3,698 sheets, and there remain 7,408 sheets in the following districts:—Sháhjahánpur, Budaun, Bareilly, Meerut, Saháranpur, Dehra Dún, and Bulandshahr. The cost of tracing and drawing on transfer paper has been Rs. 2-15-5 per map.

- 6. Records-of-rights.—Good progress has been made in copying the records. About 1,000 copies have still to be made, chiefly in pargana Augási.
- During the year settlement operations were declared closed in the whole of the Hamírpur district, and in the Bánda and Pailáni tahsíls.
- It is hoped that in Bánda all the records will have been faired and filed by the end of the current year. The charges during the year were Rs. 1,25,465, and the total cost since the commencement of operations has been Rs. 8,92,179.
- In Karwi, the total charges up to the close of the year, including those for cadastral survey, have been Rs. 2,28,712.
- In the permanently-settled districts the following results have been obtained:—

The whole of the Jaunpur district has been measured. In Ghazipur, 333,965 acres have been measured, and there remain 135,680 acres. In Mirzapur, 417,280 acres were measured, leaving 2,648,320 for future survey. In Ballia, 55,680 acres were surveyed, leaving 411,981 acres.

11. JUDICIAL WORK.—The number of cases for disposal and the num-ARIBEITA

ber still pending were—

District:			9	$For\ disposal.$	Pending.
\mathbf{J} aunpur				14,798	1,994
Gházipur		1 124. 115.		3,189	1,007
Mirzapur	•••			$3,\!443$	544
Ballia				1,494	310
			į.		Barreran
		Total	• • •	22,924	3,855
		सन्प्रमेन मधने		-	

(In appendix V. the Board give the totals at 23,170 and 4,099, respectively.)

12. The number of cases decided on their merits and otherwise was as follows:-

District.				On merits.	Otherwise.
Jaunpur	1	***	* * *	10,535	2 ,269
Gházipur		* * *		659	1,523
Mirzapur	* * *			457	2,442
Ballia		,	• • •	196	988
		Total		11,847	7,222
				The state of the s	

(In appendix V. the Board give the "total on merit" at 11,849.)

In this respect there is a notable difference between the result in Jaunpur and those in the other districts.

13. Records.—Maps.—The Survey Department has printed the following maps:—

Jaunpur	***	* * *			2,462
Gházipur	- • •				1,772
Mirzapur	•••	• • •	if #	• • •	929

There remain to be printed 989, 930, and 991 maps, respectively. No maps have yet been printed for Ballia.

14. Records-of-rights.—These are in the following state:—

In Jaunpur, more than half the records are still unfinished, but progress has been good.

In Gházipur, all the testing, &c., will, it is hoped, be completed by the beginning of 1882, and then copying only will remain.

In Mirzapur, progress has been slow. The records prepared in rough were 466 khasras, 219 jamabandis, and 204 khewats.

- 15. The cost of survey operations in the permanently-settled districts during the year was Rs. 2,70,098, giving a total since the commencement of Rs. 5,64,865.
- 16. His Honor approves the Board's proposal to discontinue the submission of this report. The settlement of Karwi will soon be finished, and the progress in the permanently-settled districts can be noticed in the Annual Revenue Administration Report.

I have the honor to be,

Sir,

Your most obedient servant,

C. ROBERTSON,

Secretary to Government,
N.-W. Provinces and Oudh.
